> > "I believe the best work neu-

trals can do for the moment is to try to prevent a war like this from happening again. If the nations had been united in such an agreement and prompt resolution to in-sist in 1914 that the dispute must be referred to a conference of The Hague, that the Belgian treaty must be observed there would have been no war Nations fighting for their existence, with daily increasing prospects of seeing victory brought nearer, still knowing that if they stop short of victory they stop short of everything for which they are struggling, cannot be expected to spend much time think-ing about what might happen after victory is secured. But the neutrals can do it. I observe that not only President Wilson, but Mr. Hughes is supporting a league, started, not with the object of interfering with the belligerents in this war, but which will do its part in making peace secure in the future.

Must Have Adequate Force. "It is a work of neutral countries to hich we should all look with favor nd hope. Only, we must bear this in aind, if the nations after the war are ble to do something effective by bindg themselves with the common obect of preserving peace, they must be repared to undertake not more than hey are able to uphold by force, and o see, when the time of crisis comes, at it is upheld by force. "The question we must ask them is his: 'Will you play up when the time omes?' It is not merely the sign

namual of presidents and sovereis that is really to make that worth while it must also have behind it parliament and national sentiments. "Supposing the conditions of 1914 oc xistence. Everything will depend up

esources of science is the prospect which threatens civilization and the exstence of the race itself.
