# BE SUSPICIOUS OF

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines

Gradually the gums become spongy They inflame, then shrink, thus exposing the unenameled tooth-base ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced ma to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious con-So watch carefully for that first tenderness or bleeding of the gums Try Forhan's immediately. It pocitively prevents Pyorrhea (Riggs' Dis-case) if used in time and used con-

sistently. And in preventing Pyorrheaguards against other ills. Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treat-35c and 60c tubes. All Druggists.
