EXPENSE LOOMS FOR SWIM POOL

Question Arises as to Whether Thames Comes Under New Order-in-Council

RULINGS STRICT

If open-air swimming pools come within the scope of an order-incouncil recently issued by the provincial board of health then a considerable amount of money will have to be expended on Thames Park swimming pool before it can be opened to the public next year. Such was the opinion expressed to The Advertiser this morning by the

manager of the public utilities, who stated further that free swimming pools could not be conducted in the city under the new regulations unless the appropriation for play-grounds was largely increased by the

Since Thames Park is "a pool inviting public patronage" the order, without doubt, will apply in its en-

Section 3 requires that "provision shall be made for the effective cleansing of the person of all bathers before entering the pool and the use of such provision shall be compulsory.

Section 4 refers to "clean water in the pool as being "new, clean water used to refill the pool, new clean water used to replace lost by splashing or during cleaning, or water taken from the pool and re-turned after effective filtration."

Section 5 requires what actually necessitates filtration of the water:
"The water shall be reasonably free from all the shall be reasonably from the shall be reasonably fr from algae growths and sufficiently clear to permit a black disk, six inches in diameter, on a white field, when placed at the bottom of the pool at the deepest point, to be clearly visible from the sidewalks of the pool at all distances up to ten yards

measured from a line across the pool through the disk." Section 8 requires that "there shall maintained in connection with every swimming pool sanitary conveniences, located adjacent and opening into the dressing or shower bath

Section 9 requires that "the con section for re-circulation of water in pools shall be made at a point which will permit of the effective drainage of the floor of the pool, and every pool shall be provided with a scum gutter to preclude the re-entry of

drainage.
While agreeing that all the requirements were good, Manager Buchanan pointed out that they would necessi-tate the expenditure of considerable ticularly with regard to the filtering of the water and the construction of money at Thames Park pool, parshower baths, lavatories and scum

CONSTABLE ON TRAIL OF CREAMERY THIEVES

Officer Wharton Reports Chain of Evidence Growing Stronger.

High Constable Wharton is on the trail of the thieves who robbed the creamery at Kerwood last week of

00 pounds of butter. Interviewed this morning as to deconstable stated that a chain of evidence was being assembled rapidly, and that it would not be long until arrests were made. The nature of the developments was not for publication at the present time, Mr. Wharton

Thieves broke into the creamery late Tuesday night or early Monday morning and removed the butter in a They also broke into the N. R. station and turned things socks, which they threw away in an

day affair, commencing tomorrow.

BISHOP "WHO ATE HIS BOOTS" ATTENDS SYNOD GATHERING

Case Being Tried by Judge Ross.

Special to The Advertiser.
St. Thomas, Sept. 22.—As a result of a serious auto collision last May, in which Mrs. William Stevenson of Fingal was seriously injured, Michael McNearney of New York was placed on trial at the court house today, before Judga Ross, charged with driving a motor car while under the influence of liquor.

The evidence showed that Mr. and Mrs. Stevenson, with their three daughters and James Lethbridge, were driving from St. Thomas on a Saturday evening between 9 and 10 o'clock, when a large car met them near Middlemarch on the Fingal road, striking the Stevenson car on the inside wheel, causing it to turn over.

When for instance, he was asked at Fingal, and in company with his about the attempts made to kill him rother John was driving toward the by the Eskimos, he dismissed it with: All Right Now.

"Oh. yes, they did say something of that sort, but it was all right, and everything is fine now. They were just savages then. Now they are thristians, and we get along very The story of the whale hunt is

GIRL NOW ADMITS STORY WAS FALSE

Leyda Smith May Face Charge of Theft at Tourists' Camp.

FEARED PARENTS

Leyda Smith of Newbury, the young girl of 16 who told High Constable Wharton and others an "air-tight" story of a battle with white slavers from Detroit, now admits that her story was a fake from start to finish and that it was told to cover up the fact that she had spent the night at Nathaniel Currie's tourist camp near Newbury.

In fact it is yet an open question ive at the league of nations, who has as to whether Leyda will be charged with the theft of two dresses, a pair which she claimed had been lost by the woman member of the "white slave gang" in the terrific struggles that had ensued (but only in Leyda's mind).

High Constable Wharton stated today that the dresses had been recovered and that the repentant girl had confessed everything to her father and Reeve Holman of Newbury. Any charge of theft will have to be laid by Mr. Currie, the high constable

"I have not seen the girl myself and do not know just what was said," declared Mr. Wharton, "but I was told that she had confessed that the story was untrue. "She did have bruises on her arms
