THE TOPICS DISCUSSED AT THE CITY HALL YESTERDAY.

The Mayor Making Promises For Next Year-The City As a Coaldealer-Societies Ask For Money-Have the Accounts Been Bungled !- The Prittie

Award. The question of the establishment of fuel yards was discussed at some length at yesterday's meeting of the Executive Com-

Ald. Crawford's sub-committee reported

Ald. Crawford's sub-committee reported against the proposition.

Mr. Phillips Thompson, representing the advocates of the scheme, said the opinion of the City Solicitor that the yards could not be established without first the assent of the people and secondly the necessary legislation, placed the matter in much the same position as the question relating to the change in the system of taxation to be submitted Dec. 29. He held that the dealers in Toronto had combined to unduly increase the price of coal.

The Mayor: I thought the coal dealers were all religious. (Laughter.)

Ald. Haliam: Well, I find that some of those who pretend to be religious are often the very worst men. [Laughter.]

Mr. Titus, President of the National Society, adduced figures in support of his contention that the price of coal was unduly high here. In Newmarket the retail price was \$6,25; in Trenton one firm bought at \$5.75; in Deseronto \$5.50 to \$6 was the ruling prices; in Oakville the Board of Education paid \$5.35, and private consumers were paying \$5.50. "The dealers claim that it takes 60c. to lay coal down here. Now, reasoning on this basis, it would cost \$7 at Deseronto."

Ald. Bell held that business men would want to know specifically what coal could be laid down in the yards here.

Ald. Leslie said that if the same conditions controlled the price of coal everywhere why was it that prices, as a rule, were relatively lower in some places than in Toronto? "There must be something wrong." He moved that the question of establishing coal yards be summitted to the people.

An Election Promise.

An Election Promise.

The Mayor held that the people could not intelligently vote on the question unless they knew what coal would cost laid down here.

concurred in and the clause was struck out.

That Prittle Award Once Again.

It is recommended that Mrs. Prittle be offered, without prejudice, the sum of \$13,000 over and above the amount of the award, as already determined, with interest to date, making in all the sum of \$55,000, for all the land referred to in said report, free from incumbrances, and that the land in question be utilized for park purposes as an addition to Bellwoods Park.

This clause in the report of the same cor This clause in the report of the same committee caused a spirited discussion and was referred back on motion of Ald. Lamb for the purpose of getting further information. The vote was a tie when first taken, the Mayor refraining from voting.

"Let us all vote," said Ald. Hallam, "the Mayor has not voted."

"I have not sufficiently considered the matter," said His Worship, and it required the casting vote of the chairman to carry the motion.

The Poor Always With Us.

Rev. John Gillespie, Rev. D. J. Macdonnell and Messrs. A MacMurchy, J. Scott and S. Alcorn appeared as a deputation from the Board of Management of the House of Industry. They pointed out that in about three weeks their funds would be exhausted. The estimated expenditure for the four severest months of the winter, based on the experience of previous years, would be \$14,693. At this calculation there would be a deficit of over \$10,000 at the end of the winter. It was asked that the city guarantee the payment of all liabilities incurred after present funds were exhausted. The Poor Always With Us. were exhausted.
Ald. Hallam: Have you any workingmen

on your board?

Rev. D. J. Macdonnell: Yes; we're all workingmen. I work 18 hours a day. There are no day laburers on the board.

"Well, don't you think it would give more confidence if the Trades and Labor Council was represented thereon?" persevered Ald. Hallam.

Hallam.
Ald. Macdonald: Is the rumor true that those asking for aid are debarred unless they profess some form of Christianity?
Rev. D. J. Macdonnell: Certain questions are asked as to religious belief, but it is merely for the purpose of gaining information. No man is debarred from aid be he Pagan, Lower asything also

Jew or anything else.

The Mayor said he had the highest opinion of the House of Industry, but at the same time he held that no final decision should be arrived at until the city relief officer had made his report. The committee so decreed.

The application of Mr. John Boyd for a position in the city's employ was referred to the City Clerk, with a request to give him the first vacancy.

Was There a Misappropriation? Secretary Clarke of the Committee on Works reported that the City Clerk had been charging to the appropriation of the committee accounts for stationery, advertising, etc., that should have been charged against the local improvement account. He claimed that some \$3000 had been wrongfully pharged

There is a dealer in this city who is selling coal at \$6. He told me that at \$6 a ton he netted \$25 cents a ton, allowing for bad debts.
