LOGAN, W. Va., August 31 .- Airplanes to-day distributed copies of President Harding's proclamation throughout this district. Flying eastward the planes crossed Boone and parts of Kanawaha counties dropping

the circulars. In Logan the night was one of great activity. Conferences between state officials and county authorities were held; rifles were cleaned and stacked in the courthouse corridors and a thousand "defenders" held themselves in readiness to march.

Sheriff Chafin this morning annou ed that overtures to effect the release of prisoners now held in Mingo County in return for the freedom of four Logan County officers, held by the armed bandits on the Boone side of the border, had been made to him. He said he was at first informed the Logan men would be released if assuran were given that the bands would not be fired on. He agreed to the truce, he said, and waited until midnight, the hour agreed on for their release. They did not appear, however, and he later learned that the bands were insis that the Mingo County prisoners first must be released, the terms being 10 prisoners for one deputy.
