

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—“I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish.”—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice,—it will be confidential.

Is War Punishment?

It has been a favorite doctrine all through the centuries and with all religions, that war pestilence and other calamities were sent by God or the gods as a punishment for wrongdoing. It would be impossible to prove or to disprove this, but it matters little when it can be shown not only that war may come, but will come if men and nations continue to live along the materialistic lines of jungle law in things international and things industrial and social. If men continue to live in accordance with the law of might is right, in international affairs, not only may we have war as a result, but we shall have war as a result, not only military one but also industrial war. If we live according to the jungle law, "it must follow as the night the day" that we shall live in the jungle. Nothing is surer. What people sow, that shall they reap. If they sow living to self in international affairs and in industrial and social affairs, they will reap strife. They will reap war. It matters not if they have treaties,

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

treaties will be broken if it comes to a matter of life or death.

And if the peoples of the world do arrange things on a new foundation in international affairs. If they decide that in that field shall not be the supreme right. That small states as well as great states shall be involved. That no state shall be conquered by force and governed by another against its will. That each state will be allowed to work out its own salvation without interference and without pressure. Then why should the people of any particular state not adopt a similar rule for operation among the individuals of that state? Why should the law of the jungle be eliminated from international affairs, and left to hold sway in national affairs, in industrial affairs, in social affairs? If the law of the jungle remain the law of nations, we shall continue to have military war. If the law of the jungle remain the law of relations among the people of a nation, we will still have industrial and social wars. War may not be sent by God or the gods, but it will come to individuals and to nations if this law of relationships is not changed.

Twelve Weeks on Ice Floes

London, June 2.—A long dispatch from Lieut. Sir Ernest Shackleton, who has arrived at Port Stanley, Falkland Islands describes the misfortunes which overtook his Antarctic expedition. His ship, Endurance, was pierced by icebergs and sank in the Weddell Sea on November 20, having been abandoned by all hands on October 27.

Shackleton and his crew reached Elephant Island on April 12 in boats in the drift ice, several of the party being then on the verge of physical collapse.

Miffler's Worm Powders will not only expel worms from the system, but will induce healthful conditions of the system under which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain, and there can be no comfort for the little one until the cause of suffering be removed, which can be easily done by the use of these powders, than which there is nothing more effective.

Mail for Lambtons 149

All mail for soldiers in the 149th Battalion should be addressed in care of the Field Post Office, London, Ontario. To avoid confusion and to ensure prompt delivery the address should contain the following information: Regimental No., Rank, Name and Company to which the soldier belongs. Example:

Pte. James Peterson,
No. 844345, A Co.,
149th Os. Bn., C.E.F.,
Field Post Office,
London, Ontario.

Petrolia June 1.—Mr. and Mrs. Thomas Steadman, of the town line, celebrated their golden wedding yesterday at the family residence. The wedding party, consisting of the family and intimate friends, was held in the afternoon, followed by a public reception in the evening. Luncheon was served in a tent on the lawn, in the serving of which some took part who did like service for the same couple 50 years ago.

Chatham June 1.—Six persons were taken in a raid made by the county and city police late last night on the Idelwild Hotel. The sextet are suspected by the police of soliciting orders for photo enlargements and then decamping with the first payments. This fake game has been worked in the county on different occasions with disastrous results for the farmers.

Asthma Overcome. The triumph over asthma has assuredly come. Dr. J. D. Kellogg's Asthma Remedy has proved the most positive blessing the victim of asthmatic attacks has ever known. Letters received from thousands who have tried it form a testimonial which leaves no room for doubt that here is a real remedy. Get it to day from your dealer.

When pens are hung point downward on a recently patented rack the surplus ink is shaken off against a piece of blotting paper.

Chinese railroad embankments are protected from floods by planting them with a native grass with tenacious roots that resist erosion.

The strength of tungsten filaments has been increased more than 300 per cent. since they began to be used for electric lighting in 1908.

The ease with which corns and warts can be removed by Holloway's Corn Cure is its strongest recommendation. It seldom fails.

Demonstrative.

Old Lady (speaking of her late husband)—I mind the last time we was out together, and he turns round and sez, so kindlike, "Come along, old draggle tail!" he sez.—London Tit-Bits.

Helping Him.

Student (writing home)—How do you spell "financially?" Other—"F-i-n-a-n-c-i-a-l-l-y," and there are two r's in "embarrassed."

Industry supplies the want of parts; patience and diligence, like faith, remove mountains.—William Penn.
