REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market--because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is all medicine--100%. Ordinary ointments are 5% medicine and the balance animal fat.

The superiority of Zam-Buk is proved by the many cases of chronic skin trouble and old sores which yield to the power of Zam-Buk after all other treatments have failed.

The unusual power of penetration which Zam-Buk possesses enables it to reach the underlying tissues, where skin troubles have their "root." Then the germicidal properties in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the seat of the trouble, but has only healed over the outer skin. Zam-Buk, on the contrary, uproots skin disease, and the cure is complete and permanent.

Zam-Buk should always be used for eczema, ringworm, scalp sores, pimples, abscesses, ulcers, blood-poisoning, bad leg, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.
