

No better wire fence built than the Casey Diamond Grip, Pat. Just the thing for farmers—neat, strong, and durable. Will last a lifetime, barring accidents. Uses only straight wires, with so little depression as not to cause the galvanize to crack or peel. If a dealer wants something better to handle than he has had let

him try it. We also supply the Double Lock Wire Fence, which is claimed by some to be second to none, the lateral wire of which, as well as the upright stay, being crimped at joints. Our agents build either on premises. Agents wanted everywhere in Canada, to whom sole territory will be allotted. County and township rights for sale. Our Gas Pipe Frame Gate takes the lead. No better or cheaper place in the city to get plain or fancy turning done. Call on, or address,

# USE Queenston Cement . . FOR BUILDING

CONCRETE OR OTHER WALLS, CISTERNS, STABLE FLOORS, HOG TROUGHS, ETC.

Write for prices and particulars. When parties use our goods, when necessary we will send a skilled man, at our own cost to give instructions how to build. Farmers can thus build their walls and save half the cost.

**There Is No Doubt About the MERIT of DEHORNING**

It cuts both ways, does not crush. One clip and the horns are off close. Write for circular. **A. C. BROSIUS, Cochraneville, Pa.**

## Why ? Because

Parties wishing a first-class Harrow will do well to write us direct, or apply to the local agent.

than is possible to use in any other make of Harrows, being too hard to permit of the bars being punched ; also, the clips are malleable and staples Lowmore iron, highly refined, with special forged nuts, making the Harrow first-class in every respect, therefore we can guarantee more than double the strength and wear in this Harrow than there is in any other make.

The flexibility of the Harrow enables it to adapt itself as readily to rough and uneven ground as to smooth, and the oscillating motion produced by its flexibility pulverizes the ground, and leaves it in a loose and more porous condition than any other Harrow, and it is made of the very best material money can buy for the purpose. The bars are made of

### HARD SPRING STEEL,

very stiff and strong, the hinges and teeth being of solid steel, all of which are of a higher grade

We claim for this Harrow no equal in its class.
