

# "POCONO" AND "PARADISE."

So many of our Mill Men and practical Sawyers have formed their opinions as to the quality of TANITE EMERY WHEELS for SAW GUMMING by a trial of one class only—our old and well-known CLASS 2 wheels—that we deem it necessary to call attention to the above comparatively new classes. All Mill Men should understand that there is no absolute and accepted standard as to Saw Gumming Wheels. The preference for one or another make is as much a MATTER OF TASTE as is preference for cheese, or wine, or music. Most of our competitors make but one class of Saw Gumming Wheels. We make FOUR, and there is about as great a difference among these four classes of Tanite Wheels as there is among the wheels of different manufacturers. It is quite probable that some who failed to be satisfied with our Class 2 may find some one of the other classes exactly what they want. It is equally probable that some who have been regular and well satisfied users of our Class 2 or 3 Wheels may be still better pleased with our "POCONO" or "PARADISE." We suggest your sending an order for four wheels, one each of Classes 2, 3, "Pocono" and "Paradise," in order that you may settle the question which does suit you best. We are furnishing the "Pocono" largely, and the demand is largely increasing. For the "Paradise" there is but a light demand, but it comes from experienced men. We also make a Special Class to suit the requirements of the AUTOMATIC SAW GUMMING MACHINES so largely used in the North-West.

## Patent Stitched—Steam Power Pressure, Stretched—Oak Tanned

**TESTIMONIAL.**  
ISA. GOULD & SONS, CITY MILLS,  
Nov. 15th, 1884.  
Harris, Heenan & Co.  
Dear Sirs:—Your Patent Sewed Belt has been in use in our City Mills for some time. We are thoroughly convinced of its superiority over any belt, American or Canadian, we have used in an experience of over 35 years. It stretches so little, and gives so little trouble, that compared with stretched belting, the sewed belt saves double its price in time and labor saved. We heartily recommend it to manufacturers as the cheapest and most satisfactory belt in the market.  
Yours respectfully,  
W. J. HAINSHALL,  
Foreman City Flour Mills.

**TESTIMONIAL.**  
PARK BERRY & Co., CASAL HOGSE SHOE AND  
NAIL WORKS, MONTREAL, 16th Nov. 1884.  
Messrs. Harris, Heenan & Co., Montreal.  
I have pleasure in recommending the belting manufactured by Messrs. Harris, Heenan & Co., of this city. After thoroughly testing it, I find it greatly superior to any belting that has come under my notice and fully equal to all they claim for it, and certainly without an equal for cross or double belting.  
CHAS. R. ELLACOTT,  
Supt. H. S. & H. N. Dept.

# LEATHER BELTING!

The Best, therefore the Cheapest, Belt in the market.  
Replaces, when used, all others.

More Pliable and Durable, especially at the splices.

Single equals medium double.

Stretches but little, always retains its original width.

Superior for Cross or Double Belts.

Runs straight and true, does not start at the laps.

25 per cent Stronger, 33½ More Lasting, and 12½ Heavier, than any other Leather Belt.
