

the depot at Port William, on the Euphrates; and the parts of the boiler of the steamer Tigris, and the diving bells, were being conveyed from the limits of the Egyptian territory by animals agreeably to the orders of Ibrahim, who, when at Aleppo, had readily assented to aid the expedition by sending orders to the volunteers in that district to supply oxen for the transit of the expedition across the country under his jurisdiction. Lt. Cleveland, who was charged with the service, was at Aleppo, detained by slight illness. The rest were in better order, but almost all of them, at one time or other, had been attacked by fever and ague, and nineteen men had died. Colonel Chesney was on a trip to Adana, Mamash and Orfa, in search of coal and supplies. Lieut. Lynch was in command of the expedition, which as the Euphrates steamer was already afloat and equipped, and the Tigris ready to be launched, it was expected would move down the river on the return of Colonel Chesney. The conduct of the Seraskier Ibrahim Pacha, both at Aleppo and Antioch, had been highly gratifying. The Columbine had conveyed to Syria four sappers and miners to join the expedition, and six of her crew had volunteered to join them.

The Journal of St. Petersburg announces the convention between Russia and Turkey as finally settling the account between the two states, by which Turkey is to pay to Russia by 27th August next, 80 millions of Turkish piastres once for all, and Russia is to evacuate Silistria.

Spain.—The last arrivals from Bilbao bring important intelligence (important from its giving a new, more decided, and energetic character to the conduct of the British Government with regard to the cause of the Queen of Spain) of Captain Lardge, of the Ringdove, having carried into strict execution the orders of Lord John Hay, to fire upon the Carlists whenever they came within range of the guns. The occasion was as follows.—A Spanish regiment, on its march from Portugalette to Bilbao, along the bank of the river, was suddenly attacked by a large body of Carlists, who had been lying in ambush, and in its first panic at the suddenness of the assault it retreated, but in the meantime the Ringdove opened her guns upon the Carlists, and by a well directed fire of round shot, canister, and grape, sent them quickly to the right about also; so that there was exhibited the rather ludicrous spectacle of the antagonist forces, the Carlists and the Christians, scampering away in contrary directions as fast as their legs could carry them. The news of this decided act of hostility and warfare of the British naval force against the Carlists was considered in Bilbao, as likely to lead to such important results, that the Spanish funds rose there considerably in consequence, and some speculators set out express for Madrid to take advantage of the circumstance.

TEXAN ARMY.—A GENERAL BATTLE SANTA ANNA AND COS TAKEN PRISONERS.—The following official document was issued two days after the battle. A. Houston who endorses it, is, we believe, a general officer, and brother of the commander-in-chief:—

Head Quarters, Army, }
April 23, 1836.

To the people towards Nacogdoches:

We met Santa Anna on the 21st; we attacked him with 800 men; he had 1100 infantry, 2 howitzers—we entirely routed his whole force, killed half of his men, and took the rest prisoners.—The history of war does not furnish a parallel to the battle. We had six killed and twenty wounded. I have no time or I would send on a full report. I will do that

in the course of to-morrow. I again call on my fellow citizens to come to the field; let us fall on and conquer the remaining troops, and our country is free, turn out at once, there is no excuse now; let us do the work at once.

Thos. J. Rush, Sec. at War.

I certify the above to be a true copy of the express just received from the Secretary of War, who was himself in the battle.

A. Houston.

TO BE PUBLISHED:

As soon as a sufficient number of Subscribers shall offer,

A NEW SELECTION OF
CHURCH MUSIC,

to be called

THE HARMONICON:

UNDER the impression that a work of the above sort, was much wanted in these colonies, the Subscriber issued a prospectus, in 1831. The work he then proposed publishing, was to contain about 350 pages, and to cost 7s. 6d. each copy; but finding the general opinion to be that the size was too large and expensive, he has now resolved to publish the HARMONICON in about 250 pages, and at the reduced price of 6s. each copy, and having imported a Fount of Music Type, thus removing the difficulties which formerly stood in his way of getting it printed in the Province, he is now enabled to assure those friendly to the proposed work, that the printing will positively be commenced as soon as 300 Subscribers shall offer.

The Subscriber being desirous of making the HARMONICON as extensively useful as possible, requests all those who are interested in its appearance, to send him a list of the Tunes they would wish to appear in it, and state the collection from which the selection is made, and, as no agents will be appointed, he farther requests the friendly offices of such individuals, in taking lists of subscriber's names in their respective places of abode, and forwarding these to him (post paid) with the least possible delay; and for every 12 subscribers, guaranteed by such Correspondent (if responsible) one copy will be given gratis.

A further allowance will be made to the trade, whose friendly co-operation is hereby respectfully solicited.
