

Scientific and Useful.

DRINK POTATOES.

The Rochester (N. Y.) Express says: "Lately a trade has been developed among some Rochester shippers about which little is known. It is the trade in dried potatoes. Potatoes are sliced up and dried in much the same manner as dried apples. One firm in this city has an order on hand now for fifty thousand pounds of these dried potatoes, as well as for fifteen hundred bushels of onions, which are dried in much the same manner. They are intended for the navy. A bushel of potatoes dries away to about ten pounds, and a bushel of onions to about six pounds. When ready, they are put into large tin cans, holding about forty pounds each, and sealed up the same as oysters."

WATERING HORSES AFTER MEALS.

It is the practice of many horsemen to give their horses no water until after they have eaten their allowance of food. Concerning this practice, a veterinarian writes: "A full drink of water immediately after being fed should never be allowed to horses. When water is drunk by them, the bulk of it goes directly to the large intestines, and a little of it is retained in the stomach. In passing through the stomach, however, the water carries considerable quantities of the contents to where it lodges in the intestines. If, then, the food of horses' stomachs is washed out before it is digested, no nourishment will be derived from the feed. In Edinburgh some old horses were fed with split peas, and then supplied with water immediately before being killed. It was found that the water had carried the peas from fifty to sixty feet into the intestines, where no digestion took place at all."

SPRUCE UP.

If you get a moment to spare, spruce up; put the gate on its hinges; put a little paint on the picket fence you built last year; trim up the door yard; make it cosy and inviting. Do not say you can find no time to attend to things. The fact is, you have no right to be slovenly. It can do you no good, but on the contrary, it will mar your peace, wound your self-respect, and impair your credit. Then, by all means, spruce up a little at odd times, and at even times, too, for that matter. It will make you feel vastly better, and maybe, a trifle proud of your pretty homestead.

MOLASSES PLUM CAKE.

Two cupsfuls of molasses, two cupsfuls of butter, six eggs, two cupsfuls of brown sugar, six cupsfuls of flour, one pound of plums, (juice and rind), two spoonfuls of ginger, other spice to your taste. Beat up the eggs very light and separately, add the spice, rub the butter and flour together, and if you choose, have it hot for dinner, with the addition of French sauce.

ITALIAN CREAM.

Put the juice of one lemon and the rind of two, to one quart of thick cream. Sweeten with half pound of sugar, and let it stand for half an hour. Add one ounce of isinglass dissolved in half a pint of water, till perfectly smooth and free from lumps. Strain the whole mixture through a fine sieve, and beat together for several minutes. Then put into a mold or molds, and when cold and perfectly set, turn out upon a dessert dish.

CHEESE FRITTERS.

Slice thin a half dozen large, tart apples, and prepare as many thin slices of cheese. Beat up one or two eggs, according to the quantity required, and season high with salt, mustard, and a little pepper. Lay the slices of cheese to soak for a few moments in the mixture, then put each slice between two slices of apple, sandwich style, and dip the whole into beaten eggs; then fry in hot butter, like oysters, and serve very hot. These fritters are an addition to any breakfast table.

FOR BREAKFAST.

For breakfast nothing is more appetizing, more thoroughly wholesome, and more nourishing to every part of the system than oatmeal, cracked wheat, hominy, or cereals of any sort, properly cooked, and eaten with milk, sugar, butter, and molasses, as tastes prefer. Light cakes, good bread and butter, clear coffee, stewed or fried potatoes, broiled ham, broiled steak, and fruit are appropriate for the morning meal. Having the elements of the feast provided, let mother or sister Alice take the trouble to give it, by a graceful touch or two, an air of a festival. A cluster of flowers, a brilliant dahlia, and a plume or two of feathery grass will give a welcome to the entering guests, even though they be only our own family—father, mother, and Fanny, and the children.

PRESERVATION OF WOOD.

For the preservation of timber from decay, so many and different methods have been introduced, that the best engineers and constructors appear to be in doubt as to which is on the whole to be preferred. It is, however, found that one of the most effective of these curious processes consists in subjecting the wood to a temperature above the boiling point of water and below 300° Fahr., while immersed in a bath of croscote a sufficient length of time to expel the moisture. When the water is thus expelled, the pores contain only steam; the hot oil is then quickly replaced by a bath of cold oil, by means of which change the steam in the pores of the wood is condensed, and a vacuum formed, into which the oil is forced by atmospheric pressure and capillary attraction. It is thought by some competent engineers that a wooden platform, thoroughly treated in this manner, would last twenty to thirty years, and prove superior to a stone platform during that entire period.

Soul Sight.—"Let it not trouble thee that thou art in want of eyes, with which even flies and gnats can see; but rejoice that thou hast the eyes with which angels see, by which thou, God is beheld, and his light received."

Dr. Pierce's Pleasant Purgative Pellets are so compounded from concentrated principles, extracted from roots and herbs, as to combine in each small granule, scarcely larger than a mustard seed, as much cathartic power as is contained in any larger pills for sale in drug stores. They are not only pleasant to take, but their operation is easy—unattended with any gripping pain. They operate without producing any constitutional disturbances. Unlike other cathartics, they do not render the bowels costive after operation, but, on the contrary, they establish a permanent healthy action. Being entirely vegetable, no particular care is required while using them.

\$500 Reward is offered by the Proprietor to any one who will detect in these Pellets any calomel or other form of mercury, mineral poison, or injurious drug. They are sold by Druggists.

Special Notices.

READ THIS TWICE.—Five to thirty drops of THOMAS ELECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and Contraction of the Muscles it is unequalled. In Rheumatic or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. Is worth its weight in gold. Why not buy it to-day?—A. B. Des Rochers, assistant postmaster, Arth. Baskaville, P.Q., writes:—"Thirteen years ago I was seized by a severe attack of rheumatism in the head, from which I have nearly constantly suffered. After having used 'Thomas' Electric Oil' for nine days, bathing the forehead, I have been completely cured, and have only used half a bottle. This I can certify under oath if you wish."—Rev. J. Mallory, of Wyoming, N.Y., writes:—"Dr. Thomas' Electric Oil cured me of Bronchitis in ONE WEEK." Dealers all over the country say, "We have never sold a medicine that has given such complete satisfaction as this."

Sold by all medicine dealers. Price 25 cents. S. N. THOMAS, Publishers, N.Y. And NORTHROP & LYMAN, Toronto, Ont., Sole Agents for the Dominion. Note—Electric—Selected and Electrized.

MAPLE GROVE, ANCASTER.

Messrs. W. G. Chute & Co. GENTLEMEN,—I feel bound by a sense of duty, and a desire to benefit my fellow-beings, to make known the wonderful effect of your Indian Rheumatic Cure has had in my case. I suffered from rheumatism for six years, and tried everything said to be beneficial without obtaining relief, and I come to the conclusion to try nothing more; but my husband hearing of your medicine wished me to try it, and with a doubting heart I tried one bottle, and I was so much relieved by it that I tried another, which completed the cure. I hope you will publish this, for these are facts, as many in this neighbourhood can testify. Hoping your medicine will reach every one afflicted, I remain, yours truly, Mrs. Wm. Scott.

Sold by all Medicine dealers. Price, pint bottles, \$1.50. Manufactured only by W. G. Chute & Co. Hamilton, Ont. [Advrt.]

GIROD'S CORTICINE!

Suitable for Offices, Dining and Billiard Rooms. It is known to be of great durability. Also a large assortment of BRUSSEL AND TAPESTRY CARPETS.

FITS! FITS! FITS!

CURE OF EPILEPSY, OR FALLING FITS, BY HANCOCK'S EPILEPTIC PILLS. Persons laboring under this distressing malady, will find HANCOCK'S EPILEPTIC PILLS to be the only remedy discovered for curing Epilepsy or Falling Fits. The following certificates should be read by all the afflicted, they are in every respect true, and they are read by any one who is not afflicted himself, if he has a friend who is a sufferer, he will do a humane act by cutting this out and sending it to him.

A MOST REMARKABLE CURE.

PHILADELPHIA, June 25th, 1867. BETH HANCOCK, Tailor, No. 127 S. 2d St. Philadelphia. I was induced to try your Epileptic Pills, I was attacked with Epilepsy on July 1863. I was a physician was summoned, but he could give me no relief. I then consulted another physician, but he could give me no relief. I then tried the treatment of another, but without any good effect. I again returned to my family physician, and he gave me several different remedies, but I was generally attacked, and without any preliminary symptoms. I had from 15 to 20 fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall from my bed, and several times I fell from my horse, and was severely injured several times from the falls. I was a great sufferer, and I had several different fits, and I was generally attacked, and without any preliminary symptoms. I had from 15 to 20 fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall from my bed, and several times I fell from my horse, and was severely injured several times from the falls. I was a great sufferer, and I had several different fits, and I was generally attacked, and without any preliminary symptoms. I had from 15 to 20 fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall from my bed, and several times I fell from my horse, and was severely injured several times from the falls. I was a great sufferer, and I had several different fits, and I was generally attacked, and without any preliminary symptoms. I had from 15 to 20 fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall from my bed, and several times I fell from my horse, and was severely injured several times from the falls. I was a great sufferer, and I had several different fits, and I was generally attacked, and without any preliminary symptoms. I had from 15 to 20 fits a day, at intervals of two weeks.
