

In the following bays, where the configuration of the coast and the local climatic conditions are such that foreign fishermen, when within the geographic headlands, might reasonably and bona fide believe themselves on the high seas, the limits of exclusion shall be drawn in each case between the headlands hereinafter specified as being those at and within which such fishermen might be reasonably expected to recognize the bay under average conditions.

For the Baie des Chaleurs the line from the light at Birch Point on Miscou Island to Macquereau Point Light; for the Bay of Miramichi, the line from the light at Point Escuminac to the light on the eastern point of Tabusintac Gully; for Egmont Bay, in Prince Edward Island, the line from the light at Cape Egmont to the light at West Point; and off St. Ann's Bay, in the province of Nova Scotia, the line from the light at Point Anconi to the nearest point on the opposite shore of the mainland.

For Fortune Bay, in Newfoundland, the line from Connaigre Head to the light on the southeasterly end of Brunet Island, thence to Fortune Head.

For or near the following bays the limits of exclusion shall be three marine miles seaward from the following lines, namely:—

For or near Barrington Bay, in Nova Scotia, the line from the light on Stoddart Island to the light on the south point of Cape Sable, thence to the light at Baccaro Point; at Chedabucto and St. Peter's Bays, the line from Cranberry Island light to Green Island light, thence to Point Rouge; for Mira Bay, the line from the light on the east point of Scatari Island to the northeasterly point of Cape Morien; and at Placentia Bay, in Newfoundland, the line from Latine Point, on the eastern mainland shore, to the most southerly point of Red Island, thence by the most southerly point of Marasheen Island to the mainland.

Long Island and Bryer Island on St. Mary's Bay, in Nova Scotia, shall, for the purpose of delimitation, be taken as the coasts of such bays.
