Emeraud Canada Limited founded in 1972, operates five different divisions. The company exports to many parts of the world including: South-East Asia, the Pacific Rim, North and South America, and Europe. Emeraud has associate offices in Australia, Canada, France, Japan, the United Kingdom, and the United States.

Emeraud Canada Limited is a wholly owned Canadian company with an experienced staff to cover special consulting needs on projects, including medical, hospital supplies and x-ray equipment.

Sixty percent of Emeraud's exports go to markets such as Europe, South-East Asia, South America, Pakistan, Burma, Singapore, and the Middle East. The firm can accomplish this and provide quality customer service through their chain of agents and distributors head-quartered in Toronto.
