

by our Divine Redeemer for especial help to salvation. "For this is good and acceptable in the sight of God our Saviour, who will have all men to be saved, and to come to the knowledge of truth" (1 Tim. ii. 3, 4).

Q. What do you think of those who say "there is no God?"

A. There are some people who wish to proclaim that there is no God. This is nothing new. David in his Psalms says: "The fool said in his heart there is no God;" but these fools believe in themselves, and always think they are some great people. Now who are those who believe in God? They are the wise, the religious, and best instructed, and most numerous the world ever saw. All those certainly cannot be considered misled. Those who deny the existence of God are to be severely punished for their sins, if God exist, and hence they wish to deny his existence altogether. They acknowledge that they exist themselves, and that they did not create themselves, and that the first man and woman certainly must have been created. They could not make themselves. The Darwinian theory, the most absurd that ever was invented, has no foundation whatsoever to rest on, except on the ravings of a disorganised brain. There is no real proof of his system. In the geology of the world, all the discoveries prove the Darwinian theory to be an hallucination. Fossils have been found in the strata and drift of every age of the world, but no incipient man, in his state of transition from a monkey, has been discovered, nor any animals in their transient condition from atom to animal.
