

## Straight Facts Concerning Clothes at \$15.00

RESERVE judgment on the clothes till you've had them on the "firing line" of hard "day-in-and-day-out" service.

NOTE then, that their style is an enduring permanent quality, that their all-wool fabrics are woven for sturdiness, that their patterns fit the preferences of the moment.

For over half a century the Cosgrave label has meant the best in hop and malt beverages.

### IMPROVED FACILITIES AT NORTH TORONTO STATION.

The Canadian Pacific has improved their station facilities and made a new approach at the end of the Yonge street car line to the North Toronto station. This affords the traveling public the residential as well as the business centre of Toronto, a well-lighted and more accessible approach to the depot.

There is a large illuminated sign at the head of the Yonge street car line directing passengers to the new approach to the North Toronto depot. The modern, electric-lighted, standard sleepers and compartment cars operated on Train 24, which leaves Montreal, arriving Montreal 7:35 a.m., also carry electric-lighted sleepers for the traveling public every comfort and eliminate the objectionable rush which usually takes place at a Union Depot.

Returning, Train 23 leaves Montreal at 10:50 p.m., Ottawa 10:45 p.m., arriving North Toronto 8 a.m.

The C.P.R. authorities expect that the traveling public will show their appreciation of the North Toronto-Montreal-Ottawa train service, which has been inaugurated at a very great expense, by favoring the Canadian Pacific with their patronage.

Sleeping car berths and tickets may be obtained at Toronto City or North Toronto Station. Any further information pertaining to this improved service from North Toronto will be supplied on application to Mr. M. G. Murphy, District Passenger Agent, Toronto.
