HAMILTON HAPPENINGS

DECLINES TO ENDORSE ANY MORE CANDIDATES

Hamilton Citizens' Campaign Committee Think It Would Be Imprudent.

HAMILTON, Dec. 4.—(Special.)—At a meeting of the citizen's campaign committee last night, the question of endorsing more candidates for the board of control was discussed, but it was found impossible to take such action. Three candidates have already received the approval of the committee, and it was suggested that Mayor McLaren and Controller Bailey should also be endorsed. However, as there are only four to be elected controllers, it was considered imprudent to endorse five candidates, and, as it was thought that to endorse one without endorsing the other would cause offence, it was decided not to endorse either.

Arrangements were made to have a series of public meetings in churches for the purpose of enlisting support for the plebiscite in favor of a reduction in licenses. In a strong temperance sermon in Charlton-avenue church to-night Rev. W. J. Smith, the pastor, said that if, by securing a reduction in licenses, the men who had neglected their families thru drink could be brought back to them, they would have accomplished something. He stated that it had reached his ears that a woman had gone about among the congregation soliciting votes for a mayoralty candidate on the strength that he was a temperance man, when, as a matter of fact, he was not. He said that if the woman did not desist he would publish her name.

Detective Sayer last night arrested George McDonald, 177 Rebecca-street, on a charge of stealing a pair of shoes belonging to Joseph H. Stammers.

George H. Lees, the mayoralty candidate, addressed the P.S.A. Brotherhood in the First Congregational Church this afternoon on the subject of temperance.

Rev. D. R. Drummond preached the annual sermon to St. Andrew's Benevolent Society in St. Paul's Church to-night.

Special services were held in Victoria-avenue Baptist Church to-day in celebration of the second anniversary of Rev. W. Edgar Allen's pastorate.

Travelers' Certificates.

Commercial travelers' certificates for 1911 can now be had from Fred Johnson, room 5, Federal Life Building.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates $1.50 to $2 per day. Thos. Hanrahan, proprietor. Phone 1465. 135tf

Chinese Raid.

OTTAWA, Dec. 4.—(Special.)—Two Chinee opium and gambling dens were raided by the police here to-day and 21 Chinamen arrested. A considerable quantity of opium was seized.

Victim of Alcoholism.

Elizabeth Sullivan, 48 years old, 1 Duke-street, died in General Hospital yesterday. She was brought to the institution Dec. 1 suffering with alcoholism.

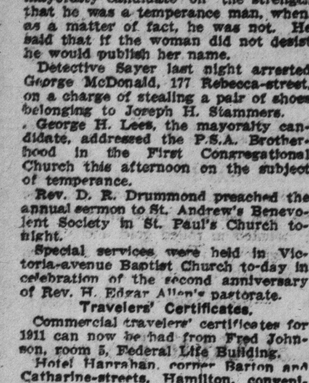
Intense Suffering

From Dyspepsia and Stomach Trouble

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia, by the use of the new discovery, Stuart's Dyspepsia Tablets.



He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fulness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment, I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids, or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

COUNCIL MAY APPEAL DIRECT TO GOVERNMENT

To Override the Decision of the Ontario Railway Board as to New Street Railway Rules.

The report of Corporation Counsel Drayton advising that the city make application to the Ontario Railway Board for an order requiring the adoption by the street railway of properly equipped "P-A-Y-E" cars as a condition to the pay-as-you-enter system will be before the city council this afternoon and the probability is that council will follow the advice.

It is possible, at the same time, that a protest may be lodged with the Ontario Government against the board's manner of dealing with the city. As told in The Sunday World, Controller Church will move a resolution to lay the city's case before the Whitney cabinet. In this step, he will have the support of Ald. Maguire. The latter is of opinion that if the commissioners had experience on old-fashioned cars under the new regime, they could not fail to recognize that the results are intolerable in the inconvenience imposed upon the public. His opinion is that the street railway is hopeful that the stirring up of public feeling will result in a revival of the movement to purchase the railway by the city and that, in the present state of sentiment, a referendum, if submitted next January, would easily carry. He favors appeal to the cabinet.

Controller Foster thinks a fresh effort should be made to obtain properly equipped cars. If they failed, he would consider the course suggested by Controller Church.

There now seems to be little doubt that the referendum on a harbor commission, including Dominion Government representation, will be approved. Ald. Rowland, Weston and McMurrich, who were absent when the vote was taken at the last council meeting, say thy will support the proposal, and, unless there is an unexpected slump, a clear majority is now in sight. Ald. Rowland and others who will vote for the referendum, are doubtful as to whether the Ashbridge's Bay district should be given over to the commission, but are willing to let the question go to the people.

Altho hypochlorite of lime is not popular with citizens at present, council is to-day asked to vote $3300 more to continue the treatment of city water.

Judge Winchester asks for authority to make his investigation of the works department extend as far back as he may deem advisable, he being at present limited to the period subsequent to Jan. 1, 1905.

Other matters coming up are Controller Spence's proposal to invite tenders for the construction of a subway under Queen-st. from the city hall to Sunnyside; the widening of Danforth-rd. and St. Clair-ave., and the suggested application to the Ontario Government to appoint a commissioner to try juvenile offenders apparently under 16 years of age.

VEGETABLE GROWERS MEET.

Elect Officers and Memorialize Dominion Government.

The annual meeting of the Toronto branch of the Ontario Vegetable Growers' Association was held at the Albion Hotel on Saturday afternoon, and in the attendance and enthusiasm easily ranks as one of the very best ever.

Thomas Delworth was in the chair, and one of the things they did was to grant a sum of $75 as an honorarium to Frank F. Reeves, the secretary, for his splendid work. Frank Reeves has given untiring service to the Vegetable Growers' Association, and the action of the members was thoughtful and timely.

A motion endorsing the action of the executive in asking the Dominion Government to [illegible] bushels so as to make same conform to actual weight of bushel was adopted. This step is being taken in conjunction with the Quebec Vegetable Growers' Association.

The following officers were elected: President, George Syme, Jr., re-elected; first vice-president, James Dandridge; second vice-president, John McKay; secretary-treasurer, Frank F. Reeves, re-elected; executive committee, George Syme, Jr., James Dandridge, J. McKay, F. F. Reeves, Thos. Delworth, J. W. Allen, A. Shuter, H. J. Miles; directors on provincial board, George Syme, Jr., J. W. Rush, F. F. Reeves, Thomas Delworth, W. G. Carter, Ed. Eagle, James Dandridge, J. W. Allen, J. Tizzard; auditors, C. Sharpley, J. Saxby.

YORK COUNTY COUNCIL.

The members of the council concluded their labors on Saturday afternoon, and after interviewing Treasurer Macdonald left for their homes in the several parts of the country. For the most part they will seek re-election, only Reeve Dan Longhouse of Vaughan having definitely announced his decision to retire.

York Township Council meet this afternoon. It is said that another deputation re the Jane-street and Scarlett-roads C.P.R. trouble will wait upon council.

Out Goes Inspector Dew.

LONDON, Dec. 4.—Chief Inspector Dew, who had control of the Crippen case from the outset, left Scotland Yard Saturday. He is only 47 years old, but has served the time necessary to qualify for a pension. His resignation was undoubtedly compulsory on account of his having let Crippen escape from the country.

Cudahy Gave Away Entire Income.

CHICAGO, Dec. 4.—Examination of the estate of the late Michael Cudahy disclosed to-day that church and philanthropic enterprises have been receiving virtually all of his vast income for the last three years.

CUT THEIR RATE

London Meets Reduction of Private Electric Company.

LONDON, Ont., Dec. 4.—(Special.)—The water commission at Saturday night's meeting decided to make a reduction in the fixed rule for house lighting from 4c to 2c per square foot. This is to meet the reduction in the London Electric Company's rate. The average house in London is 600 square feet. One floor and a half, at 2c per 100 per month, would be 12 cents. It was estimated that such a house would use eight kilowatt hours of energy, making at 4 cents a total charge of 44 cents per month, less 10 per cent. off, making it all 40 cents.

For the same service from London Electric he would pay, meter rent and all, 57 cents.

Boy Broker Fleeced Lauder.

BOSTON, Dec. 4.—Robert E. Davie, a boy stock broker with offices at 53 State-street, is missing from the city. With his vanishing a month ago sums estimated at from $300,000 to $500,000 have disappeared.

Davie is 23 years of age, one of the youngest and most successful men on State-street. Among his victims is Harry Lauder.

Your Time is Not Yours

It Belongs to Those Depending on You —For Their Sakes Preserve Health and Strength.

You never thought of it just this way before. While not feeling well you have neglected to take active means of restoring health, thinking all the time that you were the only one to suffer by delay.

Not so. For who among us has not someone depending on him for comfort, happiness or the means of livelihood?

When you lie awake nights, worry over little things, get nervous and irritable, have indigestion and headaches, you may be sure the nervous system is becoming exhausted.

Time is not yours to delay. You must call a halt to the wasting process. Otherwise you will have a rude awakening some day, when prostrations, paralysis or locomotor ataxia lays you low. For such is the natural and inevitable results of neglected nervous diseases.

You can restore the nervous system by using Dr. A. W. Chase's Nerve Food. Being composed of Nature's most potent nerve restoratives, it cannot fail to benefit you. Each dose must of necessity bring you nearer to health, strength and vigor.

Mr. William Brandon, Victoria-street, Strathroy, Ont., writes— "Before using Dr. A. W. Chase's Nerve Food my nervous system seemed all unstrung. I could not sleep, had no appetite, hands and feet were cold, my digestion was poor and I had jerking of the limbs. The first box of Dr. A. W. Chase's Nerve Food helped me, and I continued until I had taken twenty-four boxes. This treatment has made a radical change in my condition, building up the system and strengthening the nerves."

Dr. A. W. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers or Edmanson, Bates & Co., Toronto.

York County and Suburbs

N. TORONTO LIKELY TO VOTE ON A REFERENDUM

Sewage Committee Will So Advise Council — Intense Interest Shown in Question.

NORTH TORONTO, Dec. 4.—(Special.)—"Are you in favor of a special act being obtained from the Ontario Legislature to provide for the construction of a sewerage system for the Town of North Toronto, a portion of the cost to be assessed under the local improvement system and the remainder under a general rate as advertised by the council of the said town?"

This in effect in a nutshell, is the outcome of Saturday night's meeting of the sewerage committee, a meeting which adjourned only on the stroke of midnight, and which in point of spectacular interest has never been equaled in this town.

The result was only arrived at after a heated debate, with every member of the town council present, and no matter what may be said as to the merits or demerits of the course adopted by the council of Saturday night, the fact remains that the history of other municipalities in Ontario does not furnish an instance where the members of council have given more freely or ungrudgingly of their time and ability to arrive at a sound conclusion. Whether they have succeeded or not remains for the ratepayers to determine.

Incidentally, too, the result was a tribute to the legal worth of Solicitor Gibson, who, in the face of strong pressure, declined to accede to a manifest desire on the part of some members of the committee to submit to the ratepayers a bylaw which it was generally known was open to attack, but which it was likewise stated might be validated by the legislature.

In the debate it was pointed out by Solicitor Gibson that the situation in North Toronto was unique, in that the Legislative Act applying to a dual system, partly general and partly local improvement, as suggested here, is not clearly defined in the statute.

Councillor Murphy strongly urged the submission of the bylaw. "Other municipalities have adopted the same plan of action as we propose and come out all right," said the councillor. "Why not we?"

"That may all be," said the solicitor, "but from the very moment that you begin the advertisement of this bylaw you are throwing yourselves open to attack."

"The citizens all want sewerage, and I am satisfied that any attack as to the validity of the bylaw would come from this room, and I am further and say from this table." Chairman D. D. Reid had previously stated that he would attack the bylaw if illegally submitted.

Councillor Frank Howe made a strong appeal for the submission of the measure as a general rate over the town, a course, which, if adopted, he declared would remove all fear of litigation, would be acceptable to a large majority of the ratepayers, and hasten the work enormously over every other plan, which could be found. He stated that the wish of the people was not being consulted in charging the scheme up to a general and local frontage rate and affirmed his decided objection.

Councillor Walter Muston took the same view and stated that the general consensus of opinion thruout the town was opposed to a dual plan.

"So long as I am chairman of the North Toronto sewerage committee there will be no illegal bylaws submitted with my consent," said the chairman emphatically. "You had better be careful, too, Mr. Solicitor," he said. "You have a reputation to sustain, the members of the council have none." The chairman's rally caused a general laugh in the midst of what was otherwise an acrimonious debate.

Mayor Brown, who has consistently supported the general rate and local frontage system, said little, preferring to leave the matter largely in the hands of his colleagues.

Councillors Pears and Lawrence were strongly inclined to run a chance and test the validity of the measure, in view of the time that would be lost if the bylaw was sidetracked, and Councillor Murphy charged that between the two opposing forces the chances of the sewage bylaw running the gauntlet were very remote.

"I had set my mind on getting this thing thru," said Councillor Murphy, "and I am very sorry if it cannot be done."

Another feature was the submission by Chairman Reid of a form of referendum. "Let us submit something like this," said Mr. Reid: "Are you in favor of a sewerage system on a general rate, yes or no?" and again, "Are you in favor of a sewerage system on the general and local frontage rate, yes or no?" But they would not.

Finally somebody began to suggest a compromise, with the result that it was agreed to recommend to council on Tuesday evening as a referendum, the opening extract, and which was moved by Councillor Lawrence and adopted.

Apropos of the decision, which was not shared in by Councillors Howe, Muston and Reid, Councillor Howe may on Tuesday evening take the ground that the referendum will require a two-thirds vote of the council, that it will be costly, and in the event of being adopted by the town, has yet to run the gauntlet of the legislature. The councillor takes the ground that it will require a very large majority to even assure its passage by council, and it may be opposed on the second reading.

It is also pointed out around town that at a public meeting called a fortnight ago by Mayor Brown to discuss the sewerage question, by a percentage of 10 to 1, the meeting declared in favor of a general rate. Petitions are also in evidence and will be submitted on Tuesday, which, it is said, will show an overwhelming balance in favor of the general rate as against the dual scheme.

From the drop of the hat to the finish, the meeting was of the liveliest nature, and as showing the intense interest manifested in the matter, it was witnessed by one of the largest crowds of representative business men seen in the council chamber in a long time. Among those who saw the thing thru were: W. G. Ellis, Chairman Davis of the board of education; Jas Logie, Robert Ferguson, T. W. Banton, Mr. Cook, H. H. Ball, N. G. Clarke and many others.

At a meeting of the Ratepayers' Association, held on Saturday night, with Mr. Banton presiding, to discuss annexation, the whole matter was thoroly discussed from beginning to end, and while no formal vote was taken, the trend of opinion was manifestly favorable to the project. Another evening will probably be given to the subject.

At a meeting of the finance committee, also on Saturday evening, Principal Reid submitted his report for the year, which is remarkably gratifying. Already 80 pupils are in attendance and the school is fairly booming. "That's a splendid showing," said Mayor Brown, "and I am greatly pleased."

The Full Dress Suit.
The Tuxedo Dinner Jacket.

Semi-ready Tailoring

The Clothes You Will Buy Some Day

Why Not Do it Now?

Semi-ready clothes will fill your every desire—whether you want conventional, quiet tailoring, or clothes which evidence the advance note in fashion.

Coupled with finer craftsmanship there is true harmony in every contour of each garment.

"Semi-ready" means something better—for we carefully avoid anything that is cheap and risky. We seek the trade of he who knows the worthiness of really good value.
