WEST YORK COUNTY

NOMINATIONS IN EAST WEST AND NORTH YORK

Death of Mrs. Bulmer in North
Toronto—County Happenings
in General.

NORTH TORONTO, Dec. 4.—(Special.)
The death of Mrs. Bulmer, widow of the late Richard
J. Bulmer, so long and favorably known
in connection with the Metropolitan Hall,
way, the late Mrs. Bulmer had been in
poor health for the last four months and
her death was not unexpected. She is
survived by three brothers, Samuel J. of
Dundas & Bathurst, William, a treas-
urer and collector of York Township,
and Edgar of Ottawa. Mrs. Douglas,
the venerable mother is still living and
is resident in the town. Two daughters
and one son survive. The funeral will
take place on Wednesday afternoon.

There was a big turnout at the Conser-
vative smoker in the Masonic Hall to-
night and everybody declared it was one
of the best ever. Alex. McCowan was
present and spoke and there were songs
and a fine time generally. President
Frank McDougall was in the chair.

With the breaking up of the globe farm
one of the biggest setbacks to the de-
velopment of North Toronto has been re-
moved. What has hitherto been an un-
happy neglected farm in the course of
a few months will be turned into one of
the finest residential properties north of
the city.

In connection with the subdivision of
the farm, suggestions have been made
by North Toronto residents that now
would be an exceedingly opportune time
for the town to acquire a park-playground
in close proximity to Yonge street.

As one citizen remarked, North Toron-
to is sadly wanting in public breath-
ing spots. The only municipal park prop-
erty is that surrounding the waterworks
plant. This is an ideal retreat, but it of-
fers an inducement for sports and is not
readily accessible to a large part of the
town's population.

Whether North Toronto becomes part
of the city or not it is acknowledged that
provision will have to be made for the
growing population and the direction
is this more necessary than in opening up
a public pleasure ground. The front of
the globe farm has special adaptations
for such a purpose. There are few avail-
able sites now left in the municipality
of this kind and they will gradually less-
en. The town council would show a pro-
gressive disposition by taking the ques-
tion and giving the ratepayers information.
