

Manitoba Boundaries Bill Goes Unaltered Thru Senate

Many Amendments All Based on Principle of "Rights for Minority" Voted Down by 37 to 16—Formal Procedure Now All That's Needed.

OTTAWA, March 26.—(Can. Press).—The Manitoba boundaries bill has passed its final parliamentary stage without amendment. Royal assent and proclamation are all that are now required to make it law. Today the senate turned down a half dozen proposed amendments and gave the bill a third reading.

The debate was continued in the senate by Senator Choquette, who declared that he favored conciliation, but not the kind which meant that the minority would give up all their rights. He had an amendment to move, and in addition to the provision that the bill should not be proclaimed until the legislature of Manitoba had endorsed the boundary extension, he would add that it should not be brought into effect until the rights and privileges of the Catholic or Protestant minorities as to education in Keewatin, which is to be annexed, shall have been defined by reference to the supreme court.

The amendment was declared lost, 37 to 16. The vote: Yeas—David, McHugh, Fleet, Thibodeau, Godbout, Sir Richard Scott, Coffey, Teasler, Costigan.

Montplaisir, McKay, Desaulles, Croquette, Chouin, Lavigne, Landry, Nays—Senators Loughheed, H. Ellis, McDonald (B.C.), Baird, Sir Mackenzie Bross, Pope, Daniel, Domville, Bequa, Bostock, H. Bell, McMillan, MacLaren, Taylor, Yeo, Campbell, Bath, Gibson, Legris, Jaffray, Lariviere, Kerr, Cartwright, Dandurand, Forget, Power, Duroyshire, De Veber, Young, Watson, King, Thompson, McMillen, Rait, Roch, Farrell and Talbot.

Fought to Last Ditch. Senator David moved an amendment asking that the legislature of Manitoba should apply to the supreme court to obtain a decision as to the right of the minority as to schools. The amendment was declared lost on the same division this morning.

Senator Choquette offered an amendment declaring that nothing in the bill shall in any way prejudice any rights to school the minority in Keewatin may now have. This was declared lost by the same division.

Senator Choquette moved the six months' limit. The amendment was declared lost by the same division. The Manitoba bill was declared carried unamended, on division. There was no vote.

SHORTER ROUTE FOR ALL GRAIN

T. & N. O. Railway Has Great Possibilities and Would Cut Off Many Miles.

The Timiskaming and Northern Ontario Railway owing to its position as a distributing centre has great possibilities as a grain carrying route. Western grain might be shipped to England via the Edmonton Hudson Bay Railway, thereby avoiding the circuitous route by barge to Moose Factory and T. & N. O. to Toronto thence out by the St. Lawrence. The waterway from Fort Churchill to Moose Factory would be navigable eight months of the year.

Western interests will soon demand an outlet for the accumulation of their produce during the remaining four months of winter and it is possible for this new line to profit by their route which is the shortest way across the continent. Between Edmonton and Churchill the distance is 800 miles over which the grain would be hauled in any case. Add another 700 miles to Moose Factory and 650 miles to Toronto and you have a total of 2150 miles. This proposed route would shorten the two direct routes to Toronto as the G. T. P. line is 2245 miles in length and the C. P. R. 2266.

DIED AFTER LONG WAIT

The remains of Mrs. Peter McMahon, who died as she was entering her home at 421 Clendenan-ave., on Sunday afternoon, waited a full hour on a corner for a street car, will be interred in Mount Hope Cemetery this morning. Mrs. McMahon collapsed while within a few steps of her home and died before she could be carried into the house.

MY ELECTRIC BELT HAS CURED OTHERS

of indigestion, nervous debility, rheumatism, headache, anaemia, neuralgia, and many other acute and chronic diseases. For that reason

IT WILL CURE YOU

Do you want to feel as vigorous as you were before you wasted your strength? To enjoy life again? To get up in the morning refreshed by sleep, and not more tired than when you go to bed? To have no weakness in the back, or "come and go" pains? No indigestion or constipation? To know that your many strength is not slipping away? To see more bright eyes, healthy color in your cheeks, and be confident that what other men can do is not impossible to you. In short, do you want to be a man among men? I can make you all this, because I have done it to others.

Dr. McLaughlin: I cannot say too much for your Belt. I consider it completely cured me of rheumatism, and I never felt so well for the last thirty years. I would recommend it to any railroad man suffering from weak back or kidney disease. I only wore my Belt for one month. Yours truly, WILLIAM HONAN.

No man should be weak. No man should suffer from the loss of that vitality which renders life worth living. No man should show himself to become less a man than nature intended him; no man should suffer when there is at hand a certain cure for his weakness.

Most of the pains, most of the weakness of the stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives. You can feel as vigorous as you were before you wasted your strength. You can enjoy life again. You can get up in the morning refreshed by sleep, and not more tired than when you went to bed. You can have no weakness in the back or "come-and-go" pains. No indigestion or constipation. You can know that your eyes, healthy color in your cheeks, and be confident that what other men can do is not impossible for you. In short, do you want to be a man among men? I can make you all this, because I have done it to others.

Molesworth, Ont., Dec. 23, 1911.

Dr. McLaughlin: I take great pleasure in asking you to file my name as cured. I have worn your Belt for directed for four months, and I feel like a new man. I am strong and active again, and feel as well as anyone could feel. Wishing you every success in your business. I remain, yours very truly, WM. H. LYNN.

Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you, "I am a man."

DEAD WOMAN WAS MARRIED

Rebecca Cooper, Who Was Murdered on Monday, Had a Husband in New York.

Dr. Harrington's post mortem on the body of Rebecca Cooper, the woman murdered in Chestnut-st. Monday night, showed that the bullet was of .22 calibre and had entered between the third and fourth ribs, pierced both lungs and lodged between the fifth and sixth ribs in the back. Chief Coroner Johnston corroborated the evidence of Dr. Harrington, and after Detective Black had told of searching the house, the jury adjourned until Wednesday of next week.

In the police court yesterday, Abel Cohen and Sadie Cohen were remanded until this morning. Inspector Duncan has received word from New York that the dead woman was married to a man named Berger.

CHICAGO PACKERS ACQUITTED

CHICAGO, March 26.—(Can. Press.)—Not guilty was the verdict which the jury returned today in the trial of the ten Chicago packers accused of the government of violating the criminal sections of the Sherman Anti-Trust Act.

The verdict was returned before U. S. Judge Carpenter after the jury had deliberated over seventeen hours. The trial has been in progress several weeks, the defence submitting no evidence.

THE COST OF LIVING.

The conference committee of the Toronto Board of Trade will have luncheon in the St. Charles Cafe at 12.30 today. "The High Cost of Living" will be discussed.

WANT NO HEAD FOR WATER AND WORKS

Controller Foster's Motion That New Man Be Appointed at Big Salary Was Defeated—Chambers' Appointment Upheld by Corporation Counsel—New Health Act Opposed.

Controller Foster, at the meeting of the board of control yesterday morning, moved that a recommendation be sent on to the council that the board be given authority to nominate a new head over the combined works and waterworks department, the new official to be paid a salary of not less than \$10,000 a year. Almost no discussion followed the motion, which was defeated.

The council were quite within their rights in appointing Charles Chambers as parks commissioner according to a letter which was written to the board of control by Corporation Counsel Drayton. Mr. Drayton was asked for his interpretation of the manual on the question of the council substituting a name for one recommended by the board.

The new provincial health bill was discussed by the controllers, who took exception to the clause which would have the effect of preventing municipalities from dispensing with the services of medical health officers without first obtaining the consent of the provincial board of health. In connection with the matter a resolution was passed asking the council to instruct the city solicitor to oppose the bill. Controller McCarthy also opposed the resolution.

The question of securing legislation to make apartment houses amenable to the smoke ordinance came up. The board were notified that there was a possibility of the bill being held in abeyance till next year and it was decided to instruct the city solicitor to endeavor to have the bill dealt with at the present session of the legislature.

Owing to the absence of Mayor Geary the board decided to let R. Home Smith's Humber driveway agreement stand.

PURITY LECTURE

Rev. Dr. Eby Given Permission to Speak in Toronto Schools.

Purity lectures in the public schools were endorsed by the special committee yesterday afternoon. Rev. Dr. Shearer and Rev. Dr. Moore expressed the view that the matter was urgent, and testified to the fitness of Rev. Dr. Eby to deliver the lectures.

Rev. Dr. Eby said that his first aim would be to secure the interest and cooperation of the parents. Rev. Dr. Conboy, Trustee Hillis and J. L. Hughes were appointed to arrange for the lectures.

BUILDING MORE CARS

Street Railway Company Will Have One Hundred by Middle of May.

Manager R. J. Fleming and Supt. McCullough of the Street Railway Co. say that the car service will not be impaired by the loss of the cars burned on Monday. They are building cars all the time and will have turned out a hundred by the middle of May.

Supt. McCullough said he was unable to far to determine the exact number of cars destroyed, but estimates the number between 250 and 300.

Two Lose Lives in Fire.

PRINCE ALBERT, Sask., March 26.—Robert Drysdale and James Somerville lost their lives in a fire which at 2.30 o'clock this morning gutted the Tibbitts Cafe on Eighth-street. A number of men suffered severe injuries in the fire, these being Stanley Coleman, Robert Deans, Finlay MacLeod and Edward Schlimper. The cafe was operated by Finlay MacLeod and William McEwen, and the building was owned by Thomas Manley of Prince Albert.

HIGH PARK RATEPAYERS

Elaborate Preparations Are Being Made for Gardens This Year.

In pursuance of the progressive policy adopted last year, the High Park District Ratepayers' Association is making elaborate preparations for the coming summer.

The association's aim is to beautify the High Park district and the part of Toronto bordering thereon. The horticultural section is only one of the many branches of the ratepayers' association standing committees having control of the development of nature's gifts. Already the beneficial side of the work has been clearly shown by the number of home gardens, overflowing with floral wealth. In addition to this, the members have met with unqualified success in the attempt to make the High Park district envied by the most modern cities, where the gardens are laid out by a landscape gardener.

This year valuable prizes are offered by the association and a pamphlet has been issued by the secretary-treasurer, W. B. Campbell, inviting new residents to join, and giving instructions in the art of making the home more appealing by the cultivation of the yards and lawns.

TERMS ARE GOOD

Board of Education Gets Houses for \$3360 Each.

Members of the industrial education committee were cited over the appropriation arrived at yesterday afternoon respecting the five King estate houses on Herlick-street. The amount was \$3360 for each house and lot. The board offered \$5150 each and the estate asked \$4600.

In view of the award, negotiations will be reopened with the remaining property owners who have lots needed to complete the technical school site, and it is expected that they will prefer an agreement with the board for expropriation expenses.

FALLS LEGISLATION STANDS

Fixed Policy of Protection Will Not Be Adopted for Present.

WASHINGTON, March 26.—(Can. Press).—Legislation for the protection of Niagara Falls will probably go over until the next session of congress. This was indicated today when the conferees from the house and senate agreed to a modification of the Sulzer bill, and extended the provisions of the Burton law to March 4, 1913. The existing law will protect the natural beauty of the falls until congress can find time to evolve new legislation.

Another bill to regulate the diversion of water from Niagara River was introduced today by Representative Smith (N.Y.). Mr. Smith's bill would permit the United States Government to supervise the actions of New York or any other state in which the water of Niagara may be used or the power of Niagara may be imported.

SETTLERS' HOUSES FLOODED.

CHATHAM, March 26.—(Special.)—The English settlers who took up land in English Township recently have become victims of the St. Lawrence flood. The river has stretched out over their land and several of the houses containing the new settlers are completely flooded with water.

Those living on the second and third concessions are suffering the most. Some of the settlers find that they have to live up stairs these days as the water is so high that the lower parts of the houses are flooded.

Wife and Man Almost Drowned.

BROCKVILLE, Mar. 26.—(Special.)—While driving across the Canadian channel opposite Rockport, Robert Hunt of Larne Island had an exciting experience by the outfit breaking thru a point where the ice was thin. Mrs. Hunt, who accompanied her husband, was seated in a small launch on the sleigh.

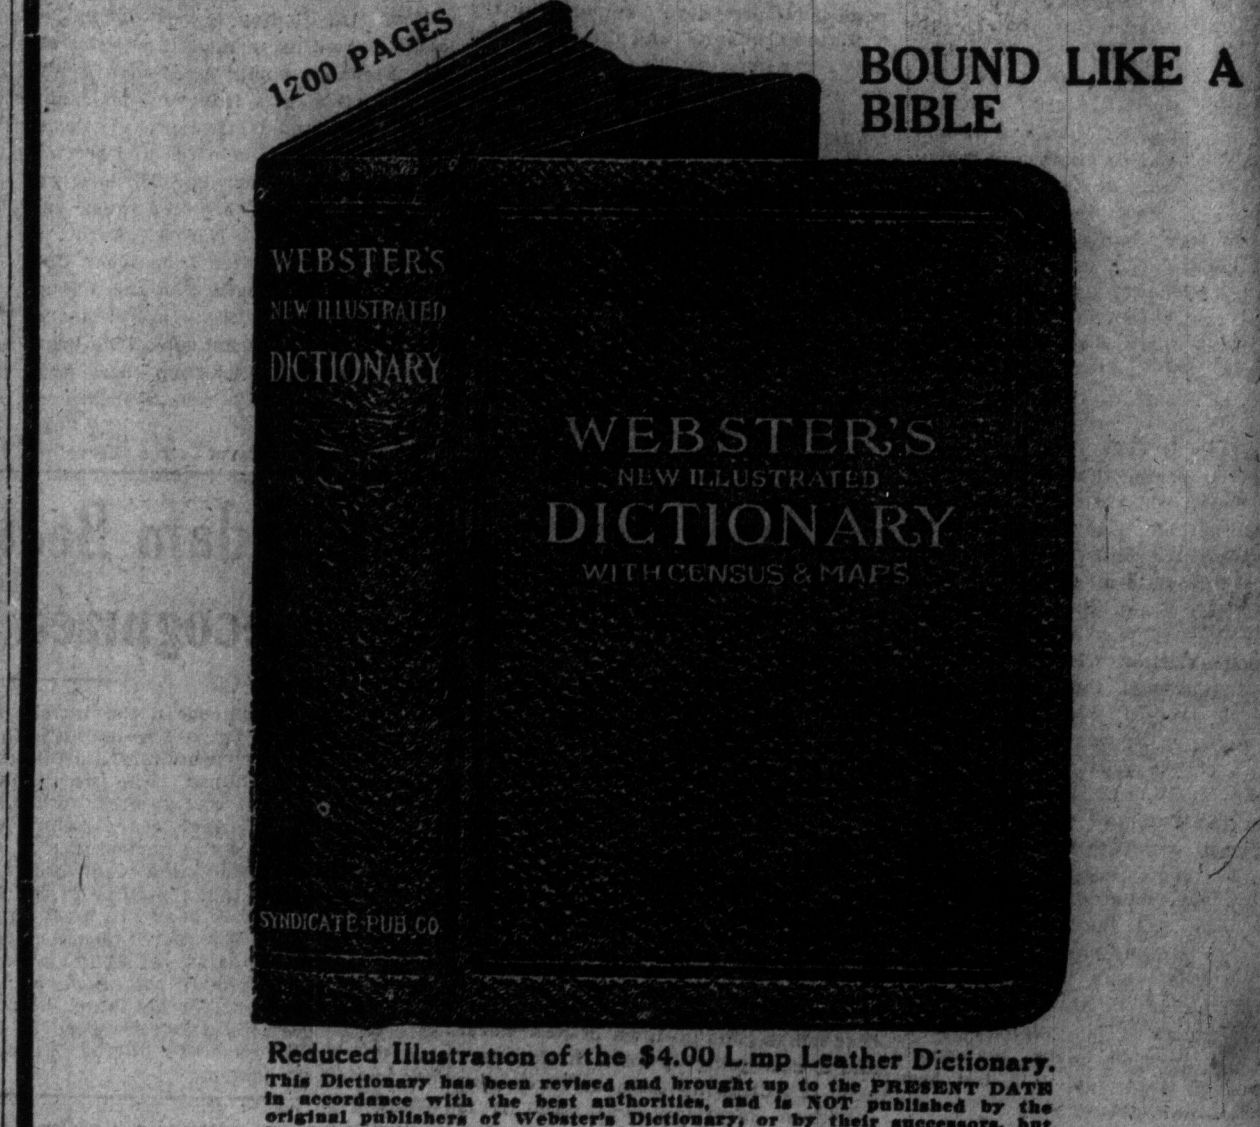

Several men went to their assistance. They succeeded in rescuing Mr. and Mrs. Hunt and the outfit, except one horse which went to the bottom.

"Annoying, but not dangerous," seems to be the way many think of piles in the early stages, but gradually they become worse, until they prevent sleep, undermine the nervous system and make a wreck of life.

When the doctor is finally consulted he considers the case so serious that he recommends the surgeon's knife as the only means of cure. It may cure or it may kill. The risk is yours. But there is an easier and surer way to relieve and cure piles. That is by applying Dr. Chase's Ointment. The earlier you begin the use of this ointment the quicker the cure. But you need not be discouraged because you have suffered for ten or fifteen years. It would be difficult to imagine worse cases than have been cured by Dr. Chase's Ointment. Relief comes at once and cure is just as certain if you persist in the use of this great ointment.
