DOWNTURN IN WHEAT IN WINNEPEG MARKET

Chicago Exchange Was Closed, But Easier Tone Abroad Induced a Reaction--World Statistics Not Favorable to Holders of Grain.

WINNEPEG, Nov. 5.—The grain market was quiet today, prices ranging down to 1/4c. While this was not such a very heavy individual drop, the weakness of tone made it more significant, especially in view of the very conservative estimate of the crop just issued by the Northwest Grain Dealers' Association.

Cash demand was good and offerings were considered adequate. Oats and flax were in fair demand, but prices went to pieces.
