

Lamotte-en-Santerre, Calx, Vrely and Warvillers.

South of this the French were last night pressed back along the Hoye-Brethou road, and the enemy entered Montdidier.

From Warvillers the line runs thru Arvillers, Davencourt, Gratibus and Mesnil-St. Georges to Hamvillers.

Enemy Driven Back.

Between the latter place and Pont-L'Evêque, south of Noyon, the French this morning counter-attacked in force, and with great dash drove back the enemy on a front of ten kilometres to a depth of three kilometres. The French pressure on the enemy in this area continues.

North of the Somme our line remains substantially the same as last night. Several attacks were made during the night in the neighborhood of Beaumont-Hamel, Rosignol Wood and northwest of Puisseux. These were all repulsed.

"This morning the enemy opened a heavy bombardment north and south of the Scarpe River, and followed this by an attack opposite Arras, with at least seven divisions. The enemy on this front penetrated our forward zone and a fierce engagement took place in the battle zone.

"Our line here now runs from Arleux to Fampoux, Neuville-le-Vitasse and Boileux, and thence as before. The fighting here has been severe and the enemy is reported to have lost very heavily.

ACCIDENT ON T. & N. O.

Engineer on One of Colliding Engines Was Killed; Others Injured.

Word was received in Toronto last night of a fatal accident on the T. & N. O. Railway, 22 miles north of North Bay. A freight engine was going northward, when it ran into a double-header coming south. An engineer, Alex. McLeod, was killed, and another engineer, Herb. Reynolds, was injured. Two firemen, Livingston and Beebe, were also severely injured. All the men belong to North Bay.

HUNDRED NEW MEMBERS.

The freight handlers held a rousing meeting at the Labor Temple last evening. This organization has just initiated a hundred new members.

SCORE'S EASTER NECKWEAR AND OTHER TOGGERY.

Interest in the haberdashery department will focus on neckwear and gloves tomorrow. To most men Easter Day ushers in the new season, and with the new season, although few fellows will admit it, they like to appear in new "duds."

It seems to be a heaven-born instinct, and nobody who has been shopping in the Easter clothes department can resist the temptation to buy a pair of the things which sell men new things to wear. Score's haberdashery is taking up the proof that men like the exclusive things in such wearables as neckwear and gloves. And so it goes that they are so popular.

LINKING TOGETHER CLUES TO MURDER

Police Hampered in Investigation by Dealing With Foreigners.

CRIME OF REVENGE

History of Victim Brings to Light Startling Facts.

The provincial and city detectives who have been investigating the murder of Vasil George, the young Bulgarian found in the woods near the French line, have been hampered in their investigation by the fact that the man who did the deed, it is understood that the office is counting up some details, which are deemed necessary as evidence, and it is not clear who his murderer will not be charged with his crime.

The investigation of the case of the officers here has been hampered by the fact that they have been dealing with foreigners and have had no proper machinery to suit the occasion. All investigations have been made by interpreters and for a murder probe, from a detective point of view, is highly unsatisfactory. Once more the provincial and city officials have suffered from the want of the assistance of police officers who have knowledge of the language, the records among whom the investigation has to be made.

Murder for Revenge.

It is understood now that the police now know that the murder was one of revenge. The Bulgarian, George, would have been the victim of a plot which had for its purpose the securing of a few thousand dollars by means of which did not exceed the use of guns. It is also said that he "blundered" before the affair was really started and that the circumstances surrounding a actions at that time indirectly resulted in his death.

When Every Minute Counts

Yes, when there's a sudden break in the heating system—when something has gone wrong with the plumbing—when the taps fail to respond when gallons of water are flooding your premises, what plumber would you think of first? When every minute counts—would you think of calling up the old-time plumber who comes lumbering along with a handful of tools, or would you think of Shannon and his motor car service? Every car equipped with every modern tool known to the plumbing trade. A whole team at your doors in the twinkling of an eye. That's service—that's what you want. Think of Shannon and prompt service, and you get what you want. Any part of the city—day or night.

ABUNDANCE OF COAL IS BEING PURCHASED

Brantford Civic Officials Are Preparing for Next Winter's Fuel in Time.

SHANNON THE PLUMBER

Brantford, March 28.—The special committee of the city council appointed to look into the civic purchase of 7000 tons of anthracite coal, met again this afternoon, and it was deemed advisable that at least 500 tons of this supply should be purchased at once. There was nothing left but to summon the entire council to a special meeting and this was done, when the purchase of the above amount was ratified.

The purchase of anthracite coal has arrived, and the mayor has secured the Waterous property on Darling street, where shed will be built for the purpose of the coal storage. Another six-carloads are on their way in transit from Buffalo at the present time, and eight carloads of soft coal are also on order for the civic yards. An agreement is being prepared tonight for the purchase of the entire amount as first advocated by the mayor.

Correction.

In The World of March 25 there appeared an item stating that two Austrians, who were being deported, had been employed by the Dominion Steel Products Company. This was found to be a mistake, and The World is glad to correct the unintentional error. The men were supposed to have been sent to a Cleveland firm, who had a sub-contract for erecting some buildings on the premises of the Dominion Steel Products Company.

Bad Motor Accident.

While Andrew Ellison, who purchased an auto yesterday, was on his way into Eagle Lake tonight he lost control of the motor. It plunged into the canal at the Murray street bridge, with the result that his son, J. Ellison, was drowned and the father lost in a critical condition in the General Hospital. Allen Robinson and his son were among the party, but both escaped serious injury.

Want Shorter Hours.

The employees of the Waterous Engine Works, engaged in the shell department of the plant, presented a petition to the management this morning, asking for a ten-hour day in future, instead of 11 hours, as is the case at present.

Public Library Notes.

The public library board has purchased 30 tons of coal, this being next winter's supply.

The public reading rooms and circulation department of the public library will be closed all day tomorrow (Good Friday).

Shine Shine Raised.

P. C. Cobden recently raised the premises occupied by Charles N. Barton, an Armenian, who conducts a shoe shine parlor on Colborne street, from \$100 to \$125. The defendant contributed in all \$260 to the city treasury this morning. He was found guilty of having liquor in an unauthorised place, of being under the influence of intoxicating drink, and of keeping a disorderly house. William Haynes was also present when the constable raided, and he paid \$10 and costs for being drunk on that occasion.

Temperatures Raising Ice.

The local thermometer today and expected that the price for the future for a ton of ice will be \$5 per day.

The first permit issued at the city hall for building a garage this year was given to J. W. Laird, Fort street, this morning.

The buildings and grounds committee of the council met this morning and inspected the repairs now being made to the central fire hall.

The bank clearings for the City of Brantford for the week ending today were \$1,029,843, and \$667,713 for the corresponding period of last year.

The trunk canvass has been successful thus far according to reports from those most interested.

THIS LETTER

From a Truly Grateful Mother

St. Catharines.

Prof. Mulveney, Dear Sir:—When I was in Toronto a few months ago I got a bottle of your remedy called Mothers' Friend Worm Medicine, and it has been a treasure, and I am now out of it, and want to get more. The first time I gave it to her she came from her like a nest; it was just full of worms, four or five inches long, and some pinworms, and ever since, when I give her medicine she passes several worms and a great many pin-worms. This morning there were three, like fish-worms. She was also restless, throwing herself and kicking, and getting scared and talking. I got up and gave her the Mothers' Friend Worm Medicine, and this morning her stool was full of worms, and those three large worms, like fish-worms, I have more dose yet to give, and I must have more. I enclose an order for \$1.25, as I don't know what it will cost to send it here, so if it is any more than four or five inches long, and some pinworms, most like maggot; and some pinworms, and ever since, when I give her medicine she passes several worms and a great many pin-worms. This morning there were three, like fish-worms. She was also restless, throwing herself and kicking, and getting scared and talking. I got up and gave her the Mothers' Friend Worm Medicine, and this morning her stool was full of worms, and those three large worms, like fish-worms, I have more dose yet to give, and I must have more.
