EVERYTHING "SET" FOR BIG OPENING

Even the Stand Has Passed Thru the Vacuum Mill.

By Ida L. Webster.

Evidently the weather man has at last joined the Toronto Baseball team, because from all reports it appears that from this date forward the sun is billed to shine with all its might, and incidentally warm the seats at the ball park.

Of course now that the club are in the first position there are many thousands of their admirers who would have a snowdrift to see them perform upon their first arrival for the season, while on the other hand there are some who would like to see their way clear to make the grade.

It was about the last named gang that President Jim was worrying. Not because he wanted their money, at the gate. Oh dear no, but simply because he knew James is such a nice fellow that way, and also in many others; but when it comes to "packin' 'em in" the general young man is right on the job. So much so that he often thinks that Barnum missed a sure-fire helper when he lived before James J. was born.

How the folks concerned with anything like spring there will not be the slightest bit of need for anyone to care what happens, because the stand will be overhauled, and in the case that Joe Thompson does not arrive back in time to pitch the first ball, your old pal, Tommie Church, will, so there you are.

And, now here is a real surprise for you. The grandstand has been all cleaned out, and all the orange skins, the peanut shells have disappeared. Last night we rather got to thinking that it would take an earthquake to move some of the debris, but apparently all that the folks concerned were waiting for was another year.

The guy who sells the score cards also promises to do his bit by having the names on the contraction correct, and also in the right positions. If he sticks to the job he will probably give the fans the regulars will die of heart failure. But while we are on the subject we would like to make a request of the owners of the aforementioned concession.

They always received the names early in the day, and in all good faith ambled over to the printer for the purpose of having the names printed. The printer invariably checked his mind. And the result was horrible.

If it were not for the fact that a man can manage a ball club without changing his disposition and mind less than 17 times during the morning, the fans at the going to be able to know who is who and why. But until that little stunt happens in the King's Plate we will have to keep track of the visiting players by the color of their eyes.

By the way, don't forget to tell you that there is going to be a mighty good game at the island on Saturday. Try, the latter taking second, Mazaville reached third on an out, and scored the winning run on Powell's single. Score: Boston.....0 10000 1000 1-3 R.H.E. New York.....0 0000 20000 2-8 3 Batteries—Watson and Wilson; Dubuc, G. Smith and McCarty.

BRAVES WIN FIRST GAME OF SEASON FROM GIANTS

Had to Go Overtime to Do It—Griffiths Helps Dodgers.

At Pittsburgh (National League)—The Pittsburgh Pirates won their first home victory yesterday by a score of 4 to 2 from St. Louis, Hamilton holding the Cardinals to five hits. Sherdel pitched well until the sixth inning, when he passed out two men, followed by a single by Smith in centre and hits by Bookout and Schmidt, each of the safe blows following a two-base hit. Score: R.H.E. St. Louis.....0 0 0 0 1 0 0 0-2 8 2 Pittsburgh.....4 0 2 4 0 0-2 8 2 Batteries—Sherdel, Horstman, Meadows and Snyder; Hamilton and Schmidt.

At Brooklyn—Tom Griffith's double in the first inning and his drive over the right-field fence in the third for a home run, won yesterday's game from the Phillies by 2 to 1. Two singles and a double scored the Phillies' only run in the seventh. Pfeffer fanned Pearce, Adams and Watson in the third. Pitchers Mitchell and Mihus arrived from overseas. Score: R.H.E. Philadelphia.....0 0 0 0 0 1 0 0-1 5 1 Brooklyn.....1 0 1 0 0 0 0 0-2 7 2 Batteries—Watson and Adams; Pfeffer and Krueger.

At New York—Boston won its first game of the season here yesterday, defeating New York in an 11-inning contest, 3 to 2. It was Boston's second victory over New York since 1917, and its first victory in New York since September, 1917. Boston scored the winning run in the eleventh inning, when Kauff and Young collided going after Maranville's ball. The latter taking second, Maranville reached third on an out, and scored the winning run on Powell's single. Score: Boston.....0 10000 1000 1-3 R.H.E. New York.....0 0000 20000 2-8 3 Batteries—Watson and Wilson; Dubuc, G. Smith and McCarty.

Some More Grand Work With Hickory

The Leafs move over to Baltimore today for a three-game series with a nice hold on the league leadership. The Gibsons made it a clean sweep by out-suggesting Reading in a lively game yesterday. The Toronto aggregation had the time of their young lives and unloaded six extra base hits, three circuit smashes and three for half the distance.

Sandberg was chief swatman of the Larruping Leafs. The sturdy catcher drove out a homer, a double and a single. Holden collected a home run and a two-bagger, and Anderson popped out with a four base rap and a single. Whiteman's little lot was a two-corer knock and a single, and Billy Purcell was the only Leaf to go hitless. Thirteen times the Gibsons boy connected safely. The Leafs' first drive around the east-end of the Pultz circuit has been sensational. They have less than a week of real work in their spring stunts, drove off nicely and have improved their work daily. The pitchers have been faulty, but the heavy hitting has more than made up for this. Yesterday's smashing was the best of the season. Seven runs were punched over in the very first round, and Anderson cleared the bases with a homer over the centrefield fence. Sandberg followed him with another biffer for four corners.

All the Leafs need to do is to save some of this long-distance hitting for the home lot and they will be idolized for the full season. Toronto fans dearly love a hard-hitting outfit, and the welcome Monday will be the greatest in many years. George Gibson is away on the right foot and a steady drive will make his the biggest season in local history.

The Leafs will find Jack Dunn's club to strap with a pitching staff that is hard to beat. It remains to be seen if the Toronto artillery will break up Dunn's hurling defence. It looks as if it will take some mighty fine flinging to stop George Gibson and his crew now that they have tasted the sweets of plenty of base hits. Go to it, Leafs, the fans here are all with you.

RICHARDSON GRANT TO BUILD A STADIUM

Kingston, May 8.—The erection of a stadium on the Union street campus was discussed at a meeting of the athletic committee of Queen's last night. In the way of the late George Richardson a first-class arena with grand stand, dressing rooms and up-to-date athletic field. The committee has taken up the matter with the executor of the Richardson estate, and are awaiting a reply. The grant from the estate would not be sufficient to cover the cost of such an ambitious scheme, but it is hoped that the necessary additional funds may be raised.

GALT MAY BUILD GRAND STAND IN DIXON PARK

Galt, Ont., May 8.—The Galt Amateur Athletic Association, organized a couple of months ago, is meeting with great success, and is receiving support of all classes of citizens. As a result of the agitation of G.A.A.A. the park committee has made a request of the city council that a bylaw be placed before the council to raise \$15,000 to build a grandstand in Dixon park to replace the one destroyed by fire. With a new stand Dixon park will be one of the finest athletic grounds in Ontario.

LADDER O' LIGHT STEPS FAST HALF

For the first time in a fortnight the Woodbine track entertained some claim to the title of a fast oval yesterday, and this, combined with the clear weather of the early morn, induced the trainers to sample several of the platters with the result that the morning fairly scalded with activity.

In pursuance of his time-worn habit, Trainer Joe Doane was early on the scene during the morning's training, and Ladder o' Light, and in company with the steeplechaser, Altar Fire, was sent a half in the morning. The last quarter at a brisk clip. This mare has done everything that might be expected to do in her spring training, and will likely be well backed in private wagers on the holiday.

Trainer George Hemisphere, is one that will also have to be reckoned in determining the winner. Yesterday's training was a commendable one, and he stepped three-quarters in the last time of 1:17 4/5, and in quite a nifty manner.

The bygone Billy May Bloom, was also out for a fast move and worked a whirling three-quarters in 1:17 1/5. Her time that entered the diary of every clocker on the fence. Trainer George Walker also sent Gallipoli, now Brookdale, a half in her spring training, in the two-year-old, Miss Woodbine.

The best move of the day was by the former Seagram mare, Altar Fire, owned by Mr. Wilson, and with Jockey Jimmy Foley in the pignish she worked a mile and a quarter in 2:30 3/5, which constitutes a record for the distance at the local leaping training colony.

Great Toronto Rider Is in Much Demand

Clifford Robinson, the Booth avenue boy, who is now at the top of the list of American race riders, is in great demand by owners with promising chances in big turf events. Application for his services has been made by the owners of the Ontario Cup, and he has been made early in the year by at least two owners, Mr. Seagram and Mr. Geo. M. Hendrie, but it is understood that a definite answer has not been given in either case. The boy is under contract to Ed. Moore, who also developed Willie Crump as a champion rider, and evidently places a high value on the contract. The next time he is expected to appear is in the Ontario Cup, which is being held at Lexington, Kentucky.

W. T. Chinn, who has been for some time the quest of a horse, tendered E. W. Moore, a cheque for \$15,000 for the transfer of C. Robinson's contract. The horse was promptly declined, the offer was on behalf of D. B. L. who was on his way to New York, and before his departure added Right Aint to his string. Laving purchased him at private terms from Catesby Woodford.

What Did You Do In the Big War?

If you did not fight, then it is your duty to look after those who did. They did their duty when they left their homes and their jobs to face death on the battlefield. They must not be left now to shift for themselves. They must not lack the money to ease them over the period of unemployment. They must not lack club memberships, emergency funds, the means of co-operative effort. Your appreciation can only be expressed NOW in terms of MONEY.
