

The longer an intermittent remains, the more difficult it is to cure.

of nine inches, and within one week she was reduced to her natural size. She rapidly recovered her health, and two weeks later went several times to the woods, nutting, etc., and ran around like a school-girl. Her recovery seems fully established, and she is now a neat, graceful-looking woman, able to wear the latest fashion of "pin-back" dresses, and enjoying life with a relish that those only enjoy who have been at death's door for months. Her age is about 45, a very intelligent, educated lady.

Yours respectfully,

SEYBERT & CO., Druggists.

DR. RADWAY—Sir: For twelve years I suffered from an Ovarian Tumor. Last March I commenced taking your medicines and continued the use of the same for nearly five months, with very little *apparent* benefit; very suddenly I began to diminish, and in two weeks was sixteen inches smaller around the abdomen. I consider myself entirely cured. Yours respectfully,

HILLSBORO, OHIO, January 25th, 1877.

MRS. J. H. JOLLY.

DR. RADWAY: I have had a tumor in the womb, which grew to my back; it was caused from inflammation; my kidneys were also affected, in which condition I suffered for nine years. The greater part of the time I was helpless—had to be helped on the bed and helped off; could not walk without a crutch. I tried everything I could get, but all to no benefit, till at last I got some of your medicines, and have taken twelve bottles of Resolvent, with Relief and Pills, according to directions, about one year ago. I am now about well; can walk straight and go anywhere I want to; whereas before I could not get off the bed without help. You have my sincere thanks for your medicines; I shall use no other medicines but yours. There is hardly a day that passes over my head but what I think of the wonderful cure that your medicines have done for me. I write this for you to see what your medicines are doing, and for the benefit of others that are suffering. You can publish this if you choose.

Respectfully yours,

MRS. P. D. HENDRIX.

CASSVILLE, BARTOW CO., GA., September 27th, 1876.

Another Cure of an Ovarian Tumor.

MOTOR, ROCKS CO., KAN., July 29th, 1879.

DR. RADWAY: Although it might seem out of date, yet, for the encouragement of others in similar circumstances to what I have been, I think it right for me to return my heartfelt thanks for the benefit I have received from the use of the Radway medicine.

I had been afflicted over six years with Tumor in the stomach; had been to six of the best doctors I could hear of in Iowa; they all told the same thing, and that it was out of the reach of medicine, and that it would kill. At length I happened to see in your Almanac of Tumors being cured. I immediately resolved to try it, which, to my great surprise, effected a cure with only using three bottles of the Resolvent, one of Relief, and continuing on quite a while with the Pills. I was so enlarged in my stomach, that I was four feet and two inches round; now I measure two and a half feet round. I will say, also, that before using the medicine I had not laid down in six months. Now, if this sketch will be of any benefit to suffering humanity, I am willing to have it published, etc.

Yours with respect,

M. HOCKETT.

When afflicted, I lived at Salem, Henry Co., Iowa.

Tumors Cured.

ST. LOUIS, MO., August 3d, 1877.

DR. RADWAY—Dear Sir: I have taken your Resolvent and Regulating Pills six months. It has produced a perfect cure of tumors, as the doctors of this city pronounce them. I have taken eight bottles of your Resolvent and Pills.

Yours very truly,

A. CAMERON, Sig.

A Lady Cured of Fluor Albus and Neuralgia that had Baffled the Doctors.

DR. RADWAY—Dear Sir: I beg leave to address you, hoping you will kindly give me an answer to a question that is of great importance to me.

First, let me tell you that your medicines have been a blessing to me and mine; my wife has been cured of Fluor Albus, of FOUR YEARS' standing, by the use of your remedies, also of Neuralgia which has baffled our doctors.

I spent nearly all of two years of my wages all to no purpose, and was persuaded to try your medicine, and, sir, it took LESS than \$10 to cure her of both. The consequence is she will have no other medicine, and, so long as it does as well as is has in the past, I shall agree with her. Yours respectfully,

TOMS BROOK, SHENANDOAH CO., VA.
