

Regulations for Attendance and Admission.

The classes of children admitted to the Hospital are the following :—

1. Sick children, destitute and friendless.
2. Sick children whose parents, owing to poverty, are unable to care for them.
3. Sick children, who, from various circumstances, cannot receive the necessary care and attention at home, but whose friends are willing to contribute somewhat towards the expense actually incurred in their maintenance.

The Committee of the Hospital, unwilling to foster pauperism, have strictly enforced the rule of remuneration to *some* extent, whenever the relatives of applicants have been in a position to afford it.

Medical advice and prescriptions are given every day at 2 o'clock p.m.; out-patients are also visited and treated at their own homes.

Parents and others from whom children are received into the Hospital, shall be required to sign an application for admission, in a form approved by the Committee, which shall state the terms on which the patient is received, and contain an agreement on the part of the applicant to be bound thereby.

In-patients are seen at 2 p.m., daily.

Out-patients are seen at 2 p.m., daily, Sundays excepted.

No child can be admitted unless brought by some grown person.

No child should be brought unless needing medical or surgical relief.
