METHODIST MISSIONS.

Batch of Business Transacted by the General Board Yesterday.

The Executive Committee of the General Board of the Methodist Missionary Society met in the board room, Wesly Buildings, yesterday, Rev. Dr. Carman, general superintendent, presiding. Most of the members were present. Special claims for medical and funeral expenses, cases of affliction and temporary supply of missions during illness of missionaries, repairs to mission premises, etc., were dealt with. Representation of the Japan mission conference to the next general conference, to be held in Toronto in September, 1898, was fixed at two ministers and two laymen.

Rev. Dr. Kilburn of the West China mission was granted a furlough to commence July 1, 1898, having completed his first term of service on the foreign field. He and his wife, who is also a physician, intend spending part of their furlough in the London hospitals, England, to further qualify them for their work.

A number of items referred to the executive by the last meeting of the General Board were presented and appropriate action taken.

Reports were read from industrial institutes for the information of the committee. The committee adjourned at 10 p.m.

Talks to Young Men.

The series of talks to young men, by which the week of prayer is being observed at the Central Young Men's Christian Association, are being very well attended. Last night Rev. H. C. Dixon gave a talk on "Behind the Blood." In his well-known forcible way the speaker emphasized the truth of the atonement of Jesus Christ. This evening Rev. Elmore Harris will speak on the topic: "Out of Egypt."

PICKLES FOR THE MILLION

Pittsburg Pickle Makers Propose to Start a Branch Factory.

The Finance Committee Encourages the Idea by Recommending Exemption from Taxes—Municipal Insurance Scheme Coming to the Front—Rev. Mr. Geoghegan Wants the Hen Encouraged —Notes of Minor Importance.

Hamilton, Nov. 18.—(From The World's Staff Correspondent.)—The Finance Committee held a special meeting to-night to consider what the city should offer as an inducement to get the Heinz Pickle Company of Pittsburg, Pa., to locate a branch factory here. It was shown that the company had a million dollars to back the Canadian venture with, would put up a building to cost $12,000, and employ 60 hands by way of start until past the experimental stage. The company would further get all its glassware in Hamilton and greatly benefit, among others, the cooperage and nail industries.

It was decided to grant 10 years' exemption from taxation on building, land, plant, machinery, personal property and income, except school rates; supply water at 5c per 1000 gallons, lay down a 6-inch water main and provide necessary sewer connections. These privileges are, however, subject to the time the company is in active operation.

Municipal Insurance Scheme.

The committee discussed Ald. Hannaford's municipal insurance scheme at length and to bring it to a head decided to invite Mr. H. L. Drayton of the city law department, Toronto, who has made a special study of the question, to meet the Finance Committee here and explain his views on municipal insurance.

Plea for the Canadian Hen.

Rev. Mr. Geoghegan and an influential deputation representing the Hamilton Poultry Association asked for a grant to enable it to hold an open exhibition. In his appeal for aid to make the poultry industry of the province more productive, Mr. Geoghegan showed that three-quarters of England's $20,000,000 import trade of eggs was supplied by France, while Canada sent only $800,000 worth. There was also a fine market in the States. The committee promised to take the question up.

A Lecture on Armenia.

Rev. George Filian, an Armenian preacher, lectured in Centenary Church this evening on the Armenian massacres. He spoke regarding Great Britain's indifference to the killing of Christians by the Turks, and said the United States Consul, who, has recently been recalled by President McKinley and has stated the Sultan is a good man, is an infamous liar. "He drank the Sultan's liquors," the lecturer said, "and is most immoral. He also allowed his wife to accept valuable presents from the ruler of Turkey."

Crescent C. C. Concert.

The first annual concert of the Crescent Cycling Club in Association Hall to-night was well attended. Mrs. Caldwell of Toronto and Miss Tina McCallum of Galt were the stars. The front seats in the hall were reserved for the champion Tigers, the president of the Crescents, Ralph Ripley, being one of them.

HOME FOR INCURABLES.

Annual Meeting of an Institution Which Has Done Much Good—General News.

Hamilton, Nov. 18.—(Special.)—The seventh annual meeting of supporters of St. Peter's Home for Incurables was held in the lecture room of the Public Library this afternon. The attendance was the largest in the history of the institution, and Bishop DuMoulin presided. Rev. Father Geoghegan, the warden, presented a lengthy report, referring to the good work done during the year. Twenty-nine persons were cared for and there were seven deaths. The income from all sources was $2707.16. Of that amount the Ontario Government gave $1003.31, County of Wentworth $250, City of Hamilton $155.28. The expenses were slightly in excess of the receipts. The salaries and wages account was only $440.68, and the smallness of it was commented upon.

H. P. Bonney was elected secretary and Stuart Strathy treasurer for the ensuing year. The following were elected to the Board of Management: Misses Domville, Brown, Carpenter, Chowan, Osborne, Mesdames Sanford, McGiverin, Wright, Tandy, Tinsley, C. J. Myles, Messrs. W. F. Burton, Alex. Bruce and R. A. Lucas.

The New Coffee

Is not coffee at all, but a perfect substitute for either tea or coffee. Served free daily at Bertram's, 65 King-street east.

Conservative Club.

On Saturday evening the members of this club will be favored with a good program of vocal and instrumental music. A good orchestra will furnish instrumental music and vocal music will be supplied by Thomas Lewis, the well-known tenor of the Glee Club, who will sing solos, and also contribute duets with Mr. T. Jones; Mr. G. Henderson is also expected to contribute some of his minstrel selections. These will be added to by recitations and piano selections, and a very enjoyable evening may be expected. All Conservatives invited.

Rewards to Pupils.

The medals and prizes won by the pupils of the city Separate schools at the midsummer examination were presented by Bishop Dowling last night. The Bishop has promised a gold medal to the pupil winning the highest marks in arithmetic at the High School entrance next year.

A Canadian Inventor.

J. H. Coleman, a clever inventor, of Tottenham, Ont., has induced the Hamilton Street Railway Company to put his fare box on the line. The box has a mechanism which prevents a fare being part'y inserted and then withdrawn, and saves the conductor much trouble. Mr. Coleman is also the inventor of an airbrake which has brought him in a fortune from United States railways.

Personal and Other Items

R. W. Bro. C. V. Emory, M.D., D.D.G.M., was last night presented with a silver carving set by Burlington Lodge. The lodge is the Doctor's mother lodge and he joined it 25 years ago.

Health Officer Ryall is considering the cancelation of the license of a milkman who delivered milk at a house to-day placarded for diphtheria. He had done this several times.

B. Moriarity had Patrick McAuliffe and Patrick Farley in court to-day for pummelling him on the ship Vienna. Both were committed for trial.

Rev. W. H. Watson, pastor of Immanuel Congregational Church, who resigned his pastorate last Sunday, will, at the solicitation of the congregation, reconsider his decision.

Work has been stopped on the Argue-street sewer on account of the quicksand encountered. Some 75 feet have been completed, but the remaining 225 will be left untouched until next summer.

Shirley Onderdonk leaves for Alaska to-morrow, to superintend the survey of a railroad backed by the Rothschilds of London.

The remains of D. E. Roberts, late a deacon in James-street Baptist Church, arrive here from Detroit to-morrow.

The trial of Andrew Mortimer on the charge of burglary is set for the December sessions. Bail was taken for $400 with two sureties of $200 each.

The Canada Life Assurance Company and the Hamilton Electric Light and Power Company will go before a board of judges on the question of assessment. The latter wants its personalty assessed at $30,000 instead of $92,000. Eleven appeals are now in.

COUNTY AND SUBURBAN NEWS.

Toronto Junction, Nov. 18.—(Special.)—A tridnum of prayer commenced at St. Cecelia's Church this evening, and will continue until Monday next, the Patronal Feast. On Sunday evening there will be musical vespers by a select choir from Loretto Abbey and a sermon, suitable to the occasion, will be preached.

Rev. Stanley Stocken entertained the adherents of St. John's Church last night with a lecture on life among the Blackfeet Indians. He illustrated it with many souvenirs of Indian pipes, moccasins, beadwork and other articles of Indian manufacture.

The regular meeting of the W. C. T. U. was held yesterday at their rooms, No. 70 Dundas-street. A debate on "Faith Cure" provoked spirited discussion. Mrs. J. C. Horner spoke on social purity and Mrs. D. Sanders read a paper on the Canadian plebiscite.

A petition is in circulation, and has been largely signed, for a letter box at the corner of Humberside-avenue and Dundas-street.

The Swedenborgians purpose starting a series of lectures here on Sunday afternoons to arouse interest in their faith.

William Beasley has organized an orchestra in connection with Victoria Church Sunday school.

North Toronto.

The question of incorporation by Deer Park is being talked of by some of the prominent ratepayers.

Chief Lawrence was knocked insensible yesterday by a shock from the electric light wire while trimming the lamps. He was conveyed to Oulcott's Hotel and was some time before he completely recovered from the effects of the stock.

The Court of Revision, held to confirm the sidewalk laid along Yonge-street, met last evening and passed the necessary by-law.

The second entertainment of the St. Clement's Literary Society was given last evening at the Y.M.C.A. Hall. Rev. T. W. Powell presided, the program being provided by Mr. and Mrs. Waddington, Mr. W. Durand, Mr. Mucklestone, Mrs. McKenzie and the Trinity Club.

York Township Council.

A special meeting of the Council was held yesterday afternoon at the Town Hall, Eglinton, to consider the question of entering into an agreement with the Toronto Street Railway for the extension of the company's line northerly from its present terminus on Avenue-road to a point in Deer Park. A large number of township ratepayers were present and presented their views on the proposition.

Reeve Hill presided and recalled the application of the Railway Company made some time ago. He said he heard that objections had been taken by some ratepayers to granting the franchise asked, and the Council were anxious to have the views of those present. While not prepared to accept the agreement now before them, he was anxious to see the extension of the city railway into any part of the township, and the more such lines were extended the more valuable those portions of the municipality would become.

Dr. Hodgkin was the first to avail himself of the Reeve's invitation and objected to the matter being considered at all, on the grounds that the Toronto Railway Company did not propose to allow their name to be used in the agreement.

The Reeve explained the reason for such a condition, and ex-Reeve Humberstone took the stand. The speaker thought the agreement before them would certainly lead to litigation. He criticized the bill calling the meeting as a pure humbug, and asked that before any action be taken the proposed agreement be printed and circulated throughout the township. The ex-Reeve endeavored to get a motion through to adjourn consideration for one month, but Reeve Hill ruled the proposition out.

Mr. James Armstrong said objections were always taken to any enterprise and urged the Council to proceed to consider the question in hand.

Mr. Lawrence Baldwin expressed strong objection to any further delay. If the by-law were advertised in the statutory way ample opportunity would be afforded the ratepayers to guard their interests. To postpone the matter would be a very great mistake. The proposed extension would add much to the value of Deer Park property and would induce many people to take up residence in that part of the township.

Dr. Parkin made a forcible speech in favor of making an agreement with the Toronto Railway Company. He spoke, he said, on behalf of Upper Canada College. The new railway would build up a beautiful locality in the district through which it ran. The opportunity, if not now accepted, might never occur again.

Mr. Thomas Elliott, Fairbank, ex-Deputy Reeve J. Macdonald and Mr. David Dunean also spoke, the two former favoring the railway under proper restrictions, the latter objecting to the franchise in its entirety.

The Council, after hearing the different speakers, settled to a consideration of the agreement submitted by the Railway Company.

A number of clauses were thought to be objectionable and it was finally decided to refer the agreement back to the company.

The Council, at the same time, passed a resolution to the effect, that they would consider the granting of the franchise on the lines of an agreement similar to that entered into with the Toronto and Scarboro Railway.

Thornhill.

Dr. G. A. Langstaff contradicts the report that his fine Jersey heifer was run into by a Metropolitan Railway car.

East Toronto.

For a number of years the land owned by the G. T. R. north of York station has been of no practical utility. But in the near future it will be converted into one of the largest railway yards in Ontario. The great increase in business on the G. T. R. has demanded increased facilities for the forming of freight trains going east. This being the case, East Toronto has been deemed the most convenient place for this purpose. Already nearly fifty men have been set to work to prepare the ground for the extension of the yard. Several new sidings will be laid immediately. The World was informed yesterday on good authority that the G. T. R. intend making arrangements shotly that will cause a large influx of railway population in East Toronto.

The Liberal-Conservative party of East Toronto will make arrangements for holding a political meeting for the purpose of discussing provincial questions. Several of the most able speakers will be invited. Provision will also be made that the people of the surrounding townships may attend.

Magistrate Frankland yesterday afternoon committed Frederick Wilson of Chester for trial on the charge of having seduced May Johnston, also of Chester.

The concert held under the auspices of Church Brigade Company 53, in Danforth Hall last evening, was a decided success. The attendance was good and a most interesting program was rendered. The leading feature of it was "A Quiet Family," which was performed with much ability.

Islington.

Islington, Nov. 18.—(Special.)—Rev. Mr. Gibson of Jarvis-street Baptist Church addressed the annual meeting of the Upper Canada Bible Society in the Methodist Church. Mr. Macpherson was re-elected president and Mr. Streight secretary. The following collectors were appointed: S. Bigham, R. H. Evans, and A. Parker. Mimico was decided on as the next place of meeting.

The Hardy Club of Etobicoke will meet here on Monday, Nov. 22, when a debate will take place on "Resolved, that the natural avenue for Canadian trade is across the Atlantic." Mr. W. J. Hill and other speakers will address the meeting and songs and choruses will be rendered by local talent.

Rev. Dr. McDiarmid of Napanee is in the city.

LODGE WILL WORK HARD.

He Proposes to Shut Out Undesirable Foreign Immigrants Perhaps He Will Let Up on Canadians.

Washington, Nov. 18.—Senator William E. Chandler of New Hampshire, in an interview to-day regarding legislation at the coming session of Congress, said: "Senator Lodge proposes pushing the measure looking to the restriction of immigration and of demanding its passage without delay. Bills proposing to bar out the undesirable foreign element from entry into this country are now pending in both the House and the Senate, and there is no doubt that the two Houses will be able to agree upon a bill. The House measure lays restrictions on what are called "birds of passage," but the Senate bill does not. The class referred to is that which lives along the northern and southern border lines of the country, and embraces Mexicans and Canadians who work daily in the United States but live in their native countries. This part of the bill, in my judgment, eventually will be omitted, and the Senate bill, which applies to immigrants from European and oriental countries, passed.

"Some action, I believe, will be taken looking to the relief of the Cuban insurgents. Of course the Republican policy will largely depend upon the President's message, but my opinion is he will leave the entire matter to the judgment of Congress.

"The prospects for the ratification of the Hawaiian treaty are excellent. The Republicans will stand by it to a unit and many Democrats will do likewise. I think the necessary two-thirds vote will be secured. As to financial legislation, especially as to a revision of the banking laws, I cannot see how any such legislation can be passed."

THE ROYAL GRENS.

Inspection by Col. Otter—Presentation of Prizes in the Armouries Last Night.

The Royal Grenadiers assembled last night at the Armouries 451 strong, in command of Col. Mason. There was a large attendance of spectators in the gallery to see the presentation of prizes won at the annual rifle matches. Before the distribution the regiment was inspected in battalion movements by Col. Otter, who was assisted by Col. Mason and Major Bruce. The men were then formed into a hollow square, the trophies being arranged on a table in the centre.

The presentations were made by Mrs. (Col.) Grasett, Mrs. (Col.) Mason, Mrs. (Major) Bruce and Mrs. Cameron.

Much interest is being taken in the marching and firing competition for the Gascoigne Cup, as the Grens. have already won the St. Croix Cup in the district competition, and are at present in the lead in the Dominion competition. The final match will be decided at Halifax on Saturday.

The regiment will parade on Thursday next at 9 a.m. for the purpose of taking part in the military manoeuvres.

Capt. Tassie has been granted leave of absence on account of sickness. Lieut. Mason will take charge of E Co.

During the evening the band rendered a short program.

A COOL CATTLE THIEF.

Single-Handed He Disarmed Three Officers and Got Away.

Emporia, Kan., Nov. 18.—A deputy sheriff, a Santa Fe railway deputy and a policeman, while attempting to arrest a cattle thief in the postoffice last evening, were all three disarmed by a single man, who escaped. The three officers went to the postoffice and placed Kooken under arrest while he was reading a letter.

"All right," said Kooken, the cattle thief, "I'll go with you in a minute," and commenced placing his letter in his pocket. Like a flash he pulled a revolver in each hand, shoved one into the face of the officers and said coolly: "Cough up your guns!" and almost in the same breath covered the two officers. In a moment the three men were disarmed. Shoving the pistols into his overcoat pocket, he rushed for the door and disappeared.

The Rexcal Bylaw Sustained.

Pickering, Ont., Nov. 18.—At the official count to-day the Pickering local option repeal bylaw was sustained by 12 majority. The vote was not as large as on former occasions.

Charles Welsh is charged with having assaulted his aged mother at her home, 187 Queen-street east, on Wednesday. He was in court yesterday and remanded till to-day.
