We must all use laxatives

—we who eat rich foods and exercise too little. The best way to take them is a Cascaret at a time—when you need it.

You know when you need Cascarets. You feel a certain dullness, a depression—perhaps the approach of a headache.

You say, "I must take something tonight." But why do you waste the day?

It is easy to keep at your best at all times, if you'll do it. The way is to carry a box of Cascarets with you. Take one just as soon as you need it.

Then the clouds rise at once.

The need for Cascarets is a natural need. Don't think that you are dragging yourself. We must get a laxative some way. If we don't get it through exercise, and through proper food, we must get it otherwise.

Cascarets are the next best way.

Ask your Doctor about it. He will tell you that the day of the violent purgative is past. The day of pills, salts, castor oil and cathartics.

This is the day of the gentle in medicine, the natural, the pleasant. Cascarets act just as certain foods act—just as exercise acts—on the bowels.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and 10 Cents per Box.

FOOLED THE CONSTABLE.

Ventriloquist Reynard Gave Exhibition of His Powers.

According to a story told by Carroll Kelley, who vouched for by Sheriff Robert W. Chanley, a zealous, but unsophisticated constable in Dutchess County had an experience with a speeding automobile last week that he for some days could not well understand, says an Albany, N.Y., paper. Mr. Kelley is the manager of the New York Central restaurant in Poughkeepsie, has to do with the dining car service on the road, is a former sheriff of Hamilton County, Ohio, is interested in theatricals, has an extensive acquaintance with the folk who tread the boards, and loves a good joke.

For several days in the past fortnight, Mr. and Mrs. Kelley entertained at their home on Corlies-avenue, the noted ventriloquist, Ed. F. Reynard, who is appearing this week at the Theatre, and the latter's wife, Reynard and Kelley were out on a road some distance from Poughkeepsie, speeding along in a modest rate of speed, when they observed standing in the middle of the road ahead the figure of a man, with a shot gun to his shoulder.

"A constable," said Kelley, "this is where we have to shine."

"I don't know why we should," Reynard replied, "we have not violated any speed regulations. I would call it a hold-up." Reynard was somewhat annoyed.

"Why not try some of your fine work on him?" queried the former sheriff from Ohio. "What's the use of being a ventriloquist if you can't make practical use of the accomplishment?"

Reynard brought the machine to a standstill a few feet from the constable, who with an officiousness that was amusing, introduced himself as the constable of this here town, at the same time stating that the machine had been running at a rate of fifty miles an hour.

Reynard looked hard at him for a minute, then, from a pond a hundred feet back on the road, seemingly came a faint cry for help. "What's that?" demanded Kelley, with apparent excitement, and clutching Reynard by the arm. "We must help her," he added, making desperate efforts to get out of the machine. The cries and wails of distress continued.

A woman, possibly young and pretty, was drowning. That was the only inference that could be gathered from the constable of this here town, at which each wail was concluded.

The constable "bit." In his excitement, which was genuine, he dropped his gun in the roadway and ran back to the pond, forgetting that he was about to transact official business with the constable.

Returning to Poughkeepsie, Mr. Kelley met at the depot Sheriff Chanley, to whom he told the story. Several days later, the constable called at the sheriff's office. He related the story of the young woman who had cried lustily for help, and he was perplexed to know whether she had been drowned or not.

Kidney Trouble Cured

When you have been exposed to wet and cold weather, your muscles and bones begin to ache, your head feels full and buzzing and kidneys give trouble, it is a sure sign of Grippe and you need a good medicine that will give relief quickly.

A lady sufferer writes: "I have suffered from these distressing ailments, colds and kidney trouble, for years. What a winter I made the discovery that a very simple thing called Tar-oil was very successful in curing the Grippe and colds in general. I find in most cases that kidney trouble and backache in the winter time is due to colds and I thought if I could keep myself from having a severe cold I would be able to pass this winter without the dreaded backache and kidney trouble. I have succeeded and now give this simple mixture to all sufferers. It is as follows:

One ounce Tar-oil.
One ounce Compound Syrup of White Pine.
One ounce glycerine.
One ounce Fluid Extract of Licorice.

You can procure these ingredients at any drug store at small cost and by adding three ounces of boiled water you have the preparation complete as it cured me. The dose is a dessertspoonful every two or three hours.

GRAND TRUNK PACIFIC CLASH WITH M'BRIDE

Premier of Coast Province Wants

Every Fourth Lot at Prince Rupert Without String on It.

MONTREAL, Feb. 18.—(Special).—The following is said on excellent authority to be the result of William Wainwright's visit to the Province of British Columbia. It appears that the coast province claims that in the case where the Indians cease to use the reservation they in consequence cease to be wards of the federal government, the lands in this case reverting to the province.

At Prince Rupert the local government asks for every fourth lot. The Grand Trunk Pacific says, "Yes, we agree to your demand, but want to build a model city. We wish to have the handling of all the property, relating to the province from time to time the proceeds of sales." To this counter proposition it appears that Premier McBride refuses to agree, and hence the hitch.

It is also stated that the tie-up will cause some delay in the handling of the hundred acre contract from Prince Rupert, eastward, for which tenders have been in since the sixth of January.

TACK THRU CHILD'S TONGUE.

Humane Investigates Story of Cruelty.

UHRRICHVILLE, Ohio, Feb. 18.—Humane Officer Jackson to-day swore out a warrant in New Philadelphia for Miss Clara Stirling, 24 years old, a teacher at the County Children's Home.

Jackson declares Miss Stirling confessed to him that she had taken a tack thru the tongue of 8-year-old Simpson Fowler, an inmate of the home.

The affair was made public by R. W. Chapman, the janitor, who declares he saw the occurrence. The humane officer investigated and says the child was punished with the tack for a trivial violation of the rules.

Miss Stirling is a niece of Superintendent Nugent of the home.

HAD A STAB-LIKE PAIN THROUGH THE HEART.

MILBURN'S HEART AND NERVE PILLS CURED HER AND SAVED HER LIFE.

There is no one, we imagine, sets about deliberately to do injury to the heart, yet in the excitement and excesses of present-day living, the nervous system is done violence to, and the heart and nerves being so intimately bound up with one another, disorganization of the one means disease and disorder of the other.

When you find your heart the least bit out of rhyme, your nerves unstrung, don't wait until you are prostrated on a bed of sickness. Take Milburn's Heart and Nerve Pills. They'll put you in such condition you'll never know you have a heart, make your brain clear and active, your nerves strong, your blood rich and pure, and your whole being thrill with a new life.

Mrs. John C. Yensen, Little Rock, N.B., writes: "I was troubled with a stab-like pain through my heart. I tried many remedies but they seemed to do me more harm than good. I was advised by a friend to try Milburn's Heart and Nerve Pills, and after using two boxes I was completely cured. I cannot praise them enough for the world of good they did me for I believe they saved my life."

Price 50 cents per box or 3 boxes for \$1.25, at all dealers or sent direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ROYAL TEMPLARS MEET

MEMBERSHIP INCREASES

But There's a Need for More

Funds—Toronto Aldermen Commended.

The grand council of Ontario of the Royal Templars of Temperance began its twenty-sixth annual session in Zion Congregational Church yesterday.

Devotional exercises were conducted by Rev. W. P. Fletcher of Drayton, after which the council assembled under the presidency of W. J. Armstrong of Toronto Junction, grand councillor of the order.

In his report Mr. Armstrong referred to the three-fifths clause as unfair, and expressed the hope that the committee on temperance and prohibition would bring in a strong recommendation urging the legislature to amend the law in this respect.

"For the first time an example of what can be accomplished," the report continued, "by having true temperance men on the council board. Thirty-four licenses have been cut off, and that means that many traps closed. Much of the credit is due to our Do-Deo members, who are men in all our councils, and who can only be done by temperance people supporting them in preference to others."

The grand secretary's report, presented by W. M. McMillan of Brampton, showed a membership in the order of 6884, an increase for the year of 177, there are 171 councils.

The general fund showed a net deficit of \$1253. In regard to finances the report said: "The problem confronting this grand council that funds in excess of the present revenue are absolutely necessary if aggressive work for the order is to be carried on."

During the past year \$4405 was paid in sick and funeral benefit claims and the department shows a surplus of \$2854. Of this surplus, \$4482 represents \$5000 of Toronto bonds at 3 1/2 per cent, \$300 a loan to the general fund and \$1093 cash in bank.

A LAWLESS TRIO.

Twice Break Into Man's House and Assault Him.

William Howard, Eastern-avenue, was arrested by County Constable Robt. Burns, charged with breaking into the house of George Brown, 135 Reid-avenue, Saturday night.

Howard lived alone and on Saturday night was amusing himself with a photograph. Two men burst in his door and one of them announced that he had come to fix the machine.

One of the men felled him with a billy, and the house was ransacked, seeing a watch and a two-foot rule. Brown's cries aroused the neighbors, who saw three men running away.

They returned, however, shortly after, but Brown heard them coming and arming himself with a hatchet he struck the first man to enter the door a blow upon the head.

The men fled. The men are believed to be the same three who attempted an entry at William Skinner's house earlier in the evening.

Refused to Give Up Prisoner.

PETERBORO, Feb. 18.—(Special).—Because he had not completed his sentence, the governor of the local jail refused to hand over a prisoner named Turner to P. Devlin of Ottawa, Immigration Inspector and deporting officer of the Dominion Government.

Turner has been in the county for about a year and was arrested here on a charge of vagrancy. He was given a month in jail to await the arrival of the inspecting officer. The period of confinement does not expire until Feb. 23, and the local police magistrate and the governor of the jail refused to liberate the prisoner.

Devlin had to go away without his man.

POTTSVILLE, Pa., Feb. 18.—An ice jam in the Lehigh River near Nesquehoning, almost resulted in the drowning of a dozen workmen who were driving a tunnel to drain the water from the mines of the Lehigh Coal and Navigation Co.

The jam formed near the mouth of the tunnel and the river overflowing, washed large pieces of ice into the tunnel and filled it to a depth of five feet before the rockmen were aware of their danger. They were able to wade out with great difficulty and shortly after their escape the tunnel was completely filled.
