LAND COMPANY FOR VETERANS

Would Enable Them to Dispose of Scrip in the West to the Best Advantage.

OTTAWA, Sept. 18.—(Special).—A movement has been inaugurated to organize the 8000 Canadian veterans of the South African war into a big federation, with the object of advancing and protecting their interests in many directions.

Necessity for organization has, it is claimed, become imperative owing to the determined efforts of land speculators in every part of Canada to buy up veterans' scrip at a price greatly below its market value.

The veterans realize that only by acting unitedly and refusing to sell their land below a reasonable figure, through a central board of their own appointment, can they succeed in defeating land speculators.

The proposal is to form a Dominion Veterans' Association, which will in a sense be a governing body for the veterans of the Dominion.

It is believed that by veterans refusing to sell only through this board their scrip will secure from \$300 to \$1000 for their rights and save the profit which would otherwise go to land speculators.

It is estimated that not more than 3000 veterans will become settlers upon western land and the remaining 5000, for business and other reasons, will be obliged to sell their rights.

DIDN'T GET GOV. CONTRACT

And Now Stockholder Doesn't Want to Buy Up.

In the county court yesterday, Judge Morgan reserved judgment in the suit brought by the Ideal Cylinder Snow Plow Company, Limited, against Alfred Vanstone for the balance of calls on stocks in the company, bought by Vanstone. The amount involved is \$65.

STRAITS ICE-BLOCKED?

If True, May Have Effect on Canadian Project.

ST. JOHN'S, Nfld., Sept. 18.—Should the report of the ice-blocked conditions in Hudson Bay, which was summed up by St. John's, Nfld., by the sailing steamer Adventure, prove to be true, of every year, the great project of the Canadian Government, providing for the expenditure of \$30,000,000 in the opening of a line of grain-carrying steamers from Fort Churchill in Hudson Bay to Europe will undoubtedly fall through.

Sultan's Forces Are Preparing to Bombard Tabriz.

TABRIZ, Sept. 18.—The situation here is perilous. The shah's force are on the point of bombarding the city.

LIBS TO ISSUE DAILY TO SUPPORT CANDIDATES

VANCOUVER, B.C., Sept. 18.—(Special).—Vancouver Liberals have arranged to issue a morning paper, commencing next week, from the office of The Saturday Sun, which is itself supporting the Conservative candidate, Mr. Cowan.

DR. RIORIAN PROGRESSING.

Dr. R. L. Riorian, who went to New York for treatment for dog bites in the hands, is staying at the Hotel Belmont and is being attended to by the New York department of health. Everything is favorable for him.

Winnipeg Furrier in Trouble.

MONTREAL, Sept. 18.—(Special).—A Winnipeg furrier named Michael Fred, who is accused of obtaining \$800 worth of furs from N. Silver, a Montreal furrier, under false pretences, came into court for hearing to-day.

Cheaper Cable Messages Perhaps By New Company

OTTAWA, Sept. 18.—(Special).—The announcement made at the last session of parliament by Hon. Rodolphe Lemieux, that the government hoped to arrange for Atlantic cables at the rate of ten words for a shilling, seems about to materialize.

The government, it is announced, has given the matter most serious consideration, and an arrangement will shortly be made whereby this cheap rate will go into effect.

It is expected that a contract will be made with one of the present cable companies, but, if not, a new company will be formed, which will be subsidized by the government.

ALDERMEN POSITIVE EXHIBITION PASSES WERE NOT ABUSED

Some Replies to Allegations That Personal Privileges Were Handled Around Too Freely.

Dr. Orr of the Canadian National Exhibition, speaking to The World last night, characterized as "absolute" without fact or foundation, the evening newspaper story to the effect that a member of the board of directors had sold clothes to the grand stand performers in the way of blackmail and had skimped the amount of the accounts out of their wages.

"It is absolutely untrue either as applying to any present member of the city council or any former member."

This sort of thing only gives outside newspapers a chance to knock Toronto, and there is no senator or legislator in it. Why do the evening newspapers try to stir up trouble so as to make it impossible for men like Mr. McNaught or Mr. George to act on the exhibition board?

Dr. Orr was informed that the investigation was to go on in October under Judge Winchester, senior judge, and he replied, "We are ready for to-morrow morning and the sooner the better."

Ald. Chisholm had never known of such practices as were alleged in one paper to have taken place, a member of the board of directors having been dead for thirty or forty years, and the fair in one day.

"For my own part I have never taken advantage of the privileges," he said, "and I know of one director having been turned back for not showing his badge."

Ald. James Hales had no knowledge of any impropriety.

Ald. McBride stated that the officials exercised great strictness at the gates.

"I had to show my badge every time I passed," he declared. "One man was dismissed for allowing a director thru without showing his badge. Mr. McBride did not think the charges of deadheading were well founded."

"As an alderman," he proceeded, "I think it is the greatest mistake the city ever made if they take the management of the exhibition out of the hands of the aldermen."

"Ten carmen employed at the local shops quit work to-night, and fifteen are reported to have quit yesterday."

"An epidemic of typhoid fever has broken out among the strikers in Winnipeg, and one death is reported," said an official of the union to-night.

At North Bay a car repairer was cut in two by a car falling on him. He was buried next day without an inquest being held. The accident resulted in his death, was the result of incompetency in jacking up the car."

The Lake Superior division is in bad shape. There is hardly a train moving, and the company is transferring some of the 600 class of engines west to help out matters, altho they are needed here just as badly. Freight is falling off daily on the Ontario division, as one after another of the engines are going out of business.

With the left main rod off and the side rods bent, engine No. 1567, which train attached, was towed into the yards yesterday afternoon by engine 641.

It took strikebreakers four days to remove a pair of wheels from an axle. The old hands would have done this in a few minutes with the hydraulic press.

Reports from outside points state that a train of fifteen cars of wheat was derailed west of Fort William yesterday.

COBALT CURB ORGANIZED.

Trading Will Be Held for an Hour Every Afternoon.

COBALT, Sept. 18.—(Special).—Cobalt brokers propose to form an association to be known as the Cobalt Curb. Trading will be carried on daily between the hours of 4 and 5 p.m. on the square in front of the opera house. A committee has been named to settle on details and report.

Storm at Manila. MANILA, Sept. 18.—In the 24 hours ending at 8 o'clock this (Saturday morning), twenty-three new cases of cholera and six deaths have been reported. The epidemic continues to recede.

A great storm is now drenching Manila, and it is believed this will greatly assist in clearing the city. A typhoon is raging off the coast.

Home Thief Sentenced. REGINA, Sask., Sept. 18.—(Special).—Peter Daniels, the half-breed, whose arrest two or three months ago by the R.N.W.M.P. was only effected after he had been seriously shot, was to-day convicted before Chief Justice Wetmore of house stealing in the vicinity of File Hill and sentenced to two years in Alberta Penitentiary.

FORGE PREMIER TO TALK STRIKE

G. P. R. Mechanics at North Bay Will Lay Grievances Before Him and Request a Statement.

NORTH BAY, Sept. 18.—Sir Wilfrid Laurier is billed to address a public meeting here next Friday.

The Canadian Pacific strikers have notified the premier that they will take advantage of the occasion to present their case to him, and it is expected that in his speech the premier will deal with the strike situation at some length.

No one, of course, has any idea what Sir Wilfrid is likely to say on the subject, but a great many strikers at this and other points along the Canadian Pacific are said to be ready to be guided by his advice, whatever it may be.

It is expected that Sir Wilfrid's meeting here on the 25th will be attended by labor men from Toronto, Ottawa, Montreal and other centres.

MADE TO BE BROKEN.

Civil Service Not Yet Removed From Sphere of Politics.

OTTAWA, Sept. 18.—(Special).—When the civil service act was passed by the commons last session, it was stated by the government that the civil service had now been completely removed from the sphere of party politics.

There were suspicions at the time that the government would find a way out of this whenever convenient. These suspicions have been justified.

The very first appointment made after Prof. Shortt and Mr. Larochelle were elected commissioners was by the cabinet in council, namely, Wm. Foran as secretary.

Under the act the commissioners were to have appointed their own secretary. It is true that they approved of Mr. Foran, and it is probable that no man is better fitted for the position, but the fact remains that the government broke its own act.

GOOD AT SHERBROOKE GIVE BORDEN GREETING

Hon. T. Chase Casgrain Points Out Ontario as an Example of Fair Play to Race and Creed.

SHERBROOKE, Que., Sept. 18.—(Special).—One of the largest success of the present tour of R. L. Borden and his followers was scored here to-night at a big mass meeting held in the stadium in the interests of Dr. A. N. Worthington, M.P. for Sherbrooke, and the other candidates in the eastern townships.

Six thousand people from the city and different parts of the eastern townships filled the hall.

The meeting was jointly presided over by Hon. M. F. Hackett and Dr. J. O. Camirand, who introduced Hon. J. D. Hazen, premier of New Brunswick. One thing which he particularly disliked was the way Sir Wilfrid Laurier picked his ministers. One, for instance, was Hon. Mr. Pugsley, minister of public works, who for years managed affairs in the Province of New Brunswick, and was then taken into the Laurier cabinet and placed at the important post of the public works department to continue the maladministration he had been so long associated with.

With the left main rod off and the side rods bent, engine No. 1567, which train attached, was towed into the yards yesterday afternoon by engine 641.

It took strikebreakers four days to remove a pair of wheels from an axle. The old hands would have done this in a few minutes with the hydraulic press.

Reports from outside points state that a train of fifteen cars of wheat was derailed west of Fort William yesterday.

DISTINGUISHED VISITORS.

Academy of Medicine Entertains Party of French Notables.

A very distinguished party of French medical men arrived in the city yesterday morning at 7.15. They are on their way to the International Tuberculosis Congress at Washington and represent Paris, Lyons and other French cities and also Algiers. The party numbers 23 gentlemen and five ladies.

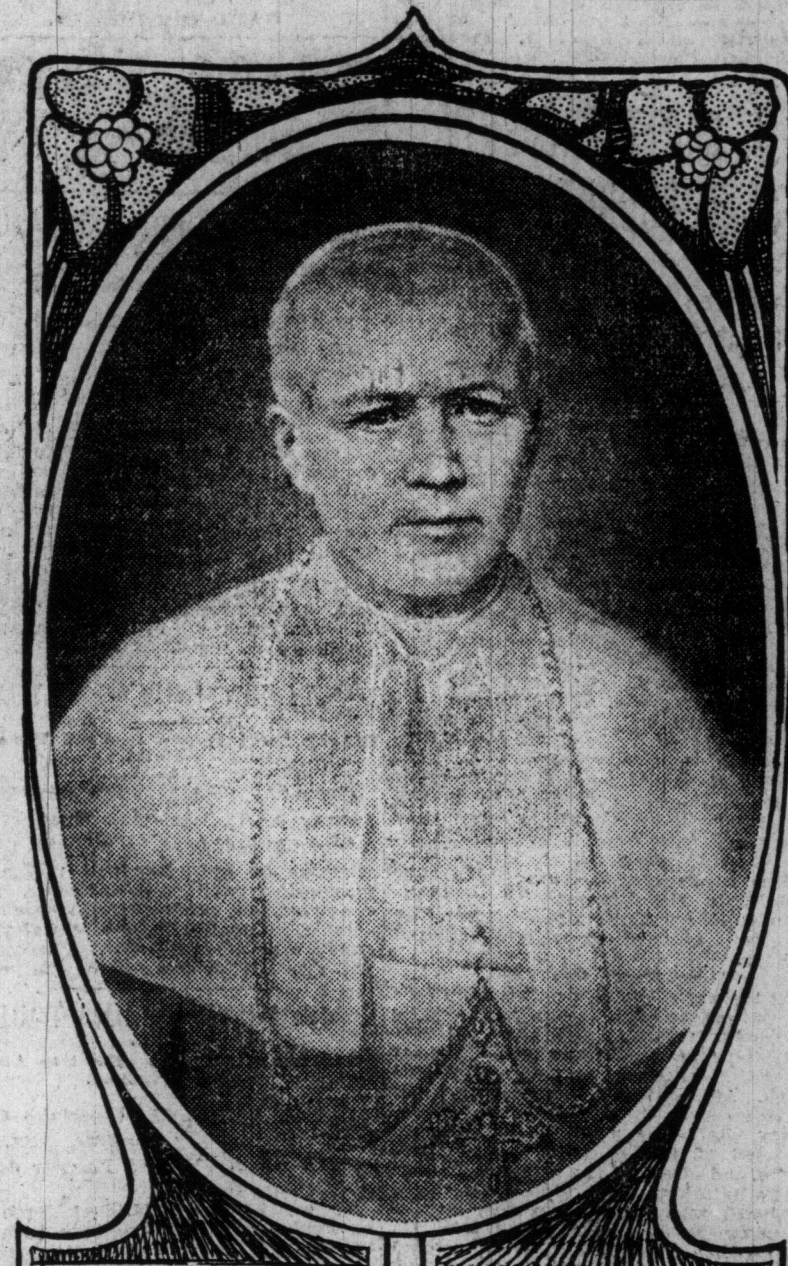

During their visit in Toronto they were the guests of the Toronto Academy of Medicine, which has about 250 members.

The visitors were given a motor car drive around the city at 10.30 and were entertained by Dean Reeve of the Medical Faculty to luncheon at 1 o'clock in the medical building of the university.

The academy entertained the party in the afternoon at a reception at their academy headquarters, 9 Queen's Park. In the evening Dr. Ross, president of the academy, and Dr. W. H. B. Atkins gave a dinner in honor of the visitors at the Toronto Club.

HIS HOLINESS POPE PIUS.

THOUSANDS OF TELEGRAMS

ROME, Sept. 18.—The Pope to-day received thousands of telegrams and addresses of felicitation from Italy and abroad on the occasion of the fiftieth anniversary of the celebration of his first mass. The holy father celebrated mass personally to-day. About 3000 persons attended, including eight cardinals and many archbishops.

TUMBLES FROM SCOW AND DROWNS IN BAY

David Gracie Meets Death While at His Work—Body Not Recovered.

At 4 o'clock yesterday afternoon David Gracie, 23 years old, fell overboard from a scow when about a quarter of a mile west of the eastern gap, and was drowned.

He came to the surface and shouted for help, and one of his mates threw him a life preserver, but the unfortunate man was unable to reach it and sank. At that point the water is very deep and recovering the body will be a difficult task.

Gracie was an employee of the Wedgell Company of Trenton, who are engaged at present in delving a new channel at the western end. It is customary, when the dredge has piled up a sufficient load on the scow, to have it towed into the lake and dumped in deep water.

The spot where he sank was buoyed by an oak fence, and Malt Aykroyd was at once notified by Commissioner Harris. He worked till darkness compelled him to desist.

PARTNER LAYS CHARGE.

Percy Patten Arrested at London on Geo. Head's Complaint.

LONDON, Sept. 18.—(Special).—Percy Patten of Toronto, who registered as a merchant and dealer in bankrupt stocks, was arrested this evening on a charge of misappropriating \$750, preferred against him by George Head, also of Toronto.

Head claims that they were partners in disposing of bankrupt stocks. At Ripley a stock realized \$1500, which should have been divided between the two. Head charges that Patten made away with the whole proceeds.

GOOD-BYE TO THE STRAW.

Dineen's Specials in Felt Hats Are Now the Seasonable Idea.

The becoming straw sailor and the more luxurious Panama hat bid good-bye to summer time to-day. It's hard to part with such good useful friends, but there is balm in the knowledge that Dineen's well felt hats at \$2.50 and \$3 in soft and hard material and the newest styles are an appreciable change.

Saturday is men's hat day at Dineen's, Yonge and Temperance-streets, and the big store will be open until 10 to-night. Don't forget Dineen's are Canadian headquarters and sole agents for the famous Dunlaps and Henry Heath, London.

To Toronto for Sunday—Train leaves Niagara Falls at 10.08 a.m., arriving Toronto at 11.35.

Mr. Borden will be accompanied to Toronto by Premier Roblin, Premier Hazen and Hon. W. J. Hanna and will be joined at the Massey Hall meeting by the representative of British Columbia, the Attorney-General Bowers, Premier McBride being unable to attend. Premier Roblin will go to Peterboro and Pictou with Mr. Borden, and the opposition leader will continue the tour without "the Conservative program," tho it is probable other meetings will be arranged for the outside men. Sir James Whitney is to be at the Massey Hall meeting, but he has now announced that he will not arrive in time.

"Bill" Gallieher in Town. W. A. Gallieher, ex-M.P. for Kootenay, the man most talked of in connection with the chairmanship of the second division of the Ontario Railway Board, is at the King-Edward on his way home to British Columbia.

Mr. Gallieher quit politics and will resume the practice of law in Vancouver. It is well known that he would have been chosen for the position of assistant chairman but for the situation that confronted Sir Wilfrid in having to provide a place for Mayor D'Arcy Scott if the venerable secretary of state were to leave the cabinet.

Speaking of the new board Mr. Gallieher said to The World that if Prof. McLean possessed the qualifications credited to him by the press, in his opinion he was a very necessary man on the commission. As to Hon. Thomas Greenway he said he (Greenway) possessed a knowledge of the conditions in the west as between the grain-growers, grain exchange, business men and transportation companies probably not possessed by any other member of the board, and as a personal friend he was pleased to learn of his appointment.

Mr. Gallieher predicts that the government will carry a majority of seats in British Columbia.

Candidates Getting Busy. Toronto Liberals have entered actively upon the campaign by opening a number of committee rooms. It seems to be about settled that only in two of the five Toronto ridings will the Liberals make an effort. They have W. H. Shaw in the field in the north and C. Robinson, K.C., in the centre. In the south riding the electors will be free to choose either A. Claude Macdonell, Conservative, or J. G. O'Donnell, Conservative, and J. H. Duthie, public ownership; and in the east there are some signs of an Independent Conservative nomination against A. E. Kemp. The executive of the East Toronto Liberal Association will meet early next week to discuss the situation.

W. H. Shaw, Liberal candidate in North Toronto, has opened committee rooms in the Colburn-street place, 923 Yonge, phone N. 4573; 655 Yonge; 237 College, phone C. 354; Douglas Hall, 232 East King, M. 6100; West Toronto, 289 Spadina-avenue, Bathurst-street.

Bristol's committee rooms: 264 Yonge, telephone M. 528; 839 Spadina-avenue, College street; 1 Arthur-street, M. 2300. Claude Macdonell's committee rooms: 71 Victoria, M. 3205; 799 West King, 232 East King, M. 6100.

Hon. G. Foster's committee room: 762 Bathurst-street. A. E. Kemp's committee room: 273 East Queen-street. Another will be continued on Page 10.
