Capt. Harry McGee's Store Side Defeats Capt. George Dean's Cohorts by 802 Pins.

Orchestra.

In opening the tourney, Manager Chas.
Booth read the following address:

"Mr. President, Ladies and Gentlemen,—
We are here because we are here. Mr.
Harry McGee, representing the store, with
his raithful followers, will fight for supremacy with Mr. George Dean, representing the factories, and his invincibles.
Thirty good men and true on each side
will struggle for victory, three games,
total pins to count. Mr. J. C. Eaton has
kindly consented to roll the first bail for
store and factory, and we all know he
will not show any partiality, as this is
where friendship ceases."

After the above speech the president
stepped to the foul line, and was greeted
with loud and vociferous cheering, and he
rolled the first bail for the store, and
was successful in making a strike, which
again brought down the nouse and, stepping to the next alley, he rolled two bails
and apared out for the factory.

The sixty contestants then took their
places on their respective alleys and the
rollowing scores teil the tale: Fred Lillie of the factory team made the highest single game
—245 pins. The greatest rivarry existed
between the two captains, Mr. Harry Mc
Gee and Mr. George Dean, and each playrolly, and invariably when one would
make a strike the other would follow
sult, and, altho the latter captain was
defeated, both in individual play and
plcked team, we will hear, no doubt, of a
challenge for a return game.

It is no wonder that the popularity of
Mr. J. C. Eaton exists and increases, as,
from the start to finish, he was on the
alleys amongst the players, first encouraging one side and then the other on to
victory.

The rivalry between the players from
store and factory has been increasing
