SEPARATE AUXILIARIES.

ST. JOHN'S EAST, NEWFOUNDLAND.

We thankfully acknowledge God's blessing which has rested upon us as an Auxiliary. Our monthly meetings were held regularly, and fairly well attended. Although deprived for some time (through severe illness) of the presence of our esteemed President, yet we rejoice that the close of the year finds us with our ranks unbroken. We are looking forward to greater success in the future.

ST. JOHN'S EAST MISSION BAND.

The St. John's "Gleaners" Mission Band has been organized about ten years. Many changes have taken place. Old members have gone to fill new spheres, and others have taken their places ; thus the work is still being carried on. We have a membership of twenty-five. Though our number is not very large, we are glad that the best results are not always obtainable from the largest numbers, and that good work may be done by the earnest few. Monthly meetings are held regularly. During the past year we held two public meetings at which we collected \$70.10 ; we hope to raise \$60 (sixty dollars) or more by the talent system. Our special work this year will be to visit the sick and to canvass for Sunday School scholars ; also, to contribute, as we have been doing for the last seven years, \$50 (fifty dollars) towards the support of a Japanese girl, and to defray the expenses of a boy attending our college in St. John's. May our efforts be blessed by Him who went about doing good.
