ST. JOHN TO HAVE BATTALION FROM CALGARY FOR TIME

Information was received at the office of the New Brunswick command this morning to the effect that the 211th Battalion from Calgary would arrive in St. John soon. The unit is about 800 strong and was recruited in Calgary some months ago.

The military authorities here on the receipt of the telegram got busy in arranging quarters for the unit and have decided upon the dairy building in the exhibition grounds. The work of getting the building in readiness will be started at once.

Just how long the unit will be quartered in the city is not known. The Halifax office is of the opinion that with the fact that St. John was not likely to be the quarters for any more units during the winter, but was liable to have several for temporary stays.

WILL ARRANGE FOR MILK INVESTIGATION

Common Council to Frame Questions to Elicit Information Regarding Increased Price—Will Ask Representative Dealers

The milk question, it is expected, will be before the common council again at the weekly meeting this afternoon. At the meeting of the council in committee yesterday morning the commissioners made the formal declaration that they considered that the price being charged for milk in the city was too high. This action must be confirmed at a formal meeting of the council.

The next step will be the drafting of the questions which will be submitted to the dealers to elicit the desired information regarding the basis of the price charged and it is probable that this will be dealt with this afternoon.

Another matter to be decided upon is the selection of names of dealers to whom the inquiries shall be addressed. The city has the right to call on all dealers but, as this would include a very large number of persons, it is intended that some representative dealers shall be selected and they will be asked to furnish the information.

The facts to be presented by the dealers must be furnished in the form of a sworn statement. After the statements have been received the council will consider the information and decide whether it is necessary to justify the increase. If not, the facts will be forwarded to Ottawa for the consideration of the dominion authorities.

POLICE COURT

Women Must Go Back to Moncton—Another Charge of Broaching Cargo

In the police court this morning a disorderly house case wherein Eva Collet was charged with being the proprietress and Pte. Olivier Hebert, May Soule and Annie LeBlanc inmates, was disposed of by Magistrate Ritchie. Each of the defendants was sentenced to six months in jail. The sentence was allowed to stand providing the three women go back to Moncton. A soldier in the case was allowed to return to his regiment. The women were given until tomorrow to leave the city.

John Coyle was charged with beating his wife. Mrs. Coyle said her husband was a source of trouble to her, all caused by drink. She said his name placed on the interdict list but still he secured liquor. She could do nothing with him. The court remanded him to the S. S. Charles McKay, a seaman on the S. S. Missanabie, was before the court charged with theft of liquor from the cargo. The charge was stated to the defendant and he was not asked to plead. John A. Barry appeared for McKay. The case was postponed until Friday.

City Northrup, arrested by Detective Barrett, was charged with wandering about Brussels street, not giving a satisfactory account of himself and also with tampering with a gum machine in front of Louis Cory's store. The detective testified and Northrup was remanded. All the evidence was completed in the case against Louis Herdewitz, charged with illegal sale of liquor on his premises in Main street. The magistrate said that he would reserve judgment. E. S. Ritchie appeared for the defendant.

BOYCOTT IS BEGINNING IN LANCASTER

Fairville Housewives Decide to Cut Down Milk Order—Matter at Women's Council Today

The milk situation so far as Fairville is concerned has taken an interesting turn. It is learned that a large number of housewives have decided that, commencing tomorrow, they will not buy from the dealers who have raised the price. Others having children in the family have agreed to reduce their customary amount to one-half.

At a meeting of the Ladies' Aid Society of the Fairville Baptist church last evening the matter was discussed, and it was resolved that any members paying 10 cents a quart should reduce their order to a pint. It was also agreed to cut down the use of butter and eggs as much as possible.

From information received it would appear that this milk agitation is likely to spread in the next few days. Well known ladies have interested themselves and are canvassing over the telephone and making personal calls on the housewives urging a boycott on milk until the dealers realize the people's stand on the question.

Other lady societies are, it is said, anxious to exert their influence at their next meeting, and the situation is certainly growing in interest.

This afternoon there is to be an important meeting of the local Women's Council organization. It is understood that the price of milk and also other high prices prevailing in food supplies are to be discussed.

INQUIRY BEFORE JUDGEMENT GIVEN

Case of Corsican Sailors in Police Court a Serious One—Two Violations of Law

The five sailors of the S.S. Corsican—John Lea, aged 17; George Monetta, 25; Fred R. Taylor, 24; Peter Christiansen, 17, and Griffiths Eanowes, 28, were before the police magistrate this morning for judgment. After considering everything, the court hesitated upon passing a sentence in view of the severity of the punishment, and had the sailors remanded pending some further inquiries.

Fred R. Taylor, on behalf of the C. P. R., said that he had received a communication from both the post office and C. P. R. officials, and they were of the opinion that as there were many thefts, both while these vessels were in port and during the trip across, and in view of the seriousness of the charge, some example should be made of these defendants. Mr. Taylor asked that in giving judgment the court take all these things into consideration. He further said that probably some leniency might be shown Lea and Christiansen, who were minors.

The magistrate said that there were two breaches of the law, that of breaking the cargo and also tampering with pieces of mail. The latter was a serious offence, the maximum penalty being fourteen years and the minimum three years. He said he would deal separately with the two younger ones. Three for milk in the city was too high. This action must be confirmed at a formal meeting of the council.

The mother of one, reading of the case, came to the city yesterday from Montreal to see her son.
