CREW TAKEN OFF SAFELY IN BOATS

Steamer River Wye, From Swansea, Loses Bearings on Atlantic.

LOST IN FOG

Wireless Messages Send for Immediate Help to Save the Vessel.

(By Canadian Press.)

Halifax, Nov. 24.—The British steamer River Wye, from Swansea to Boston, lost her bearings in the dense fog off the Nova Scotia coast and piled up on Port Mouton Island, Queens county, at five o'clock this morning.

The crew was taken off safely and brought to the mainland in small boats that put off from the shore. The scene of the stranding is about ten miles from Liverpool and nearer the village of Port Mouton. Few particulars have been received, but it is believed the River Wye is not in a hopeless position.

Has Coal Cargo

She is a steamer of 2358 tons and is believed to have a cargo of Welsh coal. She sailed from Swansea November 6. Wireless messages from the steamer sent out soon after stranding asked for immediate assistance, as it was feared the steamer was on the coast guard.

Goes to Assistance

Boston, Nov. 24.—A radio message received here today by the agents of the steamer River Wye said that she was ashore off the Nova Scotia coast and that a Canadian Government vessel was proceeding to her assistance. The vessel was due here tomorrow from Swansea, with 5000 tons of Welsh coal. A message to the coast guard gave the location of the wreck as latitude 44 north, longitude 64 20 west, which would place her between Halifax and Cape Sable, and said the steamers Matrar and Ripple were going to her aid.

Sentence Will Be Announced Monday

Halifax, Nov. 24.—Robert Theakston, former city collector for Halifax, who was convicted of theft of some thirty thousand dollars from civic funds, is to appear in court Monday for sentence. He was to have been sentenced October 31 but medical evidence was produced by his counsel stating that the convicted man was in such a precarious state of health that to take him into court for sentence might result fatally.

IRISH FREE STATE LOAN IS A SUCCESS

Ten Million Pounds is Assured by the Protestant Church in Ireland.

Dublin, Nov. 24.—The first loan floated by the Irish Free State raised entirely as a domestic loan has proved an unqualified success.

No matter how much the average class of persons more conservative than the lead owning squires who rarely make a mistake with regard to investments of their funds the Anglican Church of Ireland is representative of the most conservative of elements.

Notes Historical

He was ordained in 1877 and one week later preached his first sermon from St. Mary's pulpit.

He was about sixty-eight years of age and is survived by his daughter, with whom he resided, and one son, Rev. William O. Raymond, Jr., who is a professor of English in the University of Michigan.

Rev. Mr. McKim announced this morning that he would hold a service in memory of the former beloved pastor in St. Mary's church tomorrow evening.

Noted Historical Writer. The Province of New Brunswick will be forever indebted to Archdeacon Raymond for his historical work.

Intensely loyal and moved by a great love of British institutions, all that pertained to the history of the Province was dear to him, and he wrote with tender sympathy regarding their sufferings and what they accomplished.

But it was not only as a historian that Archdeacon Raymond left an impression on the minds of the people of St. John. His love of the people, his desire to serve, and his broad charity endeared him to the people.

He was last seen by companions with whom he was returning from a dance, at three o'clock this morning. Deceased lived in Westville and had a wife and family. An inquest will be held this afternoon.

Whale on Bow of Ship Stops Speed

San Francisco, Nov. 24.—When officers of the navy transport Argonne found difficulty in keeping up speed off the coast of Lower California they discovered they were carrying a whale on the bow of the vessel.

That was the story told by Lieutenant Commander L. W. Johnson, surgeon of the transport, when she arrived at Fort Mason yesterday from New York. The ship had rammed the whale and broken its back.

TWO LIBERALS TO SPEAK TONIGHT

Herbert Asquith and David Lloyd George to Address Electors at Paisley.

London, Nov. 24.—The opportunity of hearing Herbert Asquith and David Lloyd George speak from the same platform for the first time since the great Liberal split falls to the electors in Mr. Asquith's Paisley district tonight, when the two champions of Liberalism stand side by side in the interests of the reunited party.

The demand for tickets to the meeting has been unprecedented.

Mr. Asquith until yesterday held the dignity of a Liberal in Paisley, but a Conservative candidate has now appeared in the person of Col. Shaw. Perhaps there may even be a four-cornered fight, as two Labor men have claimed the privilege of trying to out Mr. Asquith in his seat in the House of Commons.

One of these is J. M. Biggar, whom the elder Liberal statesman defeated in the last election by only 216 votes in a total poll of 2926.

The other Labor candidate, named Cormack, is being run by the local Socialists, but may withdraw.

Conservatives reported to admit Cause is Hopeless in the Elections.

British United Press. London, Nov. 24.—On the eve of nominations which takes place on Monday all the newspapers and scores of political observers are in the field.

The majority of these of course are based largely on the personal predilections of the prophet but the British United Press has secured one estimate from a statesman high in the councils of his party which is somewhat fantastic in appearance is the considered thought of one of its shrewdest observers in England and a man who at the same time has been over a quarter of a century in politics, he declares that Conservatives realize that their position today is an impossible one and that they have been forced into the ranks of a revolution in the country's affairs.

The Conservatives, therefore, admit that victory is out of the question and they expect that after the polling the King will send for Lloyd George to form a new ministry while Mr. Asquith will become the new Lord Chancellor. Labor apparently does not want to succeed to office just now and has made a pact with a certain section of Liberals to support the Liberal party in order to prevent the return of the Conservatives.

AUTO DRIVER KILLED NEAR ST. STEPHEN

William Kelly, of Calais, Meets With a Fatal Accident.

TEAM SUBMERGED

Two Fire Alarms Rung in as Many Rush to the Pit.

(Special to Times-Star) St. Stephen, Nov. 23.—William Kelly, of Calais, about 40 years of age, and unmarried, met with a fatal accident yesterday. Kelly was driving a double truck team for Chas. Cone and hauling gravel from the Calais gravel pit, about four miles from St. Stephen on the Canadian side.

He had gone after a load in the afternoon and while darkness came had not turned up. Searching parties were sent out and finding the team at the pit half submerged with gravel which had caved in but there were no signs of Kelly.

Both Calais and St. Stephen fire alarms were rung in and a large number went out to the pit where Kelly's body was completely buried. It is supposed that he had been buried for four or five hours.

Baby Is Tagged With Names of Cities Visited on Honeymoon of Parents

New York, Nov. 24.—Francisco, D'Sole of 114 Fourteenth avenue Newark, who described himself as professor of tailoring, holding the chair of pants pressing and button sewing in a Newark tailoring school, yesterday filed with the City Clerk three a birth certificate of his youngest son, born November 15. The name of the child is Francisco Washington Boston Stop Newark D'Sole.

The clerk at first refused to accept the certificate, but the father assured him that a joke was the last thing he ever thought of, so the certificate was filed. Prof. D'Sole explained that when he and his wife were married about a year ago they went on a honeymoon to Washington and Boston and stopped in Newark. A desire to perpetuate the memory of the trip inspired the baby's name, he said.

Prof. D'Sole told the City Clerk he has six other children by a first wife the eldest bearing the name of Tosca Aemata Eva. The child got the name because shortly after his birth the father saw the opera, read some Greek mythology and witnessed a test performance of "Uncle Tom's Cabin" in Hoboken. The other children are Anna Philomena, Orlando Kinaldo, Eleonora Ersilio Sarah, Ida Eleonora Ligia and Anthony.

SHOOT SELVES DEAD

Baron and Baroness Lay Dead Across Grave of Aviator Son.

Berry Au Bac, France, Nov. 24.—Baron and Baroness Emmanuel de Montigny, shot themselves dead yesterday on the grave of their aviator son Pierre, who was killed here in an air flight in 1918.

The couple attended, as was their custom, the anniversary mass in the parish church for the repose of their son's soul. They told the deputy mayor, with whom they were to lunch, that they were going to visit the grave, and when they failed to arrive at his home at the designated hour he went in search of them.

Baron and Baroness lay dead across the grave. There were bullets in the head of each and beside each body lay a small pistol.

Lady Astor Makes Election Appeal

Plymouth, Eng., Nov. 24.—Lady Astor in an election appeal issued yesterday declares that the Communists have joined her opponent in the race for her parliamentary seat and that she advocates the principle that a Labor Government should take over business. A capital levy such as her opponent seeks is described by Lady Astor as tax on thrift and on investments in factories, shops and stock in trade which would shatter credits and dislocate trade and cause fresh unemployment.

"Will you help me to fight Socialism?" asks Lady Astor in her appeal. "Your support will be appreciated, not merely on personal grounds but for the welfare of the country. This is the moment to look for points of agreement, not for minor points of difference."

CHANCELLOR ANNOUNCED ON MONDAY

German Ship of State Walks in Stormy Political Sea.

SHOW DOWN FAILS

National Dictator May be Given Greater Powers, is Report.

BY CARL D. GROAT (British United Press.)

Berlin, Nov. 24.—The German ship of state walked rudely in a stormy political sea today as President Heiber resumed his deliberations with party leaders in the hope that somehow he will be able to find a workable combination for support of a cabinet.

The expected coup d'etat last night, following resignation of the government of Chancellor Gustav Stresemann, did not materialize. It was not believed that the new cabinet head would be announced before Monday and that the government would be entrusted to a right wing leader at that time.

Candidates for the Chancellorship included Dr. Johannes von Hieber, State President of Wurttemberg, Democratic Party, and Dr. Heinrich Albert, remembered for exploits in the United States, where he was attached to the German embassy during the early years of the war.

It was anticipated that General Von Seeckt would retain his post as national dictator, possibly with stronger powers. Stresemann's resignation late yesterday came after he had failed to obtain support for his coalition cabinet, principally by Socialists.

The Chancellor demanded a "show down" on his policies, and a vote of misconfidence followed, 280 to 155.

BOMB EXPLOSIONS

Two Terrific Blasts Rattle Many Buildings in Downtown District of Philadelphia.

Philadelphia, Nov. 24.—Two terrific explosions in foreign consulates in the downtown district early today injured a score of people, damaged many houses and caused the southern section of the city into wild excitement. No one was seriously hurt, so the police could learn.

The first explosion occurred at the Spanish consulate on Pine street, about 1 1/2 miles from the center of the city. It was followed by a second explosion at the Italian Bank, Broad and Tasker streets, an hour later. The Italian consulate is located in the bank building and the bomb was placed on the door leading to the consulate's offices.

Windows Shattered. Both blasts shattered windows and shook houses within a wide range. The force of the explosion at the Spanish consulate was so great that many persons were hurled from their beds, some being cut and bruised by flying glass. The bomb, concealed in a wooden box, was found on the doorstep by Emilio De Motte, the consul, when he returned from the theatre. He placed it inside the hallway, but after retiring, he told the police, he had concluded that a passerby had left the bomb on the doorstep temporarily and might return for it. Without a thought of the deadly bomb concealed within a box, he got out of bed and replaced the box on the doorstep.

A few minutes after returning to his room the explosion occurred, tearing out the entire front of the building and wrecking the consul's room and the second floor. Mr. De Motte was badly shaken up.

Meighen Replies To Speech By Fielding

Drummondville, Que., Nov. 24.—Right Hon. Arthur Meighen, leader of the federal opposition, discussed the Halifax speech of Finance Minister Fielding at a meeting here last night. Mr. Meighen said the trouble with Mr. Fielding's speech was that it was not all according to fact.

He had said that the changes in tariff had been all downward. He had forgotten that he had put a new duty of 85 per cent. on artificial silk.
