"One of the newcomers in the movies is Miss Jones. Wonder if she expects to reach the heights with that name?"  
Inquired an exchange.  
"Why not? John Paul Jones did it in the Navy; Iago Jones in architecture; Henry Arthur Jones in playwrighting; and Bobby Jones in golf. What's the matter with Jones?"

**One Third of Brain's Work Is in Sight**

To quote again from Dr. Bowers' article in Popular Science,—"Since medical science computes that fully one-third of the brain's activity is spent by the eyes, it is not surprising that an extra strain on the eye muscles produces headache."

Good sight at the expense of unbalanced and therefore overworked muscles, means a choice between trouble or glasses.

**Snowy Bed Linen—**  
fragrantly clean

HOW sweet and wholesome is that welcome sense of fragrance which comes from well washed linen. How refreshing it is to lie between clean sheets, to rest one's head on a snow-white pillow case; to breathe deeply in an atmosphere of purity; to feel and to know that the things around you are absolutely clean.

To bring about this refreshing sense in the mind of guest or family is a triumph well worth the attention of any housewife. It is best accomplished by using Sunlight Soap.

Clothes washed with Sunlight Soap are naturally cleaned, not chemically cleaned. The pure Sunlight lather goes through and through the clothes, loosening dirt and restoring each thread to a natural state of cleanliness.

To get bed clothes snowy white it is not necessary to boil them or rub holes on the wash board. The sure power of Sunlight Soap itself extracts every trace of soil while the things are soaking. In the rinse it all comes away—all the dirt and every particle of soapy matter, leaving not gray-whiteness, not yellow-whiteness, but snowy white purity and cleanliness.

**Health is Practically Everything to Everybody**

GOOD HEALTH—that rare feeling of perfect physical fitness—is the most-sought-for blessing in the world. It is practically related to the things we eat that certain foods are a boon to the health of mankind.

Grape-Nuts is one of these foods!

For into Grape-Nuts goes all the nourishment of Nature's finest grains—wheat and barley. These grains supply Phosphorus for strength and vigor. Starches, happily changed to sugar form, by a special process of slow baking, to build and repair tissues. And roughage—to clear the body of toxic poisons.

Grape-Nuts have that delicious flavor. The tasty goodness of them makes you want to eat them. Their crispness makes you chew it—it is good for the teeth. It is easily digested, soundly nourishing and economical, because each package contains a great many helpings. Serve it right from the package—with cream or milk. Your grocer has it.
