Rothesay Red Cross Will Help Outfit Frail Children's Camp

Decides to Buy Milk For Two Months and Paint Additional Cottage—Receives $100 For the Work From Mrs. Percy Thomson

THE Rothesay Red Cross Society was a very good friend to the Lady Byng camp for undernourished children at Fair Vale last year and has made plans for continuing its interest and active work for the camp this summer. The branch met yesterday at the home of Mrs. P. R. L. Fairweather with Mrs. Walter C. Allison, president in the chair. An donation of $100 from Mrs. Percy Thomson as a contribution towards the work at the Lady Byng camp was gratefully acknowledged.

It was decided to provide the milk for the camp for two months and to make any cushions that would be required as well as to do any painting that was necessary in the third cottage. This cottage will be used for the camp for the first time this year, only two cottages having been used previously.

Committees Named.

The committee appointed for seeing to the painting was composed of Mrs. Walter Allison, Mrs. John McIntyre and Mrs. William Henderson. The entertainment committee appointed to help with the supervision of the children's recreation and to arrange special outings, consisted of Miss Puddington, Mrs. Royden Thomson and Mrs. Heber Vroom.

The meeting also made plans for a weekly gift of flowers for the Saint John County Hospital throughout the summer, as in other years.

There were about 15 present at the meeting, the last until September.

KITCHENER'S DEATH BLAMED ON SPIES

New Book Gives Fresh Explanation of Sinking of The Hampshire During War.

LONDON, May 15—Another explanation of the mysterious death of Lord Kitchener during the war has been put before the public in W. V. Germaine's new book, "The Truth About Kitchener."

The author publishes a criptic letter from General Ludendorff, which says that Kitchener died "because of his ability."

It was not a German mine nor a German torpedo that sank the Hampshire, on which Kitchener was making a secret trip to Russia, according to this letter, but the "power which would not permit the Russian army to recover."

GREATEST WAR ENIGMA.

Germaine concludes from this that Bolshevik spies, working in connection with the German Military Intelligence Service, sent the Hampshire to the bottom.

Kitchener's fate is the greatest enigma of the war in British eyes. Kitchener boarded the Hampshire and not even the crew, so the story goes, knew he was aboard her. Somewhere in the misty wastes of the North Sea the Hampshire went down. There was no battle and no U-boat ever bragged of doing the job.

BRITISH GOLD IS EXPORTED AGAIN

Precious Metal in Bars and Sovereigns Shipped Out of Country.

LONDON, May 14—Chancellor of the Exchequer Churchill, replying to a question today in the House of Commons said that bar gold valued at £2,039,000 sterling has been withdrawn from the Bank of England since the removal of the embargo on the export of gold. During the same time 729,000 gold sovereigns have been exported, he said.

The sovereign, a gold coin with a par value of about $4.86, was withdrawn from general circulation in Great Britain during the war.

Child's Death Caused By Act of Wood Tick

MERRITT, B. C., May 14—At a coroner's inquest inquiring into the recent death of the two-year old daughter of Mr. and Mrs. E. M. Veale, ranchers near here, and whose death mystified local medical practitioners, it was discovered dthat a wood tick had bored into the child's head and a verdict was returned that she "died from the infection caused by a wood tick entering her body near the nape of the neck."

The parents noticed the child became "dopey" and consulted a physician, who had her removed to the hospital for observation, where she ided shortly after admission. Ticks often kill sheep and cattle but instances of them attacking human beings are rare.
