CUT HIS HAND OFF.

William Murray, aged fifty, who resides near Pettediac, while in a demented state of mind last Friday, procured an axe and severed his right hand from the wrist. As soon as the deed was discovered he was rushed to the hospital here for treatment and later to the provincial hospital.

A Remarkable Clock.

Los Angeles, Cal., Nov. 6.—The world's largest pedestal clock, erected in the centre of the new \$10,000,000 wholesale terminal, today was formally dedicated. On a cement base six by twelve feet the timepiece looks down from a height of thirty-five feet. It automatically operates its own lighting system at sundown and shuts it off at daylight, winds and sets itself and is altogether its own handy man. The four huge dials can be seen from any part of the twenty acres covered by the market place.

Evil of Substitution Exposed.

A dealer substitutes because he makes more profit on an inferior article. A local citizen was induced to take a substitute for Putnam's Corn Extractor, with the result that the substitute burnt his toes and failed to cure. Putnam's contains no acid and is guaranteed. Always get Putnam's Extractor, 25c. at all dealers.

VICTORY BONDS NEGOTIABLE

Canada's War Bonds are negotiable.

They will be worth at least par after the war, and experts claim they will be worth more than par. If you buy 1918 Victory Bonds and find after some months that you need the money for other purposes you will have no trouble disposing of your holdings. There is no gamble in connection with these bonds. No one questions Canada's future. Who would suggest that Canada will fail to meet her obligations? No body. Then, there is absolutely no reason why Victory Bonds should not be at a premium. They are not taxable. There are few securities offering such advantages to investors. There are some that carry a higher rate of interest, but there is always the possibility that their values will fall.
