

herewith submitting the Special Committee's report to the Council at the time of its erection, which gives details in full.

The Ladies' Challenge Cup Match was again a pleasant feature of the meeting. A number of ladies, including Mrs. Howlan, wife of our much respected Lieut.-Governor, was present to witness the contest. The trophy was won by Mrs. Geo. Crockett, of York, by her representative, Sergt.-Major Otto N. Baird, with the magnificent score of 49 points out of a possible 50.

An informal presentation of the prizes took place late Thursday evening, after the completion of the matches. This otherwise pleasing function was marred by the lateness of the hour at which the matches closed. In this connection your Council would strongly urge upon the the Association the very great necessity of having a least two additional targets added to the present number. With a continually increasing number of competitors it is impossible to complete the shooting within reasonable hours on the second day.

Your Council find that the early hour at which our matches begin, viz, 7.30 a. m., prevents good shooting, as our range faces the east the morning rays of the sun strike most uncomfortably the eyes of the marksmen. They also find that the hour of 7.00 p. m. is too late for accurate shooting at the 600 yard range, but are sorry to say that no alteration in these respects can be made with the few targets at their disposal.

We have to again to thank, on behalf of the Association, the Dominion and Provincial Governments and the City of Charlottetown for their generous grants towards the funds of the Association.

We herewith submit the usual list of contributors, &c., to all of whom we tender our warmest thanks.

Respectfully submitted on behalf of the Council.
