A family where the great Father of the universe is duly revered; where parents are honored and obeyed: where brothers and sisters dwell together in love and harmony! where peace and order reign: where there is no law but the law of kindness and wisdom; is surely a most delightful and interesting spectacle!

The Emperor Marcus Aurelius, a pious and good man, expressed the benevolence of his heart, in these words: "I cannot relish a happiness which no one partakes of but myself."

When we have a comfort it is humbly applied to us!

Young people, in the presence of the angels that await them.

To repine at the disposition of them of the disposition.
