DISCOVERY OF PARESIS GERM

ANOTHER LANDMARK IN MEDICAL RESEARCH

Ohioan Doctor Claims He Has **Cured Number of** Patients.

Massillon. Ohio, May 19 .- In the lab-

atory of the Massillon state hospital, pr. John D. O'Brien reiterated a statent made by him before the Amercan Medico Psycological Association onvention at Cincinnati, that he had covered the germ of paresis and that disease is curable. He summed the results of his corrections to the p the results of his experiments in these two declarations. That paresis is undoubtedly a germ

isease, and that the germ has been iscovered, that while in the experi-nental stage, sufficient tests have been made to show that paresis is curable and that he has specific cases to point o as definite results. Dr. O'Brien does not believe it would

be proper to make public the names of these patients to whom he claims he applied the treatment, but he gives isease and are cured.

"I know," said Dr. O'Brien, "that it "I know," said Dr. O'Brien, "that it is a bold statement to make that the of the finest of the fair, and will be the germ of paresis has been discovered. People may doubt it; many scoffed when the germ theories of diptheria One of the West. the bacillus. We have cured patients, are helping many now, and expect to go forward with the work." Dr. O'Brien has confined his work to living subjects, and no pathological investigation has been done on post mortem subjects. "He now has germs in cultures." One of the favorite forms culture used is bouillon, he says Like a farmer he is seeking to find the

best "culture" in which to grow bacilli from serum from patients and te that end is doing considerable exnting. Since Dr. O'Brien read his paper at Cincinnati, he has received many lat-

ters from doctors urging him to re-ceive patients for treatment. Dr. O'Brien was a graduate from the Jef-ferson Medical College at Philadelphia in 1903. He has passed four and a half years at the Massillon state hospital, in hospital and laboratory work.

AUTOPSIES REVEAL

STARTLING FACT

Body Exhumed on Guiness Farm Proves to Be That of Woman.

Laporte, Ind., May 19.-Autopsies of the seven unidentified bodies exhumed from Mrs. Belie, Guiness' private buria ground were completed yesterday, and they revealed the fact, according to the eports of Doctors Wilcox and Osborne, who conducted the autopsies under the lirection of Coroner Mack, that one of the seven was a female.

This revelation aroused new interest in the story that a man and a woman ame to the house one night in 1904 to take Jennie Olsen to a Los Angeles college, as Mrs. Guiness told those about the place. The next morning Jennie, the man and the woman were gone. Mrs. Guiness said they had left on an early train for California. The theory now advanced is that Mrs. Gui less may have, on the same night, murdered Jennie Olsen and the man woman who had come to take her to California, and buried all three bod-

arrested was cleared yesterday when J. G. Ramden, of Hanford, Dak., who came on Sunday to investigate the disappearance of his half brother, John Mrs. Guiness gave him the watch. Coroner Mack is still holding the four odies found in the fire ruins, and which according to evidence produced.

are the bodies of Mrs. Guiness and her three children. In view of the offer of the county missioners to pay \$4,000 for the pro-

uction of Mrs. Guiness alive, Prosec tor Smith expects that the search will be worldwide.
