COLLINS READY TO SURRENDER

ADVISES AUTHORITIES OF HIS WILLINGNESS

Asks For An Order to Be Forwarded to Victoria—Department Will Take No Action

Ottawa, Oct. 12.—Alexander Smith, of Smith & Johnston, had an interview to-day with the justice department in regard to the case of Geo. D. Collins, who is held for extradition. Collins waives further proceedings and says that he will return to California. He asks for an order to surrender, to be forwarded by the department to Victoria.

The department refuse to be a party to any consent proceedings. The act provides that the fugitive can only be surrendered fifteen days after committal. If the fugitive wishes to leave of his own accord then the department has nothing to say. A consent order is no more binding than the consent of the fugitive to leave. Officers acting under such orders do so at their own peril.

G. D. Collins when seen Thursday with reference to the application made to the department of justice at Ottawa explained that he did not intend to waive extradition.

The application he made to Ottawa which would be necessary should the Supreme court decide against him at the habeas corpus proceedings on November 1st. Were this not done there would be a delay of about two weeks after the decision was given before the warrant could issue.

Mr. Collins says his business interests in San Francisco are suffering from his absence. He requires to get back, and in the present condition of his case in the court of California his acquittal is almost a certainty. He does not want to stay here two weeks after the decision of the court on November 1st if it is against him.

If the department at Ottawa does not see its way clear to issue the warrant pending the decision Mr. Collins says he has no intention of staying here until he is released.

He will waive his habeas corpus proceedings now pending and allow of a warrant of delivery to issue on the decision given by Mr. Justice Duff.

The fugitive was in custody for 15 days which would be necessary under the order of Mr. Justice Duff has long since elapsed, and acting on a telegram from here Ottawa authorities could issue a warrant of delivery taking less than a week's time. Mr. Collins would then return to San Francisco.
