GERMANS WILL SEIZE POLES PROVISIONS

LONDON, Jan. 16. — The Germans have determined to seize all provisions in the hands of the Poles in Prussia, if the Polish provinces of Germany are to be restored to Poland, according to reports from an authoritative source, published in the newspapers today.

All the parties in Germany are agreed upon this step, it is said, and it will be easy as the German immigrants in these provinces have been promised by the German government.

Poland is regarded as even more important to Germany than the left bank of the Rhine. If Germany can keep these Polish provinces, Chancellor Ebert has declared, she can increase her influence to the south and east and one day reconquer in the west, what she has now lost. This assertion was made by the chancellor at a secret meeting of all parties, at which he also stated that Germany will reconquer the west through the east. If, on the other hand, Germany should lose the Polish provinces, the rebirth of political power through efforts at expansion to the east would be impossible.

At a secret session of the budget commission just before the signing of the armistice, the reports published today say, it was agreed that the Polish provinces were not economically necessary to Germany. It was decided that the public should not be informed of this, but instead should be impressed with the fact that Germany would die without these provinces.
