THE GREAT SOUTH AMERICAN

Stomach&Liver Cure The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk. This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the

General public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten

or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year. IT IS A GREAT REMEDY FOR THE CURE OF

Broken Constitution Debility of Old Age, Nervous Prostration, Indigestion and Dyspepsia, Female Weakness, Weight and Tenderness in Stomach. Paralysis, Vervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency, Sleeplessness.

NERVOUS DISEASES. As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human delicate individual. Nine-tenths of all the allments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is then first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied This South American Nervine has been found by analysis to contain the

essential elements out of which nerve tissue is formed. This are ounts for its universal adaptability to the cure of all forms of nervous derangement.

Camprorbsville. Ind., Aug. 20, '86.

To the Great South American Medicine Co.:

Dear Gents:—I desire to say to you that I have suffered for many years with a very serious disease of the s. omach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone have the value of this panely as I do you would not be able to supply the demand.

A SWORN CURE FOR ST. VITAS' DANCE OR CHOREA. My daughter, eleven years old, was sever, ely a dieted with St. Vitus' Dance or Chorea. We gave her three and one-laft bottles of South American Nervine and she is completely restored. Lelieve it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause. State of Indiana, Montgomery County, \} 88:

Subscribed and sworn to before me this June 22, 1887.

CHAS. W. WRIGHT, Notary Publice INDIGESTION AND DYSPEPSIA. The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incal-culable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

WORDERTHI CUTALIVE POWERS OF the South American Nervine Tonic.

Hariet E. Hall, of Waynetown, Ind., says:
"I owe my life to the Great South American
Nervine. I had been in bed for five months from
the effects of an exhausted stomach, Indigestion,
Nervous Prostration, and a general shattered
scondition of my whole system. Had given up
all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine
Lors, with no relief. The first bottle of the Nervine
Tonic improved meso much that I was able to
walk about, and a few bottles cured me entirely.
I believe it is the best medicine in the world. I
can not recommend it too highly."

No remedy compares with South American Nervine Tonic. My system was completely shattered, appetite gone, was coughing and spitting
the old in the first stages
of consumption, an inheritance handed down
the Nervine Tonic. I began taking
the Nervine Tonic, and continued its use for
about six months, and am entirely cured. It
is the grandest remedy for nerves, stomach and
lungs I have ever seen."

No remedy compares with South American
Nervine Tonic.

Mrs. Ella A. Bratton, of New Ross, Indiana,
says: 'I cannot express how much I owe to the
Nervine Tonic. My system was completely shattered, appetite gone, was coughing and spitting
the old in the first stages
of consumption, an inheritance handed down
the Nervine Tonic.
