FREDERICTON.

Heirs to \$1,500,000—Bishop King-
don Arrives Home.

(Special to the Star.)
FREDERICTON, June 28.—George
Foss of Oromocto claims to have a for-
tune awaiting him in South Africa.
Mr. Foss states he has a letter from
Sir Alfred Milner from Cape Town, in-
forming him that by the death of
Leonard Foss, an uncle, an estate of
one and a half millions is left to heirs
of the deceased. Leonard Foss of Oro-
mocto went from here forty years ago.
He was not heard from for a long
time, and a few years ago it was learned
he was in South Africa interested
in diamond mines and also had a farm.
Soon after the outbreak of war he was
killed by the Boers at his farmhouse.
He was never married, and left a will

bequeathing his property to the two
surviving sons of his only brother,
those sons being John and Henry Foss
of Oromocto, Sunbury county.
Bishop Kingdon arrived this after-
noon from his European trip.

THE TRIPLE ALLIANCE.

BERLIN, June 28.—The treaty pro-
viding for the prolongation of the al-
liance between Germany, Austria-Hun-
gary and Italy (The Dreibund) was
signed in Berlin this morning by the
imperial chancellor, Count Von Bue-
low, the Austrian ambassador, M. Von
Sokyrny-varich, and the Italian am-
bassador, Count Lanza Di Busca. The
alliance was renewed in its original
form.

Wild canaries were not yellow origi-
nally, but green or gray in color.

IMMEDIATE DANGER PASSED.

Cheering News From the King's
Bedside This Morning.

He Saw Several Members of the Royal Family This Morning
and Is Now Able to Move Himself a Little.

LONDON, June 28.—4.50 p. m.—The King was re-
moved from his bed to a couch this afternoon, earlier
than expected, and was placed in a sitting posture. He
was feeling decidedly better.

LONDON, June 28, 9.45 a. m.—The
Duke of Connaught drove to Bucking-
ham palace at half past nine this
morning, and after a short visit, repeat-
ed the gratifying report "The King has
had natural sleep. He is comfortable,
and his condition is satisfactory."
LONDON, June 28, 10.52 a. m.—At
10.45 o'clock this morning the following
official bulletin was issued from Buck-
ingham palace on the condition of King
Edward. "The King had a good night
and his improvement is maintained.
We are happy that we are able to state
that we consider his Majesty to be now
out of immediate danger, and the gen-
eral condition is satisfactory. The
operation wound, however, still needs
constant attention and such concern as
attaches to his Majesty's condition is
connected with the wound. Under the
most favorable conditions his Majesty's
recovery must of necessity be protract-
ed. The two p. m. bulletin will be dis-
continued."

LISTER,
TREVES,
BARLOW,
SMITH,
LAKING.

LONDON, June 28.—"The King is now
out of immediate danger." This an-
nouncement spread quickly through the
metropolis and caused great rejoicing.
The verdict upon which the nation had
so anxiously waited, caused a longer
consultation than usual. Lord Lister,
Sir Frederick Treves and the other doc-
tors discussed the patient's condition
for nearly an hour before they commit-
ted themselves to the important pro-
nouncement.

It was read at Buckingham Palace
by only a small crowd, the public be-
ing practically assured by yesterday
evening's reports that everything was
going well. Yet, to use the words of the
Westminster Gazette, the bulletin was
"full of intense relief." The underly-
ing suspicion that the doctors might
fear more than they wrote, the sensa-

tional rumors of his Majesty's death
which continued even so late as yester-
day, and the lack of definite unofficial
news, all combined to create intense
nervousness. Such hopeful statements
as the Associated Press had been able
to make were not available to the
British public, who, however, were
spared the sensational reports, now so
palpably absurd, which were cabled to
America.

The reference to the wound, in this
morning's bulletin, it is authoritatively
set forth, can be regarded without any
disquietude. By June 30 the doctors
are expected to announce that all dan-
ger of any complications has passed.

The King was very cheerful this
morning, after four or five hours' sleep,
and his temperature was normal. On
Sunday his Majesty will probably be
transferred from his bed to a couch,
where he will be able to recline. He
is already able to slightly raise him-
self by the aid of a pulley. When he
first made an attempt to do so, the
queen adjusted the pillows so as to
form a back rest, and with a sigh of
intense relief the king exclaimed: "Ah,
that is better."

The Lancet, in its comment today,
says:—"No immediate septic absorp-
tion has taken place, as shown by the
complete absence of disquieting symp-
toms. We hope that rumor is ceasing
to be busy with the origin and patho-
geny of his Majesty's illness, since the
very plain statement of facts in the
case which we were able to publish
June 26, and since the absolute accu-
racy of the bulletins has been justified."
"In view of the king's rapid recovery,
it is small wonder that the group of
members of the royal family which
gathered at Victoria station this morn-
ing were happy and cheerful."

LONDON, June 28.—Admiral Prince
Henry of Prussia and his suite left
London this morning to join the Ger-
man flag ship at Portsmouth. The
Prince of Wales bade farewell to his
cousin at the station. A large crowd
of people gave Prince Henry a hearty
send-off.

LONDON, June 28.—At 2.30 p. m. it
was officially stated at Buckingham
palace that the king's progress was
fully maintained, that his Majesty was
quite comfortable and that he had seen
several members of the royal family
during the day.

CANADA'S OPPORTUNITY

To Push Trade in Lumber, Grain
and Implements.

NEW YORK, June 28.—Actual and
prospective trade with South Africa has
assumed such proportions since the
termination of the war that two steam-
ship companies have inaugurated lines
to South African ports. It is the inten-
tion to maintain a bi-weekly service.
For the last few years the carrying
trade between this port and South Af-
rica has been in the hands of a combi-
nation consisting of three lines. The
new service has already reduced the
rates.
"The demand," said an official of one
of the new lines, "is mainly for lum-
ber and building materials, and also
largely for supplies of grain. The de-
mand for agricultural implements of
all kinds is very large and is rapidly
increasing."

CANADIAN CONTINGENT

Will Wait to See Kitchener—Prince
of Wales Will Review
the Troops.

(Special to the Star.)

TORONTO, June 28.—The Telegram's
London cable says:—"The Canadian
Troops were to have embarked at Liv-
erpool for home on Thursday next,
sailing on the Allan liner Tunisian, but
now probably they will remain in En-
gland until the arrival of Viscount Kit-
chener, whose return to England is ex-
pected shortly."
"H. R. H. the Prince of Wales will
inspect the colonial contingents on
Tuesday in Hyde Park."

THE DEATH ROLL.

NEW YORK, June 28.—William H.
Koons, one of the best known news-
paper men in New Jersey, died early
today at Trenton. He was president
of the Trenton Press Club, a trustee of
the Legislative Correspondents' Club
and had a wide circle of acquaintances
among public men.

THE BARBER WINS.

CHICAGO, June 28.—Armed with two
revolvers, Charles W. Gale, an insur-
ance and real estate dealer, made two
ineffectual attempts to kill Albert Mc-
Mullen, a barber, last night. Then he
locked himself in his office and used
one of the revolvers on himself. He fell
dead as the police battered their way
through the barred entrance and reached
his side. A quarrel about a woman
was responsible for the tragedy, it is
said.

PERSONS WHO WANT SUM-
MER SUITS READY TO PUT

in the Shirt Waist Suits at Dyke-
man's.

A STRIKE THAT FAILED.

CHICAGO, June 28.—The strike of 550
cleaners, employed by the Pullman
company, which began on June 19, was
declared off last night. A number of
the men had already returned to work
and were said to be receiving more
money than they did prior to the strike.
Representatives of the company, it is
said, have informed members of the
union that any of the former employees
who applied would be given work, but
there would be no recognition of a body
of men.

HERE'S A PRETTY FIGHT.

(Special to the Star.)

MONTREAL, June 28.—The Quebec
government has made a demand on the
city for half a million dollars as its
share of fines collected in the Record-
er's court for a number of years.
The city will make a counter claim
of a million for police protection, which
it is claimed should be performed at
the expense of the government. The
dispute is an old one, and has been
hanging fire for some time.

TURFMAN DYING.

LOUISVILLE, Ky., June 28.—Sam
Bryant, the noted turfman, who has
been ill of dropsy for some time past,
lapsed into unconsciousness yesterday
afternoon, and his physicians say he
will not survive another day. He at-
tended the American Derby in Chicago
last Saturday.

IMPERIAL CONFERENCE.

Next to King's Health It Attracts
Most Attention.

NEW YORK, June 28.—While King
Edward's health remains the para-
mount subject of consideration, the
imperial conference is looming up as a
remnant of the coronation fetes, cables
the London correspondent of the Tri-
bune. The colonial statesmen are dis-
cussing among themselves the work
of the conference, and are not disposed
to commit themselves to any prema-
ture statements of policy. Neither
Premier Laurier nor Mr. Patterson, nor
Mr. Ross, nor any other influential
Canadian minister will allow himself
to be drawn into an interview. They
assert that they are looking over the
ground and are unprepared to discuss
the probable results of the conference.
An impression prevails that the colo-
nial statesmen will avoid putting them-
selves in an attitude of coming before
the United Kingdom and asking for
privileges at the expense of British
taxpayers. They, it is argued, will
consider it unworthy the dignity of
self-governing commonwealths to ap-
peal for tariff preferences when the
British government, in order to com-
ply with their demands will be com-
pelled to raise the cost of living in the
United Kingdom. What is more like-
ly is a general agreement among the
Canadian, Australian, New Zealand
and South African statesmen attend-
ing the conference to confine their tar-
iff discussion to existing fiscal arrange-
ments, with a view to relaxation of
the present system. As long as Sir
Michael Hicks-Beach is chancellor of
the exchequer an imperial solvency
is believed to be impracticable, and
there is no evidence that any influen-
tial representative of Canada or Aus-
tralia favors it.

THE COAL STRIKE.

President Roosevelt Asks Knox For
An Opinion.

NEW YORK, June 28.—President
Roosevelt has requested Attorney Gen-
eral Knox to submit an opinion, says
a Washington despatch to the World,
as to whether the combination con-
stituted a trust within the meaning of
the Sherman anti-trust act and the de-
cision of the United States court there-
on. In making his request the pres-
ident gave Attorney General Knox the
report recently prepared by Carrol D.
Wright, commissioner of labor, after
a careful investigation of the differ-
ences existing between the coal opera-
tors and the miners, the facts forward-
ed by President Mitchell of the United
Mine Workers' Association, and all
other data in his possession bearing on
the subject.

It will be the duty of Attorney Gen-
eral Knox to formulate an opinion for
the president, making a definite declar-
ation that the anthracite combination
does or does not constitute a trust.
The present instructions do not require
him to go further and express an op-
inion as to the probability of prosecu-
tion under the Sherman anti-trust act.
The president it is believed deter-
mines upon his subsequent line of ac-
tion after Attorney General Knox has
rendered his opinion.

MORE TROUBLE.

PANAMA, June 27.—It has been
learned on the authority of govern-
ment officials in Panama that General
Zelaya, president of Nicaragua, has
despatched a sailing vessel loaded with
coal to the revolutionary gunboat Pa-
dilla, and that the Nicaraguan warship
Montombo was to have left Coronto,
Nicaragua, this week, with a big con-
signement of munitions of war for the
use of General Herrera, the leader of
the Colombian revolution on the Isth-
mus. It is believed that President
Zelaya's action in sending coal to the
Padilla renders a rupture between Co-
lombia and Nicaragua imminent.

THE IRISH LEAGUE.

DUBLIN, June 27.—A meeting of the
directors of the United Irish League
was held here this afternoon. John
Redmond, chairman of the league; John
Dillon and Michael Davitt were
nominated to represent the home or-
ganizations at the convention of the
American branches of the league to be
held in Boston next October.

An address was adopted denouncing
the land bill and urging upon defiance
of the coercion courts.

SALTED MEN'S HEADS.

LISBON, June 27.—It has been offi-
cially announced that Portuguese
troops have gained a decisive victory
over the rebels in the upper Zambesi
region of Portuguese East Africa. The
rebellious chiefs were captured and
decapitated, and their heads were salt-
ed and conveyed to the capital of the
colony.

SOUTH AFRICA.

DURBAN, Natal, June 27.—About
1,500 troops sailed from here for home
today.

Two thousand additional Canadians
will start for home July 2.

ISLAND OF ST. HELENA, June 27.—
The first consignment of Boer pris-
oners, numbering 476 men, sailed from
here yesterday for South Africa. After
taking the oath of allegiance to Great
Britain the prisoners marched to the
boats singing the national anthem.
