HOPEWELL HILL, Oct. 2 .- W. C. whittaker, assistant post office in-spector of St. John, came by today's train to transfer the post office here to the care of Geo. W. Newcomb, who has been appointed postmaster, suc-ceeding Chas. L. Peck, who held the office for some twenty-four years. Since Mr. Peck retired from the mercantile business twelve or thirteen years ago, the duties of the post office have been largely discharged by his sister, Miss Annie R. Peck, who was a very oblig-ing and capable official

FREDERICTON, N. B., Oct. 3 .-The regular sitting of the York county court opened this morning with Judge Wilson presiding. There was but one criminal case on the docket, that of the King against Harry McCatherine, charged with committing assault upon the Rev. Dr. Hartley on the evening of July 21st last.

Chas. H. Thomas was selected as foreman of the grand jury. The jury after hearing the evidence of a number of witnesses, adjourned over until tomorrow morning, awaiting the ar rival of Mrs. Howard of Newmarket, whose testimony is considered import-

The civil docket is a small one and the Portland Rolling Mills will come consists chiefly of cases held over from up at 11 a. m. today. th last sitting of the court.

been at all boisterous there would have been no further need for blasting at had not been heard from. The regular monthly meeting of the the creek. City Council was held this evening, but

The neighbors are watching Liza from a distance, but the cow, unmindful of her peril, is alternately browsing and chewing her cud, as though she rather enjoyed being a bovine fire cracker.

A NATTIEAL CONCLUSION.

A little New York girl, whose brief experience of life was confined to exis-tence in an apartment house, was visiting in Philadelphia not long ago. One afternoon, to amuse the child, her cou-sin showed her a number of photographs and views, meanwhile explain-

ing and answering questions concern-ing them. One of them was a picture of Windsor Castle, which, she was told, as the residence of the late Queen Victoria. After looking at it a m ment she innocently inquired, "What floor did she live on?"

The boiler was an old one and had been recently purchased for tempor-
