## Millions Ready To Strike!

Not men—but millions of infectious germs which are discharged into the air every time a person coughs! In crowded street-cars, trains, theatres, picture shows, concert halls, etc., it is impossible to breathe without inhaling them. These germs strike at the weakest point—the sensitive lining of the throat and breathing tubes. There they start the soreness and inflammation which begin chest trouble.

The sure way to prevent this dangerous infection is to keep your mouth and throat bathed with the pleasant germ-destroying vapour that is liberated from Peps tablets as they dissolve in the mouth. This powerful air-like Peps medicine mingles with the breath and thus directly reaches every part of the throat and lungs, exterminating the germs and stopping trouble promptly in the bud.

Peps are Canada's best remedy for whooping-cough, colds, influenza, bronchitis, sore throat, night-cough, cold on the chest, laryngitis, old folks coughs, and children's weak chest. 50 cents.

## ELECTIONS IN UNITED STATES BEING WATCHED

"Off Year" But Results Will Give Idea How Administration's Policies Are Taking.

New York, Nov. 7.—Election day tomorrow marks an "off year" in United States national politics.

Only one state, Virginia, elects a Governor and there are but few other state-wide contests of any sort. Leaders of the two major parties, however, were watching closely the result of these few states and numerous municipal elections in an effort to determine the drift of popular sentiment to aid them in preparing for the congressional elections next year.

New York selects a judge of the court of appeals, two State Senators and a new assembly. New Jersey elects a new lower house of the legislature and six state senators, the legislative campaign there having been based on the so-called "wet and dry" issue in connection with the enforcement of state prohibition laws. Maryland voters will choose a state comptroller, a new lower house of the legislature and about half the senate, while those of Pennsylvania elect a new justice of the Supreme Court.

Municipal elections will be held in several states, one of the most important being that in New York City, where the mayoralty incumbent, John P. Hylan, Democrat, is opposed by Henry H. Curran, Republican, running on a coalition ticket.

Voters of New York State also will vote on seven constitutional amendments, the principal one being that giving war veterans preference in civil service appointments.

## Spellman And O'Brien Sent Up

Charged With Robbery of Whiskey from Person and Violence.

Thomas Spellman and Edward O'Brien were sent up for trial in the police court Saturday on the charge of robbing Albert Norris of Barrville of a bottle of whiskey with violence. G. Earle Logan appeared for Spellman, and E. M. Ryan for O'Brien. Mr. Logan contended that according to the English law the confession of an accomplice is not admitted against the other. He held there was no evidence against either of the men, and asked that the charge be dismissed.

The Magistrate said there was a question that after having been charged with the serious offence, whether or not they could be charged with the minor crime. He left the decision to the higher court.

The case of Joseph Neaves, held on the charge of stealing a quantity of clothing and a watch from the store of William Jacobson, Mill street, was resumed. Supt. Detective Power said that he, Detective Biddiscombe, and Officer Hatt went to the home of the accused, 228 Sydney street, that Neaves came to the door, and told them to wait until he got a light. Neaves went out the back door, and Officer Hatt, who was waiting there, placed him under arrest. Witness said that they then searched the house and found some clothes and a watch. Officer Hatt corroborated the evidence given by the detective. The case was postponed for further evidence.

Fred Gallant, held on the charge of breaking and entering the store of E. R. Taylor, West Side, and stealing cloth to the value of \$400, was again remanded. J. A. Barry for Gallant.

## Eastern Ontario And Quebec Suffer From Sleet Storm

Ottawa and District Completely Shut Off from Outside Communication by Phone.

Ottawa, Ont. Nov. 7.—The big wind, snow and sleet storm which travelled over Eastern Ontario and Quebec on Friday night last, caused damage estimated at \$250,000, and probably more to the equipment of the Bell Telephone Company. This estimate of the damage was furnished tonight by J. A. Gorrie, Jr., manager of the company, who stated that between Louisville, a town in Quebec Province, near Three Rivers and Amqui, over 3,000 poles were down. On Saturday, Ottawa and District received the brunt of it. "We have much to be thankful for on this Thanksgiving Day," said Mr. Gorrie, in recounting the details of the havoc done to the company's lines by the storm, "for if the storm had lasted a few hours longer than it did, I do not believe there would have been a pole standing between Ottawa and Montreal."

While the storm was general in Eastern Ontario, the St. Lawrence suffered only slightly, and Ottawa and District received the brunt of it. "We have much to be thankful for on this Thanksgiving Day," said Mr. Gorrie, in recounting the details of the havoc done to the company's lines by the storm, "for if the storm had lasted a few hours longer than it did, I do not believe there would have been a pole standing between Ottawa and Montreal."

## Says Her Friends See Change In Her

Sydney Woman Had Been Going Down Hill for a Year—Now on Road to Health.

"When I began taking Tanlac I was a worried and miserable woman just on the verge of a breakdown, but now I'm well and happy," said Mrs. Charles Dobbs, life long resident of Sydney and living on Prince Street.

"I had stomach trouble in a bad form and no matter what I ate I was sure to have indigestion. I got to the point where I got up in the morning tired, went to bed tired and felt tired all day. "Tanalac proved to be just what I needed. My appetite is splendid now, everything agrees with me, I sleep like a child all night long and I feel up feeling fresh and happy. ## Tribute of Praise For Canada's Warriors

Rector of Stone Church Preaches Eloquent Sermon in Honor of Armistice Day.

"Today our glance sweeps across the three years that have closed since hostilities ceased, and we lift up our hearts to God in humble thanksgiving and praise that the bloody strife is over and that peace, through victory, has been achieved. "It was with these words that Rev. A. L. Fleming, rector of St. John's (Stone) church, began an eloquent sermon preached on Sunday morning in celebration of Armistice Day. A wreath of poppies had been placed on the pulpit, the Soldier's Tablet bore a cross of poppies, and on every memorial tablet was a spray of the flowers of remembrance. Continuing his praise, Mr. Fleming said: "We think with loving gratitude of all who fought and labored in the great days of war, and of every loyal soul. Especially do we think of the men of tender emotion, of loving pride—the man who responded to the bugle call and served the cause they had made their own and paid the highest price. "We think of the men who went from us strong and well, but returned broken and maimed for life. Such men by their quiet courage and true fortitude are a constant inspiration to us. May God bless and keep them and make His face to shine upon them and give them His grace—and may they ever be led to feel by look and word and action that a grateful country never forgets. "We think of the others, brave and true and free, who have returned to us out of that hell of fire and have again taken up the common duties of life in civilization with quiet endurance. We think with glowing pride of our young womanhood who tended our heroes when broken in war, and like ministering angels, nursed them back to life again. "Yes, and we think of those parents, wives and sweethearts, who putting the cause before all else participated with their dearest and best—and by labor and love encouraged them in the awful days of conflict. Finally we think of Him, who is our God—the God of our fathers, and bless and magnify His Holy Name for all these and for His mercy and love."

The text of the sermon was taken from Rev. 21: 10. "That great city, the holy Jerusalem, descending out of heaven from God."

The preacher mentioned the phrase coined during the war, "Carry on," saying that today we do not hear so much about it, and yet it is just as necessary now as during the war. Indeed, he said, the blood of our heroes cries aloud to us to "carry on" and establish the great work which they gave their lives so freely. It was said that the men gave their lives for civilization, but it was pointed out that that was not sufficient, it must be for a Christian civilization.

Here is the truth of the Apostle

John—the vision of a new earth and a new heaven on earth. The city of God coming down from out of heaven, so that the old city is re-created by the power of the Eternal. There is the key to the whole situation "the City of God on earth has been planned in Heaven."

There are three reasons why men should be very courageous in seeking to finish the great warfare that is in our midst—the fight against evil—the establishment of peace and the coming of the new Jerusalem on earth. First, our Faith in the Eternal God; second, the Righteousness of our Cause; and thirdly, the Character of our Leader.

## Strength

Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.

Read this letter from an Ontario man:

Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes: "I had been bedridden for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from this medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, and I think it splendid for anyone run-down and needing a tonic." ## COMMEMORATE VALIANT ACTS OF CANADA'S ARMY

Ottawa Citizens Gather on Parliament Hill and Pay Tribute to Gallant Men.

Ottawa, Nov. 7.—Armistice Day here was made the occasion for a solemn commemoration of the part Canadians played in the Great War. Men who had fought and came back, mothers and widows of those who made the supreme sacrifice, and little children of the public schools met together on Parliament Hill and paid silent tribute while wreaths of flowers were laid at the foot of the cenotaph which has been erected in front of the Victory tower of the House of Parliament. Sick soldiers from the hospitals attended in automobiles and once again they sang as in the old days on a Sunday morning before moving "up the line." "Oh God Our Help in Ages Past," thrilled to the sadness of the "Piper's Lament," played by the United Empire Pipe Band; and finally left the enclosure to dying notes of the "Last Post."

There were no speeches only the atmosphere created to evoke for each man and woman in the vast crowd the sadness and triumph of those four years of war. On the arrival of Lord Byng on the scene, at 2:30, the G. W. V. A. and Salvation Army bands played the National Anthem. Major H. I. Horsey, recited the Lord's Prayer, after which Father Desjardins, formerly chaplain of the 22nd Battalion, pronounced the benediction.

The Governor General placed the first wreath on behalf of the Government, then followed wreaths placed by the Speaker of the Senate on behalf of the Upper Chamber, and by the Speaker of the House of Commons on behalf of the Lower Chamber, by Mrs. G. D. Robertson, on behalf of the women of Canada, by Major Plant on behalf of Ottawa, and by representatives of various associations.

Judgment Verified.
