28 Th		5 46s	31
29 F	MICHAELMAS DAY.	5 56r	1 38
30 S	<i>Wind and Rain.</i>	5 43s	2 45

At the destruction of Callao by an earthquake, only one of the inhabitants was saved, and he by a providence the most extraordinary. This man was on the fort that overlooked the harbour, going to strike the flag, when he perceived the sea retired to a considerable distance; and then swelling mountain high, it returned with great violence. The people ran to their houses in terror; he heard a cry of *miserere* rise from all parts of the city, and immediately all was silent; the sea had entirely overwhelmed it, and buried it in its bosom; but the same wave that destroyed it, drove a little boat by the place where he stood, into which he threw himself and was saved.

SALVE FOR HORSES, &c.—The best healing compound ever discovered for the perfect and rapid cure of Wounds, Sores, Cuts, Bruises, &c. in horses or cattle is the Carbolic Salve, described in full on page 14; the parts affected need only to be carefully washed with Carbolic Soap and warm water, then apply the Salve, when the healing process immediately commences and is rapidly completed. For washing Horses, Cattle, or Dogs, the Carbolic Soap is proved to be superior to Castile or any other kind. Both these articles, the Victoria Carbolic Salve and Victoria Carbolic Soap, are kept by every Druggist in the Kingdom. Note the name, *Victoria Carbolic Salve*.

1876. OCTOBER. 31 days.

30 M	<i>Bright.</i>	4 53s	3 50
31 Tu	Hallow Eve.	6 36r	5 03

The average duration of life throughout the globe is thirty-three years. One-fourth of its population dies before the seventh year, and one-half before the seventh. Out of 10,000 persons only one reaches his hundredth year, only one in 500 his eightieth; and only one in 100 his sixty-fifth.

THE VICTORIA BUCHU AND UVA URSI.

Is a Positive and Specific Remedy for all Irritation or Inflammation of the Bladder or Kidneys, Diseases of the Urinary Organs, Female Complaints, Dropsical Swellings, Weaknesses produced by Dissipation or Indiscretion, &c., &c.; and has in every case produced the most salutary results, and given unequivocal satisfaction. See page 17 for further particulars.

To Prevent Contagion in Cattle, use the Victoria Carbolic Disinfectant.

This DISINFECTANT is a sure Preventive of Typhus and Typhoid Fevers, Cholera, Small-pox, and all other infectious diseases.

It is also invaluable for Disinfecting Water Closets, Drains, Cesspools, Stables, Slaughter Houses, Piggeries, Manure Heaps, Out-houses, Foul Cellars, and Close Places, &c., and for destroying noxious effluvia from whatever cause arising.
