Tomorrow's PEOPLE OF AFFAIRS...

Today's students are tomorrow's citizens . . . and good citizens are responsible people-people who handle their affairs right.

One practical way to develop good citizensnip is by the regular saving of money. Though he may not be able to save much, every student should have his own bank account; it establishes habits and connections of incalculable value in later life.

If you have not already a connection with the Bank, your account will be very welcome at this office.
