deeply interested I am in your life and work.  
I admire quite beyond words your brave stand for  
principle, and I am perfectly certain that all  
you have been called upon to endure for the sake  
of conscience will only help to enhance the great  
service you have already rendered your fellowmen.  
I most earnestly hope that the opportunities of  
this service will continue to widen vastly  
throughout the years.

With every good wish,  
Believe me,  
Yours very sincerely,
