MEMORANDUM FOR THE PRIME MINISTER

Mr. McCarthy called me from Toronto this morning. He said Colonel Frank Knox had had a great reception and had done a great job. He thought it was almost the best meeting he had ever attended in Toronto. Mr. McCarthy is planning to go back to Washington tomorrow night, unless you particularly want him to come to Ottawa before your departure. He said the principal question he wants to discuss with you is his own position, and this he can defer until after your return.

I told him that next week promised to be an extremely busy one for you, and that I thought he could safely stick to his plans for returning to Washington tomorrow.
