

From W. J. ALEXANDER, B.A., PH.D., Professor of English, University College.

I HAVE no such adequate and direct knowledge of Mr. Milner's scholarship and success as a teacher as would justify me in testifying to his fitness in these respects for the Latin chair, but the relations existing between us as colleagues on the same Faculty and as members of the Board of Departmental Examiners, as well as my personal intercourse with Mr. Milner, enable me to speak as to qualifications of a more general character.

Mr. Milner's views on educational matters have seemed to me eminently sound, and based on an extended acquaintance with educational conditions in Ontario. I believe him to be a man of high character, good sense, and cultivated mind. Mr. Milner possesses breadth, literary taste and knowledge of English literature, qualifications which seem to me of great importance for the most fruitful teaching of Latin, and frequently lacking in classical scholars.

UNIVERSITY COLLEGE,
July 10th, 1895.

From WM. SAUNDERS, F.R.S.C., F.L.S., F.C.S., Director of the Dominion Experimental Farms.

HAVING been acquainted with Mr. W. S. Milner for the past twelve years, it is with pleasure that I avail myself of this opportunity to bear testimony to his high character as a gentleman and a scholar.

From the satisfaction he has given in the important positions he has already filled in Canada and the United States, and from the high esteem in which his pupils hold him, I feel sure that his work as a teacher is characterized by unusual ability and earnestness.

If appointed to the Professorship of Latin in the University of Toronto, he would, in my opinion, fulfil the duties of the position with great credit to himself and to the institution.

EXPERIMENTAL FARM,
Ottawa, June 22, 1895.
