"I believe it to be the only means of getting around the shortage of help. I used to keep a man by the year, and a second one for harvest but now I have only help by the day for harvest. I NEVER KNEW THERE WAS ANY ACTUAL PLEASURE IN FARMING TILL I GOT THE AVERY TRACTOR OUTFIT. It does all my heavy work, also cutting, sawing, chopping and threshing, etc. Have sold two horses." B. ROBERTS.

"My Avery Tractor is operated by a fifteen-year-old lad with splendid results. When buying a tractor keep away from all the pumps and small working parts as much as possible. Buy an Avery and you are not far out—YOU HAVE AN ENGINE WHEN you want one."
