

MILK CANS ROB YOU

Look through a microscope at milk set to cream in pans or cans and you'll see how they rob you. You'll see the caseine—the cheese part—forming a spider web all through the milk. You'll see this web growing thicker and thicker until it forms solid curd. How can you expect all the cream to rise through that? It can't. This

caseine web catches a third to half the cream. You stand that loss just as long as you use pans or cans for they haven't enough skimming force to take out all the cream. But, just the minute you commence using Sharples Dairy Tubular Cream Separator, you stop that loss.

Sharples Dairy Tubular Cream Separators have 10,000 times more skimming force than pans or cans, and twice as much as any other separator. They get all the cream—get it quick—get it free from dirt and in the best condition for making Gilt Edge Butter. Caseine don't bother the Tubular. The Tubular is positively certain to greatly increase your dairy profits, so write at once for catalog I-196 and our valuable free book, "Business Dairying."

Crazy people never act together, declares the superintendent of a large asylum for the insane, quoted in The Medical Times (New York, April). "If one inmate attacks an attendant, as sometimes happens, the others would look upon it as no affair of theirs and simply watch it out. The moment we discover two or more inmates working together, we would know they were on the road to recovery." It is on this account that there are so few concerted mutinies in insane asylums; so that the number of attendants does not have to be large.

Scotch Shorthorns Claretis, Stamfords, English Ladys, Mildreds, Nonpareils. Present offerings by Springhurst 44864 and Mildred's Royal. Prices moderate. F. W. EWING, Salem P.O., Elora Station.

A young woman settlement worker who is well known in Boston's social circles observed that one of her proteges had a "black eye," and, guessing its source, she wished to be sympathetic, and said, kindly, after speaking of the woman's eye: "Never mind. Mrs. Mc—, everything will be all right. Your troubles might be worse."

"Sure, it might be worse," answered the woman, philosophically. "I might be like yourself, Miss, with no husband at all."
