R. H. LEAR & CO.,

19 and 21 Richmond St. West.

Canada gets it, too!

Five years ago an English scientist discovered
a method of making a weather and waterproof
paint. Large factories for its manufacture were
soon established in Australia, Mexico and in the
United States. A number of enterprising Toron-
tonians last year recognizing its merit, bought
the Canadian patent and have opened a factory
in this city, at 122 and 124 Richmond street east.
The paint has wonderful wearing qualities, is
exceedingly adhesive and finishes with a gloss
almost equal to varnish. On wood-work, iron,
brick or plaster it works equally well. It does
not crack, blister or peel. Canvas and muslin
painted with it hold water and still retain their
pliability. It is made in all colors and prices as
low as is consistent with a first-class paint. Its
great covering capacity makes it the cheapest
paint on the market. It is a really good article
and may be had from the
